

## INDEX

Acetanilid, combinations of, with sodium bromide and with caffeine, Antipyretic and toxic effects of.....	200
— studies.....	222
Acetylarsenocholine and acetylphosphocholine, The pharmacological activity of, relative to acetylcholine.....	118
Acetylcholine, The pharmacological activity of acetylphosphocholine and acetylarsenocholine relative to.....	118
Acetyl-methyl-choline, Notes on.....	268
Acetylphosphocholine and acetylarsenocholine, The pharmacological activity of, relative to acetylcholine.....	118
Alcohol injected intravenously: effect of habituation on rate of metabolism...	82
Alcohols, Amino, of the ethanolamine and propanolamine type.....	419
Aldehyde and peroxide, The rate of production of anesthesia in mice by ether containing.....	235
Aldehydes, Homologous acids and, and some of their derivatives.....	354
Alkaloid, dendrobine the, of Chin-shih-hu, The pharmacological action of..	319
Alkaloids of fumaraceous plants, The pharmacological action of the.....	40
Alkylaryl ureas, Some unsymmetrical.....	152
Amino alcohols of the ethanolamine and propanolamine type.....	419
Analeptics, The relative efficiency of a series of, as antidotes to sublethal and lethal dosages of pentobarbital, chloral hydrate, and tribromethanol ("avertin").....	1
Anesthesia, ether, in rats, Sex variation in the ketonuria of.....	90
— in mice, The rate of production of, by ether containing aldehyde and peroxide.....	235
Antidotes, The relative efficiency of a series of analeptics as, to sublethal and lethal dosages of pentobarbital, chloral hydrate, and tribromethanol ("avertin").....	1
Antipyretic and toxic effects of combinations of acetanilid with sodium bromide and with caffeine.....	200
"Avertin" (tribromethanol), pentobarbital, and chloral hydrate, The relative efficiency of a series of analeptics as antidotes for sublethal and lethal dosages of.....	1
Barbiturates, Analysis of the duration of action of.....	62
—, Factors governing the distribution of.....	46
—, magnesium sulphate and morphine, Studies on ether dosage after pre-anesthetic medication with.....	24
—, Studies on.....	46
—, Studies on.....	62

Barbour, H. G., and Gilman, A. Cinchophen and para-methyl-phenyl cinchoninic acid ethyl ester (tolysin). A comparison of the effects of administration of each in rats.....	400
Barlow, O. W. The relative efficiency of a series of analeptics as antidotes to sublethal and lethal dosages of pentobarbital, chloral hydrate, and tribromethanol ("avertin").....	1
Bates, Robert W., and Riddle, Oscar. The preparation of prolactin.....	365
Bell's muscle—"muscles of the ureters," A study of the action of drugs on.....	412
Bismuth, State of, in body fluids and tissues.....	447
Blood sugar of the rabbit, The action of posterior pituitary hormone upon the.....	435
— velocity, Effect of dinitrophenol on.....	439
Body fluids and tissues, State of bismuth in.....	447
Bronchial spasm, experimental, of parasympathetic origin, Bronchodilator actions in.....	242
Bronchodilator actions in experimental bronchial spasm of parasympathetic origin.....	242
Brundage, John T., Gruber, Charles M., DeNote, Anthony, and Heiligman, Raymond. A comparison of the actions of dilaudid hydrochloride and morphine sulphate upon segments of excised intestine and uterus.....	430
Buck, Johannes S., Hjort, Axel M., deBeer, Edwin J., and Ide, Walter S. Some unsymmetrical alkylaryl ureas. Preparation, physical properties and hypnotic effects.....	152
Caffeine, Antipyretic and toxic effects of combinations of acetanilid with sodium bromide and with.....	200
Calderone, Frank A. Studies on ether dosage after pre-anesthetic medication with narcotics (barbiturates, magnesium sulphate and morphine).....	24
Calorigenic action of dinitrophenol in normal and thyroidectomized pigeons, The effect on temperature on the.....	173
Cameron, W. M., Pedden, J. R., and Tainter, M. L. Comparative actions of sympathomimetic compounds: Bronchodilator actions in experimental bronchial spasm of parasympathetic origin.....	242
Cardiac glucosides, The wash-out of, from the frog's ventricle.....	377
Chemotherapeutic action, On the mechanism of.....	179
— agents, Comparison of the binding of, by normal and resistant trypanosomes.....	179
Chen, A. Ling, and Chen, K. K. The pharmacological action of dendrobine, the alkaloid of Chin-shih-hu.....	319
Chen, K. K., and Chen, A. Ling. The pharmacological action of dendrobine, the alkaloid of Chin-shih-hu.....	319
Chin-shih-hu, dendrobine, the alkaloid of, The pharmacological action of.....	319
Chloral hydrate, pentobarbital and tribromethanol ("avertin"), The relative efficiency of a series of analeptics as antidotes for sublethal and lethal dosages of.....	1
Choline and certain of its analogues, A comparative study of.....	118
Chronaxie, Narcosis and the.....	72
Cinchophen and para-methyl-phenyl cinchoninic acid ethyl ester (tolysin).....	400
Codeine and morphine series, Methyl ethers of the.....	127

- Codeine, morphine and their derivatives, Studies of . . . . . 127  
 —, morphine and their derivatives, Studies of . . . . . 257
