

CONTENTS

NUMBER 1, SEPTEMBER, 1946

I. The Response of Hypodynamic Myocardium to Known Concentrations of Cardiac Glycosides. Wallace F. White and William T. Salter.....	1
II. Comparison of Pressor Action of Aliphatic Amines. E. E. Swanson and K. K. Chen.....	10
III. Digitalis. III. The Relationship Between the Potency and Baljet Reaction of the Glycosides of Digitalis. Frederick K. Bell and John C. Krantz, Jr.....	14
IV. Studies on the Ocular Reactions of Rabbits to Di-Isopropyl Fluorophosphate. Roy O. Scholz, M.D.....	23
V. The Treatment of Di-Isopropyl Fluorophosphate (DFP) Poisoning in Rabbits. Bernard P. McNamara, George B. Koelle and Alfred Gilman..	27
VI. Antidotes to Poisoning by Di-Isopropyl Fluorophosphate in Cats. Walter Modell and Stephen Krop.....	34
VII. Synergisms and Antagonisms Between Physostigmine and Di-Isopropyl Fluorophosphate in Cats. Rudolf Koster.....	39
VIII. Pharmacological and Chemotherapeutic Properties of 3,4-Dimethyl-5-Sulfanilamido-Isoxazole. R. J. Schnitzer, R. H. K. Foster, N. Ercoli, G. Soo-Hoo, C. N. Mangieri and M. D. Roe.....	47
IX. The Direct Action of Prostigmine on Skeletal Muscle; Its Relationship to the Choline Esters. Walter F. Riker, Jr., and W. Clarke Wescoe.....	58
X. The Action of Physostigmine, Di-Isopropyl Fluorophosphate and Other Parasympathomimetic Drugs on the Rectus Muscle of the Frog. Ovidio Miquel.....	67
XI. The Effects of Several Local Anesthetics on the Resting Potential of Isolated Frog Nerve. A. L. Bennett and K. G. Chinburg.....	72
XII. The Biochemorphology of Nicotine. I. Observations on the Effect of Progressive Degradation of the Pyrrolidine Ring. P. S. Larson, J. J. Schwartz, J. K. Finnegan and H. B. Haag.....	82
XIII. The Metabolic Fate of Acetanilid and Other Aniline Derivatives. I. Major Metabolites of Acetanilid Appearing in the Urine. Leon A. Greenberg and David Lester.....	87
XIV. Arsine Poisoning; Mode of Action and Treatment. C. J. Kensler, J. C. Abels and C. P. Rhoads.....	99
NUMBER 2, OCTOBER, 1946	
XV. The Effect of Carbon Tetrachloride Induced Liver Injury upon the Acetylcholine Hydrolyzing Activity of Blood Plasma of the Rat. Ralph W. Brauer and Mary A. Root.....	109
XVI. The Pharmacology of Penicillic Acid. M. F. Murnaghan.....	119
XVII. Hemolytic Anemia as a Manifestation of Paraphenylene-Diamine Toxicity. John Emerson Davis.....	153
XVIII. The Antagonism of Tetraethylammonium against Heart Depressants. O. Loewi.....	136
XIX. The Relation of the Plasma Concentration of Quinacrine to Its Antimalarial Activity. E. K. Marshall, Jr., and Earl H. Dearborn.....	142
XX. Studies on the Pharmacology and Acute Toxicity of Compounds with Marihuana Activity. S. Loewe.....	154
XXI. The Correlation between Distribution of Antimony in Tissues and Chemotherapeutic Effect in Experimental Leishmaniasis. Alfred Gellhorn and H. B. van Dyke.....	162

XXII. Some Toxicological and Pharmacological Properties of Citrinin. Anthony M. Ambrose and Floyd DeEds.....	173
XXIII. A Comparison of Drug-Diet Therapy with Single Daily Oral Dosage in Avian Malaria. E. K. Marshall, Jr., and Earl H. Dearborn.....	187
XXIV. The Effect of Chloroform and Ether on the Activity of Cholinesterase. Ovidio Miquel.....	190
NUMBER 3, NOVEMBER, 1946	
XXV. An Application of the Dosimetric Method for Biologically Assaying Inhaled Substances. The Determination of the Retained Median Lethal Dose, Percentage Retention, and Respiratory Response in Dogs Exposed to Different Concentrations of Phosgene. Raymond E. Weston and Leonard Karel.....	195
XXVI. The Assay of the Renotrophic Activity of the Anterior Pituitary. Eleanor C. Hay, Ph.D.....	208
XXVII. Oxidation of Phenethylamine Derivatives by Amine Oxidase. Lowell O. Randall.....	216
XXVIII. Toxicity of Stabilizers for Concentrated Human Albumin Solutions. I. Production of Cardiac Arrhythmias in Cats by Sodium Salts of Caprylic and Related Fatty Acids. V. E. Hall and M. S. Waldman.....	221
XXIX. Protection of Cholinesterase against Irreversible Inactivation by Diisopropyl Fluorophosphate in Vitro. George B. Koelle.....	232
XXX. The Effect of Diisopropyl Fluorophosphate on Normal Human Eyes. Roy O. Sholz, M.D., and L. J. Wallen, M.D.....	238
XXXI. Nervous System Changes Produced in Dogs by Choline and Carbamyl Choline. John E. Davis and D. E. Fletcher.....	246
XXXII. The Prophylactic Effect of Hexamethylenetetramine in Dogs Exposed to High Concentrations of Phosgene. Leonard Karel and Raymond E. Weston.....	254
XXXIII. Comparative Study of Several Barbiturates with Observations on Irreversible Neurological Disturbances. Stephen Krop and Harry Gold.....	260
XXXIV. Protective Effect of Adrenolytic Drugs against Fatal Myocardial Epinephrine Concentrations. W. Raab, M.D. and R. J. Humphreys, B.S....	268
XXXV. Pharmacology and Chemistry of Substances with Cardiac Activity. IV. Effect of Methylaminoethanol, Dimethylaminoethanol, and Related Substances on the Isolated Mammalian Heart. Otto Krayer, Alfred Farah and Frederick C. Uhle.....	277
XXXVI. The Role of Hepatic Detoxification in p-Aminopropiophenone Induced Methemoglobinemia. Jay Tepperman and Oscar Bodansky.....	287
XXXVII. Metabolism of Trinitrotoluene (TNT) in Vitro. Ernest Bueding and Norman Jolliffe.....	300
XXXVIII. The Synergism Between the Barbiturates and Ethyl Alcohol. Helen Ramsey and H. B. Haag.....	313
NUMBER 4, DECEMBER, 1946	
XXXIX. The Inability of Vitamin B Complex as Liver Extract to Protect the Kidney against the Toxic Action of Uranium Nitrate. Wm. deB. MacNider.....	323
XL. Studies on DDT (2,2 bis-parachloro phenyl-1,1,1, trichloroethane): Effects on oxidative metabolism. Walter F. Riker, Jr., Virginia R. Huebner, Sigwin B. Raska & McKeen Cattell.....	327
XLI. Effect of Oral Administration of DDT on the Metabolism of Glucose and Pyruvic Acid in Rat Tissues. Bernard J. Jandorf, Herbert P. Sarett and Oscar Bodansky.....	333
XLII. Observations on the Effects of Trimethyl Phosphate upon Experimental Animals. Wm. B. Deichmann and S. Witherup.....	338

CONTENTS

v

XLIII. On the Anticonvulsant Activity of Various Nitrogen Heterocycles: I. Alkylthioetherbarbiturates and II. Phenylalkylthiomethylhydantoins. Raymond L. Cahen.....	343
XLIV. Studies with Tetrazole Derivatives. III. Some Pharmacologic Properties of Amino Tetrazoles. E. G. Gross and R. M. Featherstone.....	353
XLV. The Pharmacologic Action of Certain Analogues and Derivatives of DDT. M. I. Smith, H. Bauer, E. F. Stohman and R. D. Lillie.....	359
XLVI. The Effects of Sodium Succinate and Sucrose Diuresis upon Pentobarbital Anesthesia. Benjamin deBoer.....	366
XLVII. The Effect of α -Tocopherol Phosphate, Digitoxin and Certain Compounds Related to the Latter on Cardiac Muscle Metabolism in Vitro. Wm. M. Govier; Naomi Yanz and Mary E. Grellis.....	373
XLVIII. Response of Bone Marrow Explants to Liver Extract Preparations. K. E. Armbrust and H. D. Bett.....	382
XLIX. The Influence of Certain Sulfhydryl Compounds on the Toxicity of an Organic Mercurial Diuretic. W. K. Long and A. Farah.....	388
L. The Toxicity and Toxic Manifestations of 2,2-bis-(p-chlorophenyl)-1,1,1-trichloroethane (DDT) as Influenced by Chemical Changes in the Molecule. A Contribution to the Relation between Chemical Constitution and Toxicological Action. W. F. von Oettingen and N. E. Sharpless....	400
LI. Index.....	415
