

## INDEX

Acetanilid poisoning, Chronic, in albino rat .....	437
Acetyl- $\beta$ -methylcholine chloride (mecholy), Absorption of, by nasal mucous membrane .....	413
Acetylcholine, Effect of regular injections of, upon choline-esterase activity of serum .....	29
Adrenal cortex extract in canine anaphylactic shock .....	359
Adrenals, of cat, Action of potassium chloride and of calcium chloride on .....	284
Age and sex, Influence of, on repeated administration of sodium pentobarbital to albino rats .....	68
Agricola, W. R., and Stanton, E. J. Chronic acetanilid poisoning in albino rat. Experimental study of addiction and tolerance .....	437
Aiazzi-Mancini, M., and Donatelli, L. Action of strychnine and ethyl strychnine on normal and disturbed respiratory function .....	304
Alcohol, ethyl, Duration of acquired tolerance to .....	249
Ambrose, A. M., and Haag, H. B. Studies on physiological effect of diethylene glycol. II. Toxicity and fate .....	93
Analgesia produced by nitrous oxide, ethylene and cyclopropane in normal human subject .....	291
Anaphylactic shock, canine, Adrenal cortex extract in .....	359
Anemia, hypochromic, Preparation of ferrous gluconate and its use in treatment of, in rats .....	182
Anesthesia and liver damage .....	1
—, morphine-sodium isoamylethylbarbiturate, Pharmacodynamic reactions of intracisternal sodium amytal, coramine, metrazol, and picrotoxin during .....	43
Anesthetics, Local, derived from alkaloid cytisine .....	401
Arsenic content and trypanocidal activity of cerebrospinal fluid after administration of arsenic compounds .....	157
Arsenical compounds, Absorption of tartar emetic and, by normal and resistant trypanosomes and its relation to drug-resistance .....	123
Arsenicals, Effects of, on <i>Trypanosoma cruzi</i> in tissue culture .....	424
Arterenol (dihydroxyphenol ethanolamine), Antisymphathomimetic action of dioxane compounds, with special reference to vascular responses to nerve stimulation and .....	317
— (dihydroxyphenyl ethanolamine) as possible sympathetic hormone .....	114
Barbiturates, Determination of, in blood and urine by new method .....	379
—, Quantitative study of, in cerebrospinal fluid .....	63
—, Study of cobalt color reaction for detection of .....	54
Bennett, J. H., Seevers, M. H., Pohle, H. W., and Reinardy, E. W. Analgesia	

- produced by nitrous oxide, ethylene and cyclopropane in normal human subject..... 291
- Blood, Determination of barbiturates in urine and, by new method..... 379
- , human, Solubility coefficients of cyclopropane for water, oils and..... 206
- , Toxic potentialities of continued administration of chlorate for tissues and..... 101
- Brenner, Charles. Note on action of dichloro-difluoro-methane on nervous system of cat..... 176
- Bromine compound, aliphatic, Nystagmic head deviation, selective action of. 253
- Bruger, Maurice, Van Dellen, Theodore R., and Wright, Irving S. Absorption of acetyl- $\beta$ -methylcholine chloride (mecholy) by nasal mucous membrane..... 413
- Brundage, John T., and Gruber, Charles M. Determination of barbiturates in blood and urine by new method..... 379
- Bulbocapnine, Some effects of, on peripheral vascular system..... 458
- Calcium chloride, Action of, and of potassium chloride on adrenals of cat... 284
- Calorigenic action of dinitrophenol, Influence of cold on..... 193
- Canine anaphylactic shock, Adrenal cortex extract in..... 359
- Card, John, and Newman, Henry. Duration of acquired tolerance to ethyl alcohol..... 249
- Cat, Action of dichloro-difluoro-methane on nervous system of..... 176
- , Action of potassium chloride and of calcium chloride on adrenals of..... 284
- Cats, Experiments on latency of strophanthidin emesis in..... 15
- Cerebrospinal fluid, Quantitative study of barbiturates in..... 63
- , fluid, Trypanocidal activity and arsenic content of, after administration of arsenic compounds..... 157
- Chamberlin, P. E., and Hall, V. E. Synergic calorigenic actions of epinephrine and dinitrophenol..... 451
- , Hall, V. E., and Crismon, J. M. Influence of cold on calorigenic action of dinitrophenol..... 193
- Chemotherapeutic action, Studies on: Absorption of arsenical compounds and tartar emetic by normal and resistant trypanosomes and its relation to drug-resistance..... 123
- Chlorate, Toxic potentialities of continued administration of, for blood and tissues..... 101
- Chloroform, Persistence of acquired type of atypical liver cell with observations on resistance of such cells to toxic action of..... 393
- Choline-esterase activity of normal and pathological human sera..... 34
- esterase activity of serum, Effect of regular injections of acetylcholine upon..... 29
- esterase, Study of..... 264
- Cobalt color reaction for detection of barbiturates, Study of..... 54
- Cold, Influence of, on calorigenic action of dinitrophenol..... 193
- Coramine, intracisternal, Pharmacodynamic reactions of, during morphine-sodium isoamylethylbarbiturate anesthesia..... 43
- Crismon, J. M., Hall, V. E., and Chamberlin, P. E. Influence of cold on calorigenic action of dinitrophenol..... 193

- Cyanohydrin, Pyruvic acid, as respiratory stimulant . . . . . 222
- Cyclopropane, Analgesia produced by nitrous oxide, ethylene and, in normal human subject . . . . . 291
- , Solubility coefficients of, for water, oils and human blood . . . . . 206
- Cytisine, alkaloid, Local anesthetics derived from . . . . . 401
- Decolin sodium, Effect of, upon intact intestine of non-anesthetized dog . . . . . 301
- De Eds, Floyd, and Wilson, Robert H. Nicotine toxicity. III. Effect of nicotine-containing diets on estrus cycle . . . . . 260
