

## CONTENTS

### NUMBER 1, JANUARY, 1955

I. Abstracts of Papers.....	1
II. Inhibiting Effects of Certain Drugs on Audiogenic Seizures in the Rat. Milton Corn, David Lester and Leon A. Greenberg.....	58
III. The Influence of Some Inhalation Anesthetic Agents on the Contractile Force of the Heart. K. J. Boniface, J. M. Brown and P. S. Kronen.....	64
IV. Studies on Prophenpyridamine (Trimeton) and Chlorprophenpyridamine (Chlortrimeton). Annette LaBelle and Richard Tislow.....	72
V. Studies on Veratrum Alkaloids. XX. Actions of Veratrum Alkaloids upon the Central Nervous System of Mice. Kiyoshi Tanaka.....	89
VI. Mechanism of Vasomotor Action of Veratrum Alkaloids: Extravagal Sites of Action of Veriloid, Protoveratrine, Germitrine, Neogermitrine, Germerine, Veratridine and Veratramine. S. C. Wang, S. H. Ngai and Robert G. Grossman.....	100
VII. The Effects of Adrenergic Substances and Ischemia on the Blood Flow and Peripheral Resistance of the Canine Mesenteric Vascular Bed Before and During Adrenergic Blockade. Harold D. Green, C. P. Deal, Jr., Suthip Bardhanabaedya and Adam B. Denison, Jr.....	115

### NUMBER 2, FEBRUARY, 1955

VIII. The Pharmacology of N-(4-Methoxybenzyl)-Isoquinolinium Chloride, WIN 2173, with Particular Reference to its Cardiac Effects. Joseph R. DiPalma.....	125
IX. The Effects of Epinephrine, Norepinephrine, and Acetylcholine on the Electrogram of the Isolated Frog Heart. Walter W. Baker and Judith M. Baker.....	132
X. Bioassay of the Diuretic Potency of Xanthines and the Organic Mercurials in Patients with Congestive Failure. Theodore Greiner, Harry Gold, Frank Palumbo, Leon Warshaw, Teresa McGowan, John Weaver and Harold Otto.....	140
XI. Inhibition of the Renal Tubular Excretion of N'-Methylnicotinamide (NMN) by Small Doses of a Basic Cyanine Dye. Lawrence Peters, Kevin J. Fenton, Mary L. Wolf and Alexander Kandel.....	148
XII. Fluoroacetate and Fluorobutyrate Convulsions in the Isolated Cerebral Cortex of the Dog. Leland C. Hendershot and Maynard B. Chenoweth..	160
XIII. The Action of Fluoroacetate on the p-Aminohippurate Uptake by Renal Slices of the Dog. A. Farah, F. Koda and M. Frazer.....	169
XIV. Metabolic Demethylation of 3,5-Dimethyl-5-Ethyl 2,4-Oxazolidinedione (Paramethadione, Paradione). Thomas C. Butler.....	178
XV. Nitrite Formation by Enzymatic Reaction of Mannitol Hexanitrate with Glutathione. F. Edmund Hunter, Jr. and Lillian Ford.....	186
XVI. Observations on the Fate of Dromoran in the Dog and its Secretion into the Gastric Juice. Parkhurst A. Shore, Julius Axelrod, C. Adrian M. Hogben and Bernard B. Brodie.....	192
XVII. The Vasodepressor Response of Fluorine Administered Orally to Dogs. Alfred W. Richardson, Joseph C. Muhler and Jack G. Bishop.....	200
XVIII. Inactivation of Cholinesterase by Compounds Related to Neostigmine. Alfred P. Levin and Bernard J. Jandorf.....	206
XIX. The Action of Some Derivatives of Beta-Erythroidine on Peripheral Neuro-Effector Systems. David Megirian, D. E. Leary and I. H. Slater..	212
XX. Antihistaminics as Epinephrine Sensitizers. Kaname Kuriaki and Tohoru Uchida.....	228

- XXI. A Pharmacological Comparison of the Optical Isomers of 5-Ethyl-5-Methyl-2,4-Oxazolidinedione and of 3,5-Dimethyl-5-Ethyl-2,4-Oxazolidinedione (Paramethadione, Paradione). Thomas C. Butler and William J. Waddell ..... 238

## NUMBER 3, MARCH, 1955

- XXII. A Polarographic Study of Mersalyl (Salyrgan)-Thiol Complexes and of the Excreted Products of Mersalyl. I. M. Weiner and Otto H. Müller ..... 241  
 XXIII. The Effect of Levorphan and Levallophan on the Respiratory Mechanism of Normal Man. D. V. Thomas and S. M. Tenney ..... 250  
 XXIV. The Action of Mercurial Diuretics on Urinary Sodium Concentration and Urine Volume. A. Farah and F. Koda ..... 256  
 XXV. Phenolic Compounds as Chemotherapeutic Agents Against Poliomyelitis Virus in Tissue Culture. Patricia Elly Kramer, Mary Louise Robbins and Paul K. Smith ..... 262  
 XXVI. Relationship Between Structure and *In Vitro* Metabolism of Various Esters and Amides in Human Serum. Ruth Mitchell Levine and Byron B. Clark ..... 272  
 XXVII. Rat Tissue Levels of Carbon-14 Labeled Analgetics as Related to Pharmacological Activity. Jack W. Miller and Henry W. Elliott ..... 283  
 XXVIII. The Effects of 2,2-Diethyl 1,3-Propanediol and 2,3-Diethyl 1,4-Butanediol on the Succinoxidase System. Harold A. Neufeld, Leonard J. Greenberg and Irwin H. Slater ..... 292  
 XXIX. Inhibition of the Apomorphine-Induced Vomiting Syndrome by Antihistaminic Agents. Eldon M. Boyd, Wilfred A. Cassell, Carl E. Boyd and Joan K. Miller ..... 299  
 XXX. The Effect of Levallophan Tartrate, Nalorphine HCl and WIN 7681 (1-Allyl-4-Phenyl-4-Carbethoxypiperidine) on Respiratory Depression and Analgesia Induced by Some Active Analgetics. P. J. Costa and D. D. Bonnycastle ..... 310  
 XXXI. *In Vivo* Observations on the Nature of Atropine Tachyphylaxis Exhibited by Intestinal Smooth Muscle. Grace W. Gray and Maurice H. Seavers ..... 319  
 XXXII. The Combination of Opiate Antagonists and Opiates for the Prevention of Respiratory Depression. James E. Eckenhoff, Martin Helrich, Muriel J. D. Hege and Richard E. Jones ..... 332  
 XXXIII. The Sympathomimetic and Other Pharmacological Properties of DL 2-(1,2,3,4-Tetrahydro-1-Naphthyl)-Imidazoline (Tetrahydrozoline). D. E. Hutcheon, S. Y. P'an, J. F. Gardocki and Doris A. Jaeger ..... 341  
 XXXIV. The Excretory Products of Lanatoside C and Digitoxin in the Rat. B. T. Brown, Dorothy Ranger and S. E. Wright ..... 353  
 XXXV. Studies on Anticonvulsant Drug Combinations: Phenobarbital and Diphenylhydantoin. L. C. Weaver, E. A. Swinyard, L. A. Woodbury and L. S. Goodman ..... 359

## NUMBER 4, APRIL, 1955

- XXXVI. A Study of the Pharmacological Effects of Tetrophan (3,4-Dihydro-1,2-Benzacridine-5-Carboxylic Acid). Thomas J. Haley and W. G. McCormick ..... 371  
 XXXVII. Blood Level Studies of C<sup>14</sup>-Digitoxin in Human Subjects with Cardiac Failure. George T. Okita, Peter J. Talso, John H. Curry, Jr., Frederick D. Smith, Jr. and E. M. K. Geiling ..... 376

XXXVIII. Renal and Cardiovascular Hemodynamic Response to Ganglionic Blockade with Pendiomide and a Comparison with Hexamethonium and Arfonad. John H. Moyer and Carroll A. Handley.....	383
XXXIX. Studies on Behavior. I. Differential Sensitivity to Pentobarbital of Pecking Performance in Pigeons Depending on the Schedule of Reward. Peter B. Dews.....	393
XL. Action of Quinidine, Procaine Amide and Other Compounds on Experi- mental Atrial and Ventricular Arrhythmias in the Dog. Martin M. Winbury and Miriam L. Hemmer.....	402
XLI. Alcohol on the Coronary Circulation of the Dog. Norman Lasker, Theodore R. Sherrod and Keith F. Killam.....	414
XLII. Anterior Chamber Injection in the Rabbit as a Method for Determining Irritancy of Local Anesthetics. Robert W. Spencer, Harold G. Scheie and Robert D. Dripps.....	421
XLIII. The Physiology of Morphine Antidiuresis. John D. Crawford and Barbara Pinkham.....	431
XLIV. Atrolactamide: Its Absorption, Distribution and Excretion. Daniel H. Abdulian and Theodore R. Sherrod.....	439
XLV. Studies on Veratrum Alkaloids. XXI. The Action of Veratramine upon Impulse Generation in the Dog Heart. Otto Krayer, R. B. Arora and Edward Meilman.....	446
XLVI. Studies on Veratrum Alkaloids. XXII. Periodic Activity of the Sino- Auricular Node of the Denervated Cat Heart Caused by Veratramine. H. W. Kosterlitz, O. Krayer and A. Matallana.....	460
XLVII. The Role of the Liver in the Disposition of Procaine in the Dog. C. W. White, Jr., Earl H. Dearborn and E. D. Swiss.....	470
XLVIII. Isobols of Dose-Effect Relations in the Combination of Pentylenetetra- zole and Trimethadione. S. Loewe, R. A. Aldous, S. R. Fox, D. G. John- son and W. Perkins.....	475
XLIX. The Metabolic Fate of Phenylbutazone (Butazolidin) in Man. J. J. Burns, Rose K. Rose, Sidney Goodwin, Jules Reichenthal, Evan C. Horning and Bernard B. Brodie.....	481
L. Index .....	491
