Volume 312 Number 3 July 1980

Contents

P. Slater, C. Blundell: The Effects of Intraventricular 6-Hydroxydopamine and 5,6-Dihydroxytryptamine on Morphine Induced Locomotor Stimulation 219

R. Langwiński, J. Niedzielski: Narcotic Analgesics and Stereotyped Behaviour in Mice 225

G. Nisticò, M. O. Carruba, D. Rotiroti, F. Naccari: Enhanced Behavioural, Electrocortical and Hyperthermic Effects of Serotonin-Like Agents after Impairment of Serotonin Transmission in Fowl Brain 229

C. J. Carter, C. J. Pycock: 5,7-Dihydroxytryptamine Lesions of the Amygdala Reduce Amphetamine- and Apomorphine-Induced Stereotyped Behaviour in the Rat 235

E. J. Marco, G. Balfagón, J. Marín, B. Gómez, S. Lluch: Indirect Adrenergic Effect of Histamine in Cat Cerebral Arteries 239

T. Simmet, U. Förstermann, B. A. Peskar: Effect of Exogenous and Endogenous Prostacyclin on the Contractility of Rabbit Splenic Capsular Smooth Muscle 245

H. Bigalke, E. Habermann: Blockade by Tetanus and Botulinum A Toxin of Postganglionic Cholinergic Nerve Endings in the Myenteric Plexus 255

V. Erspamer, G. Falconieri Erspamer, G. Improta, L. Negri, R. de Castiglione: Sauvagine, a New Polypeptide from *Phyllomedusa sauvagei* Skin. Occurrence in Various *Phyllomedusa* Species and Pharmacological Actions on Rat Blood Pressure and Diuresis 265

J. H. Caldwell, P. B. Caldwell, J. W. Murphy, C. W. Beachler: Intestinal Secretion of Digoxin in the Rat. Augmentation by Feeding Activated Charcoal 271

S. Kawazu, A. Sener, E. Couturier, W. J. Malaisse: Metabolic, Cationic and Secretory Effects of Hypoglycemic Sulfonylureas in Pancreatic Islets 277

D. Perrissoud, I. Weibel: Protective Effect of (+)Cyanidanol-3 in Acute Liver Injury Induced by Galactosamine or Carbon Tetrachloride in the Rat 285
