

Correction to “5-Hydroxylation of omeprazole by human liver microsomal fractions from Chinese populations related to *CYP2C19* gene dose and individual ethnicity”

In the above article [Shu Y, Wang L-S, Xu Z-H, He N, Xiao W-M, Wang W, Huang S-L and Zhou H-H (2000) *J Pharmacol Exp Ther* **295**:844–851], the authors regret that the y-axis of Fig. 3B (page 848) and Fig. 4B (page 848) is incorrectly labeled “% inhibition of OP 5-hydroxylation”. The correct label is “% inhibition of OP sulfoxidation”.
