

The editor of The Journal of Pharmacology and Experimental Therapeutics wishes to express appreciation to the following colleagues who acted as Guest Editors for Specific Fields in 1982:

Martin W. Adler
Lewis Aronow
Desmond J. Baggot
E. Benjamini
Harvey Berman
John A. Bevan
Floyd E. Bloom
Herbert L. Borison
Ernest Bueding
Milos Chvapil
Brenda K. Colasanti
John Eisele, Jr.
Thomas E. Eling
Maurice B. Feinstein
James A. Ferrendelli
Richard A. Freedland
Ray W. Fuller
Robert George
Frank R. Goodman
Theodore E. Gram
Jack P. Green

T. Kendall Harden
Jordan L. Holtzman
Jerry B. Hook
Akira Horita
Michael J. Hosko
Louis Ignarro
Robert M. Joy
Keith F. Killam, Jr.
Harvey J. Kupferberg
Guy C. LeBreton
Louis Levy
Alan J. Lewis
Peter Lomax
K. U. Malik
Gilbert J. Mannering
Tag E. Mansour
William R. Martin
Gilbert H. Mudge
John C. McGiff
D. E. McMillan
Joseph J. McPhillips

Alberto Nasjletti
James W. Putney, Jr.
Arthur Raines
Robert E. Ruffolo, Jr.
John W. Severinghaus
David Shand
Charles B. Smith
Roger D. Speakman
Donald Speer
Frank G. Standaert
Larry G. Stark
Thomas R. Tephly
C. Gordon Van Arman
Elliot S. Vesell
I. M. Weiner
Norman Weiner
Theodore C. West
Thomas C. Westfall
Wallace D. Winters
Ben G. Zimmerman

Additionally, sincere thanks are due to 593 of our colleagues not on the Editorial Advisory Board who reviewed articles for the Journal in 1982.

INDEX

Volume 225, April-June, 1983

- Aaronson, L., *see* Okamoto, M., 589
- 4-Acetamido-4'-isothiocyanostilbene-2,2'-disulfonic acid, effect on pH and bicarbonate concentration in thyroid (turtles), 17
- Acetaminophen, effect of pregnancy on, pharmacokinetics of (rats), 653
- Acetazolamide, effect on pH and bicarbonate concentration in thyroid (turtles), 17
- Acetylcholine
effect on raphe-spinal tract cells (monkeys), 637
effects of inhibitors of arachidonic acid metabolism and calcium entry on responses of isolated saphenous vein to (dogs), 720
effects on coronary arteries (dogs), 764
-induced depolarization of ganglion cell membrane, effect of N-ethylmaleimide on (frogs), 564
turnover rate in hippocampus, effect of muscimol (rats), 361
- Acetylcholinesterase, from striatum, inhibition by phencyclidine (rats), 332
- Ackerman, N. R., Jubb, S., Trimble, B., Marlowe, S., Miram, L. and Maloney, P.: Divergent effects of suramin on *in vitro* and *in vivo* assays of cartilage degradation, 243
- Adler, M. W., *see* Geller, E. B., 391
- Adrenal medulla, central and peripheral effects of clonidine on function of (rats), 191
- Adrenergic blocking drugs, *beta*, potential nitrosatability during dissolution in the stomach (man), 705
- Adrenergic properties, of N-isopropyl-octopamine (guinea pigs, rabbits), 553
- Adrenergic response, *alpha*, of Down's syndrome platelets (man), 584
- Adrenoceptor agonists, *alpha*-2, re-evaluation of selectivity (rats), 407
- Adrenoceptors (*see also* Adrenergic Receptors)
alpha, blockade by prazosin (rats), 442
beta, subtypes in airway smooth muscle, characterization by radioligand binding and physiological responses (dogs), 456
beta-2, stimulation by M-7 (rats), 407
- AF64A-induced inhibition of cholinergic transmission (cats), 616
- Agonists
adrenergic, loss of ornithine decarboxylase response to (rats), 50
mu, *delta*- and *kappa*-opiate, cardiovascular and respiratory effects (rats), 735
opiate, binding in brain (rats), 234
- Akera, T., *see* Temma, K., 670
- Alexander, K. L., *see* Little, H. J., 206
- Alloxan-induced diabetes, effect on isolated heart responsiveness to carbachol (rats), 410
- N-allylnormetazocine
discriminative stimulus properties (rats), 144
reinforcing properties, comparison with phencyclidine (monkeys), 522
- γ -Aminobutyric acid, effect on benzodiazepine receptor subtypes in brain (rats), 132
- Aminophylline
effect on antigen- and calcium ionophore-induced contraction of trachea (guinea pigs), 427
inhibition of saline-induced renal vasoconstriction by (dogs), 611
- 4-Aminopyridine, pharmacokinetics and pharmacodynamics (dogs), 351
- Ammonium chloride, antagonism of clostridial neurotoxins by (mice) 546
- Amobarbital, structure-pharmacokinetics of (rats), 752
- Amphetamine
-induced locomotion, antagonism by fluphenazine- and trifluoperazine - N - oxides (rats), 539
-induced release of norepinephrine from superior cervical ganglia, effect of xylamine on (rats), 623
- d*-Amphetamine
behavioral effects (rats), 503
-induced locomotor activity, effect of neurotensin on (rats, mice), 337
in vivo and *in vitro* effects after ethanol administration (rats), 694
- Amygdaloid kindled seizures, effects of haloperidol-induced dopamine receptor supersensitivity on (rats), 70
- Anderson, R. A., Jr., *see* Willis, B. R., 470
- Anderson, R. A., Jr., Willis, B. R., Oswald, C. and Zaneveld, L. J. D.: Ethanol-induced male infertility: Impairment of spermatozoa, 479
- Anderson, W. G.: Sympathomimetic activity of N-isopropyl-octopamine *in vitro*, 553
- Angiotensin II
biphasic blood pressure response to, relation to prostaglandins (rabbits), 559
in brain, effect on salt appetite (rats), 416
role in limiting the hypotensive effect of prazosin (rats), 442
- Antagonists, opiate, binding in brain (rats), 234
- Antiarrhythmic activity, effect of PK 10139 on (dogs), 158
- Antiarrhythmic drugs, effect on cardiac Purkinje fibers (dogs), 176
- Antibiotics, efficacy against *Vibrio vulnificus* infection (mice), 595
- Antigen-induced contraction of trachea, effects of bronchodilators on (guinea pigs), 427
- Antithrombotic activity, potentiation by ethyl alcohol (mice), 57
- Antithrombotic agents, evaluation, a simple method of (mice), 57
- Anwer, M. S. and Hegner, D.: Sodium and chloride dependency of dibucaine- and procaine-induced cholelithiasis in isolated perfused rat livers, 284
- Aomine, M., *see* Imanishi, S., 198
- Apomorphine
behavioral effects (rats), 503
-induced inhibition of dopamine synthesis, effect of tetrabenazine on (rats), 515
-induced stereotypy, antagonism by fluphenazine- and trifluoperazine - N - oxides (rats), 539
- Arita, M., *see* Imanishi, S., 198
- Arteries
cerebral, characterization of histamine receptors in (cats), 168
large and small coronary, effects of acetylcholine on (dogs), 764
- Artery
basilar, nifedipine actions on smooth muscle cells and neuromuscular transmission in (guinea pigs), 447
tail, *alpha*-2 adrenoceptors on, binding of [³H]clonidine (rats), 599
- Arthritis, adjuvant, effect of suramin on (mice, rabbits, rats), 243
- L-Asparaginase, immobilized, use in acrylic microparticles in an extracorporeal hollow-fiber dialyzer (sheep), 164
- Aspartic acid, release from brain, stimulation by kainic acid (mice, rats), 399
- Atkinson, A. J., *see* Frederiksen, M. C., 355
- Atropine, effect on gastric secretion, gastrin release and heart rate (dogs), 263
- Autoradiography, film, of opiate agonist and antagonist binding in brain (rats), 234
- Ba⁺⁺-induced automaticity, effect of SG-75 on (dogs), 198
- Bacitracin, inhibition of muscarinic receptor-mediated desensitization in ileal smooth muscle by (guinea pigs), 534
- Bailey, J. C., *see* Nattel, S., 176
- Bailey, J. R., *see* Slikker, W., Jr., 138
- Bailie, M. D., Donoso, V. S. and Porter, T. M.: Urinary excretion of renin in the dog: Effect of changes in plasma renin, 366
- Balster, R. L., *see* Slifer, B. L., 522
- Barbital, structure-pharmacokinetics of (rats), 752
- Barbiturates (*see also* specific name)
structure-pharmacokinetics of (rats), 752
withdrawal, comparison of effects of diazepam on (cats), 589
- Barnes, P. J., Nadel, J. A., Skoogh, B.-E. and Roberts, J. M.: Characterization of *beta* adrenoceptor subtypes in canine airway smooth muscle by radioligand binding and physiological responses, 456
- Baroreceptor reflex, induced by angiotensin II, enhanced by prazosin (rats), 442
- Barr, E., *see* Leslie, S. W., 571
- Beaumont, K., *see* Nemeroff, C. B., 337
- Beerman, B., *see* Odland, B., 742
- Behavior
comparison of buprenorphine

- and methadone effects on opiate self-administration (monkeys), 378
- conditioned, neonatal under-nutrition alters effects of morphine on (rats), 1
- discriminative stimulus properties of N-allylnormetazocine (rats), 144
- disruption of brightness discrimination in a shock avoidance task by phencyclidine (rats), 503
- effect of morphine on responses and disposition of phencyclidine (mice), 325
- effect of phencyclidine on acetylcholine release from striatum (rats), 332
- effects of morphine, meperidine and normeperidine, modification by naloxone and morphine tolerance (monkeys), 275
- extinction of food-reinforced lever press response by muscimol (rats), 361
- interactions of neurotensin with brain dopamine systems (rats, mice), 337
- operant, suppression by lysergic acid diethylamide, antagonism by mianserin (rats), 77
- reinforcing properties of phencyclidine, N-allylnormetazocine and cyclazocine (monkeys), 522
- schedule-controlled, effects of cocaine and a phenyltropane analog on (monkeys), 509
- schedule-controlled, tolerance to phencyclidine (pigeons), 646
- Bend, J. R., *see* Jones, K. G., 316
- Benzo(a)pyrene, clearance by isolated liver and lung, effect of 3-methylcholanthrene (rats), 121
- Bethanechol-stimulated acid and pepsin secretion, effects of pirenzepine and atropine on (dogs), 263
- Bicarbonate concentration, in cells and luminal fluid of thyroid, effects of thyrotropin and drugs on (turtles), 17
- Bile flow, effects of dibucaine and procaine on (rats), 284
- Billings, R. E.: Sex differences in rats in the metabolism of phenytoin to 5-(3,4-dihydroxyphenyl)-5-phenylhydantoin, 630
- Binding
- firm, of N-isopropylloctopamine to β receptors (guinea pigs, rabbits), 553
- of [3 H]clonidine to arterial smooth muscle (rats), 599
- of [3 H]ouabain to isolated atrial muscle (guinea pigs), 660
- of [3 H]spiperone to striatal membranes, inhibition by fluphenazine- and trifluoperazine-N-oxides (rats), 539
- radioligand, characterization of β adrenoreceptor subtypes in airway smooth muscle by (dogs), 456
- Binding sites, for Ro 5-4864 (rats), 61
- Blaker, W. D., Cheney, D. L., Gandolfi, O. and Costa, E.: Simultaneous modulation of hippocampal cholinergic activity and extinction by intraseptal muscimol, 361
- Blood, pharmacokinetics of chlorimipramine and desmethylchlorimipramine in (rats), 387
- Blood flow
- cerebral and myocardial, effects of nimodipine on (rabbits), 24
- coronary, effect of acetylcholine on (dogs), 764
- Blood pressure
- biphasic response to angiotensin II (rabbits), 559
- effect of clonidine on (rats), 191
- Blusztajn, J. K., *see* Zeisel, S. H., 320
- Boles, R. G., *see* Schoemaker, H., 61
- Bolger, G. T., Gengo, P., Klockowski, R., Luchowski, E., Siegel, H., Janis, R. A., Triggler, A. M. and Triggler, D. J.: Characterization of binding of the Ca⁺⁺ channel antagonist, [3 H]nitrendipine, to guinea-pig ileal smooth muscle, 291
- Bouetard, G., *see* Mestre, M., 158
- Bovine serum albumin, inhibition of hemolytic response to ferriprotoporphyrin IX and chloroquine by (man), 729
- Bowdre, J. H., Hull, J. H. and Cocchetto, D. M.: Antibiotic efficacy against *Vibrio vulnificus* in the mouse: Superiority of tetracycline, 595
- Brain (*see also* specific part)
- autoradiography of opiate agonist and antagonist binding in (rats), 234
- benzodiazepine receptors, binding sites for Ro 5-4864 (rats), 61
- cardiovascular and respiratory effects of μ -, δ - and κ -opiate agonists microinjected into (rats), 735
- dopamine receptors, blockade by tetrabenazine (rats), 515
- dopamine systems, interaction with neurotensin (rats, mice), 337
- dose-response effects of fenfluramine on concentration of serotonin, 5-hydroxyindoleacetic acid, norepinephrine and dopamine in (rats), 667
- effect of γ -aminobutyric acid on benzodiazepine receptor subtypes in (rats), 132
- inhibition by ethanol of calcium uptake into synaptosomes isolated from (rats), 571
- inhibition by fluphenazine- and trifluoperazine-N-oxides on
- trifluoperazine-N-oxides on [3 H]spiperone binding to (rats), 539
- kainic acid stimulates release of acidic amino acids from (mice, rats), 399
- pharmacokinetics of chlorimipramine and desmethylchlorimipramine in regions of (rats), 387
- Branch, R. A., *see* Gerkens, J. F., 611
- Bree, M. P., *see* Mello, N. K., 378
- Breese, G. R., *see* Nemeroff, C. B., 337
- Breimer, D. D., *see* De Leede, L. G. J., 181
- Breimer, D. D., *see* van der Graaff, M., 747
- 8-Bromo-cyclic GMP, relaxant effect on smooth muscle (guinea pigs, rats), 422
- Brown, B. and Churchill, P.: Renal effects of methoxyverapamil in anesthetized rats, 372
- Brunner, H. R., *see* Waeber, B., 442

 Cicero, T. J., Owens, D. P., Schmoeker, P. F. and Meyer, E. R.: Morphine-induced supersensitivity to the effects of naloxone on luteinizing hormone secretion in the male rat, 35
 Cimetidine, inhibition of impromidine-induced acid output by (man, dogs), 186
 Clara cells, isolated from β -naphthoflavone-treated lungs, xenobiotic metabolism in (rats), 316
 Clearance
 hepatic and pulmonary, of benzo(a)pyrene, effect of 3-methylcholanthrene (rats), 121
 of inulin, effect of furosemide on (dogs), 366
 of renin, effect of furosemide on (dogs), 366
 Clonidine, central and peripheral effects on adrenal medullary function (rats), 191
 [³H]Clonidine, binding on arterial smooth muscle (rats), 599
 Cocaine
 comparison with phenyltropic analog of stereoselective behavioral effects (monkeys), 509
 -induced locomotor activity, effect of neurotensin on (rats, mice), 337
 Cocchetto, D. M., *see* Bowdre, J. H., 595
 Collagen, effect on secretion of ATP (mice), 57
 Concanavalin A, inhibition of muscarinic receptor-mediated desensitization in ileal smooth muscle by (guinea pigs), 534
 Conditioning, classical, of nictitating membrane response, effects of scopolamine and methylscopolamine on (rabbits), 42
 Cook, J. A., *see* Butler, R. R., Jr., 94
