

Correction to “The β -Blocker Carvedilol and Related Aryloxypropanolamines Promote ERK1/2 Phosphorylation in HEK₂₉₃ Cells with K_A Values Distinct From Their Equilibrium Dissociation Constants as β_2 -Adrenoceptor Antagonists: Evidence for Functional Affinity”

In the above article [Hamed O, Jayasinghe V, and Giembycz M (2024) *J Pharmacol Exp Ther* **388**:688–700; DOI: <https://doi.org/10.1124/jpet.123.001920>], part of the third sentence of the second paragraph of the Introduction was missing, due to a compositor error.

The full sentence is: “However, several drugs within this class also exhibit *efficacy* with profiles that can be complex (Baker et al., 2011).”

The HTML and PDF versions of the article have been corrected.

The compositor apologizes for any inconvenience this may have caused.
