BEFORE YOU DO YOUR RESEARCH BE SURE YOU DO YOUR RESEARCH

You may already know Charles River is the world leader in supplying the highest-quality, most highly-documented animals for research. That includes our exclusive VAF/PLUS[®] animals. All of which undergo Increased Health Monitoring - the most extensive health and genetic testing in the industry.

You may also know that Charles River has the largest library of technical information anywhere (more than 40 years of industry knowledge). All available to you at no charge.

Most important though, Charles River is people. Professionals proud of our past achievements, but already working on tomorrow's. All rededicated to a company philosophy that says: Quality = Consistent Conformance to Customer Expectations.

To us, this means doing everything necessary to anticipate and meet your needs - and contribute to the success of your research project. In short, we want to be your research partner.

For more information please call 1-800-LAB-RATS. Or write Charles River Laboratories, 251 Ballardvale Street, Wilmington, MA 01887. It will be a wise investment of your research time.
