

CONTENTS

NUMBER 1, SEPTEMBER, 1952

I. Effect of Non-Opiate Analgesics and Other Drugs on the Vibratory Threshold. E. C. Gregg, Jr.....	1
II. Effects of a New Dibenzazepine Derivative, Ro 2-3248, 6-Allyl-6, 7-Dihydro-5H-Dibenzo (c, e) Azepine Phosphate, upon the Blood Flow, the Peripheral Resistance and the Response to Injections of Epinephrine of the Innervated Hind Limb of the Dog. Paul E. Moore, Alfred W. Richardson and Harold D. Green.....	14
III. Failure to Find a Reversal by BAL of the Pentobarbital Inhibition of Brain Metabolism. Margaret E. Greig.....	24
IV. Effect of Nitrogen Mustard in Alloxan Diabetes. Frank M. Sturtevant, Jr., Francis J. Saunders, Lyle D. Calvin and D. M. Green.....	29
V. Effect of 1-Cyclohexylamino-2-Propylbenzoate (Cyclaine) and Other Local Anesthetic Agents Administered Intravenously on the Cardiovascular-Respiratory Systems of the Dog. Karl H. Beyer and Albert R. Latven.....	37
VI. Laboratory and Clinical Observations on the Effect of Regitine (C-7337) on Cardiac Irregularities During Cyclopropane Anesthesia. Lucien E. Morris, Chung Sang Yein, Bruno Haid and J. M. White, Jr.....	49
VII. Effect of Cocaine on Cardiac Automaticity in the Dog. Henning Ruben and Lucien E. Morris.....	55
VIII. A Comparative Study of the Effects of 1-Arterenol, Epinephrine and Isopropylarterenol on the Heart. A. M. Lands and J. W. Howard.....	65
IX. The Determination of d-Amphetamine in Body Fluids. R. E. Keller and W. C. Ellenbogen.....	77
X. A Clinical Study of Prolonged Anticoagulant Effect with Repository Butacaine Heparin. T. A. Loomis and J. E. Jesseph.....	83
XI. Creatine Synthesis by Rat Liver, <i>In Vitro</i> , as Influenced by Carbon Tetrachloride and Dietary Vitamin E. E. L. Hove and J. O. Hardin.....	88
XII. Cassaine and Cassaidine: Quantitative Measurements of Heart Contractile Force <i>In Situ</i> . Marion DeV. Cotten, Leon I. Goldberg and Robert P. Walton.....	94
XIII. On the Mechanism of the Antidiuretic Action of Cinchoninic Acid Derivatives. Earl H. Dearborn, Louis Lasagna and E. K. Marshall, Jr.....	103
XIV. The Antidiuretic Action of Epinephrine and Norepinephrine. Earl H. Dearborn and Louis Lasagna.....	122

NUMBER 2, OCTOBER, 1952

XV. Studies of the Metabolism of Gallium. III. Deposition in and Clearance from Bone. H. C. Dudley and H. H. Marrer.....	129
XVI. Some Correlations Between Chemical Structure and Maximal Eosinopenia in Adrenalectomized and Hypophysectomized Mice. Franz Halberg.....	135
XVII. Antispasmodic Activity of Basic Esters and Quaternary Derivatives of β -Hydroxy Acids. Melvin H. Ehrenberg, J. A. Ramp, E. W. Blanchard and G. R. Treves.....	141
XVIII. Effect of Hexamethonium Chloride on Cardiovascular and Renal Hemodynamics and on Electrolyte Excretion. John H. Moyer, Russell A. Huggins, Carroll A. Handley and Lewis C. Mills.....	157
XIX. The Physiological Disposition and Biotransformation of Dibenamine and a Method for its Estimation in Biological Tissues. Julius Axelrod, Lewis Aronow and Bernard B. Brodie.....	166

XX. The Hydrolysis and Excretion of Polymeric Phosphate. R. E. Gosselin, A. Rothstein, G. J. Miller and H. L. Berke.....	180
XXI. The Separation and Assay of Acetylcholine in Tissue Extracts. G. A. Bentley and F. H. Shaw.....	193
XXII. The Fate of Benzazoline (Priscoline) in Dog and Man and a Method for its Estimation in Biological Material. Bernard B. Brodie, Lewis Aronow and Julius Axelrod.....	200
XXIII. On the Mechanism of the Cardiovascular Actions of Digitalis; Observations on the Influence of Flaxedil, Atropine or Vagotomy. K. I. Melville.....	208
XXIV. Potentiation by Epinephrine of the Anesthetic Effect in Chloral and Barbiturate Anesthesia. Paul D. Lamson, Margaret E. Greig and L. Williams.....	219
XXV. Specificity and Potency of Aryl-Haloalkylamine Adrenergic Blocking Drugs as Determined on Isolated Seminal Vesicles of Guinea Pigs. Clement A. Stone and Earl R. Loew.....	226
XXVI. Quantitative Studies of the Metabolic Fate of Mephobarbital (N-Methyl Phenobarbital). Thomas C. Butler.....	235
XXVII. Pharmacology Studies on Bis-(1-Carbo- β -Diethylaminoethoxy)-1-Phenyl- cyclopentane-Ethane Disulfonate. J. J. Toner and E. Macko.....	246

NUMBER 3, NOVEMBER, 1952

XXVIII. Effects of Alcohol in Small Doses and Tetraethylthiuramdisulphide (Antabus) on the Cerebral Blood Flow and Cerebral Metabolism. Charles H. Hine, Anita F. Shick, Lester Margolis, T. Nathaniel Burbridge and Alexander Simon.....	253
XXIX. Colchicine. I. General Pharmacology. Frank C. Ferguson, Jr.....	261
XXX. Technique for Detecting the Pharmacodynamically Induced Alarm Reac- tion Using the Eosinopenic Response of Intact Rats. Arthur E. Heming, Mary F. Sax and Dorsey E. Holtkamp.....	271
XXXI. The Determination and Distribution of Trimethadione (Tridione) in Animal Tissues. J. D. Taylor and E. L. Bertcher.....	277
XXXII. The Distribution and Excretion of Thorium Sulphate. J. K. Scott, W. F. Neuman and J. F. Bonner.....	286
XXXIII. Enzymatic Deamination and Vasodepressor Effects of Adenosine Analogs. Donald A. Clarke, John Davoll, Frederick S. Philips and George Bosworth Brown.....	291
XXXIV. Pharmacological Studies of Phenacylurea (Phenurone) an Anticonvulsant Drug. G. M. Everett and R. K. Richards.....	303
XXXV. Comparison of 11-Hydroxy Cardiac Steroids with Compound F and Corti- sone. K. K. Chen, Robert C. Anderson and Charles L. Rose.....	314
XXXVI. Comparative Assays of Antiepileptic Drugs in Mice and Rats. Ewart A. Swinyard, William C. Brown and Louis S. Goodman.....	319
XXXVII. Effect of Thyroxin, Thyroidectomy and 6-n-Propyl-2-Thiouracil on Brain Function. D. M. Woodbury, R. E. Hurley, N. G. Lewis, M. W. McArthur, W. W. Copeland, J. F. Kirschvink and L. S. Goodman.....	331
XXXVIII. The Vasopressor Action and Toxicity of Cyclohexylethylamine Deriva- tives. A. M. Lands and J. I. Grant.....	341
XXXIX. The Action of Serum Protein Fractions on the Isolated Mammalian Myo- cardium. Jack Peter Green, Nicholas J. Giarmani and William T. Salter... 346	
XL. Central Depressant Actions of Certain Myoneural Blocking Agents. C. H. Ellis, Waller V. Morgan and E. J. DeBeer.....	353
XLI. The Role of the Liver in the Metabolic Disposition of Mephobarbital. Thomas C. Butler, Darien Mahaffee and Collins Mahaffee.....	364

NUMBER 4, DECEMBER, 1952

XLII. Abstracts of Papers, Madison Meeting.....	371
XLIII. The Effects of ACTH, Cortisone and Adrenal Cortical Extract in Experimental Traumatic Shock. Donn L. Smith and Fred E. D'Amour.....	429
XLIV. A Study of the Metabolism of C ¹⁴ Salicylamide in the Human. H. George Mandel, Victor W. Rodwell and Paul K. Smith.....	433
XLV. The Effect on Blood Pressure and Toxicity of 1-(3-Fluorophenyl)-2-Aminooctanol and Related Compounds. A. M. Lands.....	440
XLVI. Pharmacologic Characteristics of 1-(Ortho-Toluoxo)-2,3 Bis-(2,2,2-Trichloro-1-Hydroxyethoxy) Propane. John F. Reinhard, Eugene T. Kimura and John V. Scudi.....	444
XLVII. The Physiological Disposition of Ethyl Bisoumacetate (Tromexan) in Man and a Method for its Estimation in Biological Material. Bernard B. Brodie, Murray Weiner, J. J. Burns, George Simson and Elaine K. Yale.....	453
XLVIII. The Mechanism of Action of Monofluoroethanol. Grant R. Bartlett.....	464
XLIX. Distribution of the Anesthetic Gas Xenon in Dog Tissues as Determined with Radioactive Xenon. R. M. Featherstone, W. Steinfield, E. G. Gross and C. B. Pittinger.....	468
L. Index.....	475
