

## CONTENTS

## NUMBER 1, SEPTEMBER, 1940

- I. Cumulative Index of Volumes 41 to 60 Inclusive. . . . . 1

## NUMBER 2, OCTOBER, 1940

- II. The Actions of Methyl-Atropine Nitrate (Eumydrin). J. D. P. Graham and S. Lazarus . . . . . 165
- III. Changes in Blood Pigments Associated with the Prolonged Administration of Large Doses of Acetanilid and Related Compounds. Paul K. Smith. . . . . 171
- IV. A Pharmacological Study of A New Synthetic Antispasmodic, Benzyl  $\beta$ -Dimethylamino- $\alpha$ -Phenyl- $\alpha$ -Ethyl-Propionate Hydrochloride. Klaus Unna . . . . . 179
- V. Uterine Potentials. G. Balassa . . . . . 189
- VI. The Effects of Intravenous and Intraperitoneal Introduction of Polyvinyl Alcohol Solutions Upon the Blood. W. C. Hueper, J. W. Landsberg and L. C. Eskridge . . . . . 201
- VII. The Toxicity, Treponemicidal Activity, and Potential Therapeutic Utility of Substituted Phenylarsenoxides. II. Monosubstituted Phenylarsenoxides (Cl; NO<sub>2</sub>; CH<sub>3</sub>; C<sub>2</sub>H<sub>5</sub>OH; C(CH<sub>3</sub>):NOH; NH<sub>2</sub>, OH, CH<sub>2</sub>NH<sub>2</sub> and Derivatives). Harry Eagle, George O. Doak, Ralph B. Hogan and Harry G. Steinman. . . . . 211
- VIII. The Toxicity, Treponemicidal Activity, and Potential Therapeutic Utility of Substituted Phenylarsenoxides. III. Monosubstituted Compounds: Acids, Esters, Benzophenone, Methylsulfone. Harry Eagle, Ralph B. Hogan, George O. Doak and Harry G. Steinman. . . . . 221
- IX. Comparative Toxicity Studies of the Glucosides of Digitalis Lanata in the Pigeon, Cat and Dog, and Some Observations on the Influence of Anesthesia. J. J. Kaplan and M. B. Visscher . . . . . 228
- X. Detoxification of Digitalis in the Embryonic Chick Heart. George H. Paff . . . . . 235
- XI. A Comparison of Digoxin with K-Strophanthosid. J. M. Walker. . . . . 239

## NUMBER 3, NOVEMBER, 1940

- XII. The Histological Effects of Intra-neural Injections of Quinine Compounds. R. Salm. . . . . 245
- XIII. Studies on Purified Digitalis Glucosides. II. Potency and Dosage of Lanatoside C in Man. Nathaniel T. Kwit, Harry Gold and McKeen Cattell . . . . . 254
- XIV. Further Observations on the Influence of Dietary Protein on the Toxicity of Selenium. M. I. Smith and E. F. Stohlman. . . . . 270
- XV. Nikethamide (Coramine) and Water Balance. Eldon M. Boyd and J. D. Forde. . . . . 279
- XVI. The Effect of Cinnamylephedrine on Smooth Muscle. Fred H. Schultz. 283

|  |     |
|--|-----|
| XVII. Thiamine in the Treatment of the Morphine Abstinence Syndrome in Man. C. K. Himmelsbach.....   | 293 |
| XVIII. The Emptying Time of the Normal Human Stomach as Influenced by Sulfapyridine. David W. Northup and Edward J. Van Liere.....   | 297 |
| XIX. Reactions of Alcohol Tolerant Rabbits to Pentobarbital, Evipal, Ether, Amidopyrine and Metrazol. Raymond P. Ahlquist and James M. Dille.....  | 301 |
| XX. The Elimination of the Tapeworm <i>Hymenolepis Fraterna</i> from Mice by the Administration of Atabrine. James T. Culbertson.....  | 309 |
| XXI. The Toxicity, Anesthetic Potency and Some Pharmacological Actions of a New Local Anesthetic Beta-Diethylaminoethyl Ester of 4-Amino-1-Naphthoic Acid (Naphthocaine). Victor G. Haury, Charles M. Gruber and Miles E. Drake..... | 315 |
| NUMBER 4, DECEMBER, 1940   |     |
| XXII. Alkyl Nitrites. VI. A Contribution to the Mechanism of the Action of Organic Nitrates. John C. Krantz, Jr., C. Jelleff Carr, Sylvan E. Forman and Nellie Cone.....   | 323 |
| XXIII. The Sensitizing Effect of Thiamin for Acetylcholine. J. Byer and K. Harpuder.....   | 328 |
| XXIV. The Influence of Partial and Complete Hepatectomy on Methemoglobin Formation by Anilin and p-Aminophenol. George J. Scheff..   | 334 |
| XXV. The Cardiac Action of the Derivatives of Strophanthidin and Cymarin. K. K. Chen and Robert C. Elderfield.....   | 338 |
| XXVI. Interaction of Sympathomimetic Substances on Adrenergic Transmission. Chang-Shaw Jang.....   | 347 |
| XXVII. The Effect of Salicylates and Carvone on the Ascorbic Acid Content of Animal Tissues. Norton D. Ritz, Leo T. Samuels and Gertrude Admiss.....   | 362 |
| XXVIII. Effects of Continued Administration of Sulfanilamide on the Blood. Arthur P. Richardson.....   | 370 |
| XXIX. The Action of Syntropan on the Uterus. Byron B. Clark and E. B. S. Shires, Jr.....   | 378 |
| XXX. Further Studies on A-V Conductivity. R. S. Megibow and L. N. Katz.....  | 388 |
| XXXI. Studies on the Toxicity and Pharmacology of Vitamin B <sub>6</sub> (2-methyl-3-hydroxy-4,5-bis-(hydroxymethyl)-pyridine). Klaus Unna. With the Technical Assistance of Joseph Greslin.....                                     | 400 |
| XXXII. The Mechanism of the Depressant Action of Liver and Choline Hydrochloride upon Experimental Polycythemia. The Effect of Sodium Nitrite and Choline Derivatives on Polycythemic Dogs. John Emerson Davis.....                  | 408 |
| XXXIII. On the Source of the Cerebrospinal Fluid. The Distribution of Bromide and Iodide throughout the Central Nervous System. G. B. Wallace and B. B. Brodie. With the Assistance of Hubert Hecht and Joseph Chibnik.....          | 418 |
| XXXIV. The Action of Sulfanilamide on Tissues of Cold-Blooded Vertebrates (Frog Skin and Turtle Heart). T. Cunliffe Barnes.....  | 428 |
| XXXV. Rate of Disappearance of Pituitary Gonadotrophin from the Blood of Rabbits. J. M. Robson and A. I. S. MacPherson.....  | 433 |

CONTENTS

v

|   |     |
|---|-----|
| XXXVI. On the Biological Assay of the Oxytocic Activity of Pituitary Extract (Posterior Lobe). C. A. Morrell, M. G. Allmark and W. M. Bachinski .....         | 440 |
| XXXVII. Stimulant Effects of Ethyl Alcohol in Cortico-Hypothalamic Functions. Jules H. Masserman. With the Assistance of John Beal and Rosaltha Sanders ..... | 450 |
| XXXVIII. Morphine-Atropine Antagonism on Colon Motility in the Dog. Harry F. Adler and A. C. Ivy .....  | 454 |
| XXXIX. Index .....  | 461 |
