

INDEX TO VOLUME VI

Abel, John J., and Turner, B. B. On the influence of the lymph hearts upon the action of convulsant drugs in cardiectomized frogs. II.....	91
Acid fuchsin, Convulsant action of, in cardiectomized frogs after removal of the anterior lymph hearts.....	83
Aconite, The action of.....	365
Action of aconite.....	365
— of <i>Amanita phalloides</i> and other <i>Amanitas</i> upon the frog's heart.....	195
— of camphor.....	345
— of camphor on the circulation (Proceedings).....	605
— of certain esters and ethers of choline, and their relation to muscarine.....	147
— of certain quaternary ammonium bases.....	417
— of chloroform.....	349
— of cholin.....	381
— of cinchonin, cinchonidin and quinine on the isolated uterus (Proceedings).....	602
— of conessine and holarrhenine, the alkaloids of <i>holarrhena congolensis</i> , and also of oxyconessine.....	305
— of cyanide.....	361
— of digitalis and strophanthus.....	395
— of digitalis on the T-wave of the electrocardiogram (Proceedings).....	606
— of drugs on the isolated pulmonary artery.....	13
— of epinephrin.....	339
— of ergot and its constituents, ergotoxin, and histamin.....	385
— of ether.....	401
— of hydrastis; its alkaloids hydrastin and berberin, and the derivatives hydrastinin and cotarnin.....	391
— of lactic acid.....	409
— of nicotin.....	369
— of phenol.....	377
— of pituitary extract.....	405
— of the so-called stomachics or bitters on the hunger mechanism.....	209
— of spartein.....	373
— of strophanthin upon suprarenal secretion.....	283
— of strychnin.....	331
<i>Amanita</i> , Further observations on fungi including species of.....	205
— <i>phalloides</i> and other <i>Amanitas</i> , The action of, upon the frog's heart..	195
Amberg, S., and Helmholtz, H. F. The fatal dose of various substances on intravenous injection in the guinea pig (Proceedings).....	595
American Society for Pharmacology and Experimental Therapeutics, Scientific proceedings of the.....	595
Analysis of the action of digitalis on the cardiac inhibitory center and on the cardiac muscles (Proceedings).....	598

- Antagonism, Quantitative observations on..... 439
- Anterior lymph hearts, Convulsant action of acid fuchsin in cardiectomized frogs after removal of the..... 83
- Arterial rings, Inhibitory action of certain drugs on the vaso-constriction produced by epinephrin, Demonstration by the use of..... 591
- Artificial cerebral circulation after circulatory isolation of the mammalian brain (Proceedings)..... 603
- Atophan and radium emanation, Uric acid concentration of the blood as influenced by..... 219
- Auer, J., and Gates, Frederick L. Some effects of adrenalin when injected into the respiratory tract of rabbits (Proceedings)..... 608
- Barbour, Henry G., and Prince, Alexander L. III. The control of the respiratory exchange by heating and cooling the temperature centers.... 1
- Berberin, The action of hydrastin and..... 391
- Bile, Toxicity of rattlesnake serum and..... 563
- Bitters, Action of the so-called stomachics or, on the hunger mechanism.. 209
- Blood, The condition of the sugar in the..... 45
- vessels, Direct action of lack of oxygen upon..... 73
- Boutwell, L. R., Peeler, J. O., and Greene, C. W. Analysis of the action of digitalis on the cardiac inhibitory center and on the cardiac muscles (Proceedings)..... 598
- Brooks, Clyde, and Heard, James D. Action of camphor on the circulation (Proceedings)..... 605
- Brown, E. D. Artificial cerebral circulation after circulatory isolation of the mammalian brain (Proceedings)..... 603
- Brush, Nathaniel H., and Ford, William W. Action of *Amanita phalloides* and other *Amanitas* upon the frog's heart..... 195
- and Ford, William W. Note on the properties of fungi gathered in France..... 191
- Burn, J. H. Action of conessine and holarrhenine, the alkaloids of *holarrhena congolensis*, and also of oxyconessine..... 305
- and Dale, H. H. Action of certain quaternary ammonium bases..... 417
- Camphor, The action of..... 345
- and lack of oxygen, Combined action of, upon the isolated mammalian heart..... 73
- Carlson, A. J., Van de Erve, J., Lewis, J. H., and Orr, S. J. Contributions to the physiology of the stomach. XVI. Action of the so-called stomachics or bitters on the hunger mechanism..... 209
- Cardiectomized frogs, Convulsant action of acid fuchsin in, after removal of the anterior lymph hearts..... 83
- Cardiectomized frogs, On the influence of the lymph hearts upon the action of convulsant drugs in..... 91
- Cash, J. Theodore, and Dilling, Walter J. Physiological action of the oil and seeds of *Croton Elliotianus* from British East Africa..... 235
- Chace, Arthur F., and Fine, Morris S. The uric acid concentration of the blood as influenced by atophan and radium emanation..... 219
- Chase, C. S., and Schlomovitz, B. H. A signal-magnet controller..... 561
- Chloroform, The action of..... 349

Cholin, The action of.....	381
Choline, Action of certain esters and ethers of, and their relation to muscarine.....	147
Cohn, Alfred E. Further report on the action of digitalis on the T-wave of the electrocardiogram (Proceedings).....	606
Combined action of camphor and lack of oxygen upon the isolated mammalian heart.....	73
Condition of the sugar in the blood.....	45
Conessine and holarrhenine, The action of.....	305
Contribution to the physiology of the stomach.....	209
Control of the respiratory exchange by heating and cooling the temperature centers.....	1
Convulsant action of acid fuchsin in cardiectomized frogs after removal of the anterior lymph hearts.....	83
Cotarnin, Action of hydrastin and.....	391
Crossed tolerance (Proceedings).....	601
Croton Elliotianus, Physiological action of the oil and seeds of, from British East Africa.....	235
Cushny, Arthur R. Quantitative observations on antagonism.....	439
— and Lieb, Charles C. On the pharmacology of the respiratory center. II.	451
Cyanide, The action of.....	361
Dale, H. H. Action of certain esters and ethers of choline, and their relation to muscarine.....	147
— and Burn, J. H. The action of certain quaternary ammonium bases..	417
Demonstration by the use of arterial rings of the inhibitory action of certain drugs on the vaso-constriction produced by epinephrin.....	591
Digitalis and Strophanthus, Action of.....	395
Dilling, Walter J., and Cash, J. Theodore. Physiological action of the oil and seeds of Croton Elliotianus from British East Africa.....	235
Direct action of lack of oxygen upon blood vessels.....	73
Distribution of solutions in cardiectomized frogs with destroyed or inactive lymph hearts (Proceedings).....	607
Diuresis, Influence of the vascular response on.....	123
Drugs, Influence of, on the human sensory threshold.....	527
Edmunds, Charles W. Some vasomotor reactions of the liver, with special reference to the presence of vasomotor nerves to the portal vein.....	569
— Some vasomotor reactions of the liver (Proceedings).....	606
Effect of CO ₂ upon convulsant action of acid fuchsin in frogs (Proceedings)	603
— of digitalis in experimental auricular fibrillation (Proceedings).....	597
— of homatropine on the vagus.....	473
Effects of adrenalin when injected into the respiratory tract of rabbits (Proceedings).....	608
— of chelidoniin on surviving organs (Proceedings).....	596
— of drugs upon the vessels of the pia mater and retina (Proceedings)....	597
— of the nitrite group.....	323
Epinephrin, Action of.....	339
—, Inhibitory action of certain drugs on the vaso-constriction produced by.....	591

Ergot and its constituents, ergotoxin, and histamin, The action of.....	385
Ergotoxin and histamin, The action of ergot and its constituents.....	385
Ether, The action of.....	401
Fatal dose of various substances on intravenous injection in the guinea pig (Proceedings).....	595
Fine, Morris S., and Chace, Arthur F. Uric acid concentration of the blood as influenced by atophan and radium emanation.....	219
Ford, William W. Further observations on fungi including species of Amanita, Inocybe, Volvaria, and Gyrophragmium.....	205
— and Brush, Nathaniel H. The action of Amanita phalloides and other Amanitas upon the frog's heart.....	195
— Note on the properties of fungi gathered in France.....	191
Fungi gathered in France, Note on the properties of.....	191
— including species of Amanita, Inocybe, Volvaria, and Gyrophragmium.....	205
Gates, Frederick L. A portable respiration machine furnishing continuous remittent and intermittent streams of air (Proceedings).....	611
— The appearance of hyalin casts in the urine of dogs following the intra-intestinal injection of magnesium sulphate (Proceedings).....	610
— and Auer, J. Some effects of adrenalin when injected into the respiratory tract of rabbits (Proceedings).....	608
Grace, C. M., McGuire, J. H., and Martin, E. G. The influence of drugs on the human sensory threshold.....	527
Githens, T. S., and Meltzer, S. J. Distribution of solutions in cardiectomized frogs with destroyed or inactive lymph hearts (Proceedings).....	607
Greene, C. W., Boutwell, L. R., and Peeler, J. O. An analysis of the action of digitalis on the cardiac inhibitory center and on the cardiac muscles (Proceedings).....	598
Gunn, John W. C. The influence of temperature on the action of strophanthin on the mammalian heart.....	39
Gyrophragmium, Further observations on fungi including species of Amanita, Inocybe, Volvaria and.....	205
Hale, Worth. The action of cinchonin, cinchonidin and quinine on the isolated uterus (Proceedings).....	602
Hanzlik, Paul J. The effects of chelidonin on surviving organs (Proceedings).....	596
Heard, James D., and Brooks, Clyde. The action of camphor on the circulation (Proceedings).....	605
Heart, Influence of temperature and concentration on the quantitative reaction of the.....	533
Helenin, Note concerning.....	413
Helmholz, H. F., and Amberg, S. The fatal dose of various substances on intravenous injection in the guinea pig (Proceedings).....	595
Hess, C. L. von, and McGuigan, Hugh. The condition of the sugar in the blood.....	45
Hirschfelder, Arthur D. Effect of digitalis in experimental auricular fibrillation (Proceedings).....	597
— Effects of drugs upon the vessels of the pia mater and retina (Proceedings).....	597
Histamin, Action of ergot and its constituents, ergotoxin, and.....	385

Holarrhean conglensis, Action of conessine and holarrhenine, The alkaloids of.....	305
Holarrhenine, The action of conessine and.....	305
Homatropine, Effect of, on the vagus.....	473
Homocholins and some of their derivatives, Some physiological actions of the.....	477
Hunger mechanism, Action of the so-called stomachics or bitters on the... 209	
Hunt, Reid. Some physiological actions of the homocholins and of some of their derivatives.....	477
Hyalin cast in the urine of dogs following the intra-intestinal injection of magnesium sulphate, Appearance of (Proceedings).....	610
Hydrastin and berberin, The action of.....	391
Hydrastin and cotarnin, The action of.....	391
Hydrastis, The action of.....	391
Hypoglycemia (Proceedings).....	604
Influence of drugs on the human sensory threshold.....	527
— of the lymph hearts upon the action of convulsant drugs in cardiectomized frogs.....	91
— of temperature and concentration on the quantitative reaction of the heart to ouabain.....	533
— of temperature on the action of strophanthin on the mammalian heart	39
— of various solvents upon the toxicity of thymol (Proceedings).....	599
Inocybe, Further observations on fungi including species of.....	205
Jackson, D. E. A note on the pharmacological action of opium alkaloids..	57
Joseph, Don R. The effect of CO ₂ upon the convulsant action of acid fuchsin in frogs (Proceedings).....	603
— On the convulsant action of acid fuchsin in cardiectomized frogs after removal of the anterior lymph hearts.....	83
Kidney, The vascular response of the, in acute uranium nephritis.....	123
Lactic acid, The action of.....	409
Lamson, Paul Dudley. Note concerning helenin.....	413
Lewis, J. H. Contributions to the physiology of the stomach.....	209
Lieb, Charles C., and Cushny, Arthur R. On the pharmacology of the respiratory center. II.....	451
Liver, Some vasomotor reactions of the.....	569
Lymph hearts, Influence of the, upon the action of convulsant drugs in cardiectomized frogs.....	91
McGuigan, Hugh. Hypoglycemia (Proceedings).....	604
—, and Hess, C. L. von. The condition of the sugar in the blood.....	45
McGuire, J. H., Martin, E. G., and Grace, C. M. The influence of drugs on the human sensory threshold.....	527
Macht, David I. Action of drugs on the isolated pulmonary artery.....	13
— Demonstration by the use of arterial rings of the inhibitory action of certain drugs on the vaso-constriction produced by epinephrin.....	591
MacNider, William deB. A study of the relative importance in the nephritic kidney of a responsive vascular mechanism, as compared with a functionally responsive epithelium in determining the efficiency of various diuretics (Proceedings).....	599

MacNider, William deB. The vascular response of the kidney in acute uranium nephritis—The influence of the vascular response on diuresis..	123
Mammalian heart, Combined action of camphor and lack of oxygen upon the isolated.....	73
— — —, The influence of temperature on the action of strophanthin on the.....	39
Martin, E. G., Grace, C. M., and McGuire, J. H. The influence of drugs on the human sensory threshold.....	527
Marshall, John, and Welker, William H. Toxicity of rattlesnake serum and bile with a note on the effect of bile on the toxicity of venom.....	563
Mechanism of the toxic action of the heavy metals on the isolated heart (Proceedings).....	602
Meltzer, S. J. and Githens, T. S. Distribution of solutions in cardiectomized frogs with destroyed or inactive lymph hearts (Proceedings).....	607
Mendenhall, W. L., Stingel, J. L., and Sollmann, Torald. Influence of temperature and concentration on the quantitative reaction of the heart to ouabain.....	533
Muscarine, Action of certain esters and ethers of choline, and their relation to.....	147
Myers, H. B. Crossed tolerance (Proceedings).....	601
— and Wallace, George B. Vascular reactions in poisoning with diphtheria toxin (Proceedings).....	601
Nicotin, The action of.....	369
Nitrite group, Effects of the.....	323
Opium alkaloids, A note on the pharmacological action of.....	57
Orr, S. J. Contributions to the physiology of the stomach.....	209
Ouabain, Influence of temperature and concentration on the quantitative reaction of the heart to.....	533
Oxyconessine, Action of conessine and holarrhenine, the alkaloids of <i>holarrhena congolensis</i> and also of.....	305
Peeler, J. O., Greene, C. W., and Boutwell, L. B. An analysis of the action of digitalis on the cardiac inhibitory center and on the cardiac muscles (Proceedings).....	598
Pharmacological action of opium alkaloids.....	57
Pharmacology of the respiratory center.....	451
Phenol, The action of.....	377
Physiological action of the oil and seeds of <i>Croton Elliotianus</i> from British East Africa.....	235
— actions of the homocholins and of some of their derivatives.....	477
Pilcher, J. D., and Sollmann, Torald. Studies on the vasomotor centre—	
I. The effects of the nitrite group.....	323
II. The action of strychnin.....	331
III. The action of epinephrin.....	339
IV. The action of camphor.....	345
V. The action of chloroform.....	349
VI. The action of cyanide.....	361
VII. The action of aconite.....	365
VIII. The action of nicotin.....	369

IX. The action of spartein.....	373
X. The action of phenol.....	377
XI. The action of cholin.....	381
XII. The action of ergot and its constituents ergotoxin, and histamin..	385
XIII. The action of hydrastis; its alkaloids hydrastin and berberin; and the derivatives hydrastinin and cotarnin.....	391
XIV. The action of digitalis and strophanthus.....	395
XV. The action of ether.....	401
XVI. The action of pituitary extract.....	405
XVII. The action of lactic acid.....	409
Pituitary extract, The action of.....	405
— extracts. Several factors involved in the standardization of (Proceedings).....	596
Portable respiration machine furnishing continuous remittent and intermittent streams of air (Proceedings).....	611
Prince, Alexander L., and Barbour, Henry G. III. The control of the respiratory exchange by heating and cooling the temperature centers.....	1
Properties of fungi gathered in France.....	191
Pulmonary artery. The action of drugs on the isolated.....	13
Quantitative observations on antagonism.....	439
Quarternary ammonium bases, The action of certain.....	417
Radium emanation, Uric acid concentration of the blood as influenced by atophan and.....	219
Rattlesnake serum and bile, The toxicity of.....	563
Reaction of hook-worm larvae to various chemicals (Proceedings).....	599
Respiratory center, On the pharmacology of the.....	451
— exchange, Control of the, by heating and cooling the temperature centers.....	1
Richards, A. N. A note on the combined action of camphor and lack of oxygen upon the isolated mammalian heart, with an observation upon the direct action of lack of oxygen upon blood vessels.....	73
— and Wood, W. G. The action of strophanthin upon suprarenal secretion.....	283
Roth, George B. The several factors involved in the standardization of pituitary extracts (Proceedings).....	596
