CONTENTS

The Inhibitory Effect of Propranolol Pretreatment on Its Own Metabolism in the Rat. D. W. Schneck and J. F. Pritchard

Cholinergic and Alpha Adrenergic Augmentation of Histamine-Induced Contraction of Canine Airway Smooth Muscle. Alan R. Leff and Nilda M. Munoz

Adrenergic Beta Receptors Mediating Submandibular Salivary Gland Hypertrophy in the Rat. George M. Brenner and R. Gary Wulf

Effects of Intraventricular Morphine and Enkephalins on Locomotor Activity in Nondependent, Morphine-Dependent and Postdependent Rats. Linda S. Brady and Stephen G. Holtzman

Metabolism of 6-Thiopurines. I. Irreversible Binding of a Metabolite of 6-Thiopurine to Mammalian Hepatic Protein in Vitro. Richard M. Hyslop and Ian Jardine

Metabolism of 6-Thiopurines. II. Covalent Binding of a 6-Thiopurine Metabolite to Mammalian Tissue Protein in Vitro. Richard M. Hyslop and Ian Jardine

Substituted Piperazines as Central Serotonin Agonists: Comparative Specificity of the Postsynaptic Actions of Quipazine and m-Trifluoromethylphenylpiperazine. Ray W. Fuller, Harold D. Snoddy, Norman R. Mason, Susan K. Hemrick-Luecke and James A. Clemens

Cyclic AMP Agonist Inhibition Increases at Low Levels of Histamine Release from Human Basophils. Ronald S. Tung and Lawrence M. Lichtenstein

Protective Effects of Diltiazem during Myocardial Ischemia in Isolated Cat Hearts. Larry R. Bush, Yuk-ping Li, Marshal Shlafer, Stanley R. Jolly and Benedict R. Lucchesi

Studies on the Hypotensive Response to Atropine in Hypertensive Rats. Shlomo Abraham, Elinor H. Cantor and Sydney Spector

A Relationship between Alcohol Intoxication and the Disordering of Brain Membranes by a Series of Short-Chain Alcohols. Robbe C. Lyon, Janet A. McComb, Jolanda Schreurs and Dora B. Goldstein

Histamine H-2 Receptor Stimulation and Inhibition of Pepsin Secretion in the Dog. B. I. Hirschowitz, J. Rentz and E. Molina

Additive Nephrotoxicity of Cephalosporins and Aminoglycosides in the Rabbit. Jean-Pierre Benirdjian, Donald J. Prime, Marc C. Browning, Chieh-Yin Hsu and Bruce M. Tune

Renal Tubular Transport of a Polar Cardiac Glycoside, ASI-222, in Rats; Clearance and Micropuncture Studies. Michael L. Kauker, Clinton B. Nash and R. William Caldwell

Comparison of Ethanol and Barbiturate Physical Dependence. Michiko Okamoto, Donald J. Hinman and Laura M. Aaronson

Cholinergic Activation Produces Psychosomatic Digitalis Toxicity. Norman A. Cagin and Benjamin H. Natelson
