

CONTENTS

NUMBER 1, FEBRUARY, 1918

I. Comparative Activity of Local Anesthetics. II. Paralysis of Sensory Nerve Fibers. By Torald Sollmann.....	1
II. Comparative Activity of Local Anesthetics. III. Anesthesia of Frog-skin. By Torald Sollmann.....	9
III. Comparative Activity of Local Anesthetics. IV. Anesthesia of Rabbit's Cornea. By Torald Sollmann.....	17
IV. The Influence of Diet on the Toxicity of Sodium Tartrate. By William Salant and A. M. Swanson.....	27
V. The Protective Action of Diet Against Tartrate Nephritis. By William Salant and A. M. Swanson.....	43
VI. Concerning the Action of the Iodide, Bromide and Nitrate Ions on the Respiratory Center. By David I. Macht and D. R. Hooker.....	63
VII. Comparative Activity of Local Anesthetics. V. Anesthesia of the Human Skin. General Conclusions. By Torald Sollmann.....	69
VIII. Some Observations on the Action of an Isomer of Caffein. By William Salant and Helen E. Connet.....	81
IX. Further Observations on the Clinical Actions of Veratrum. By Russell J. Collins and Paul J. Hanzlik.....	89

NUMBER 2, MARCH, 1918

X. Digitalis in Auricular Fibrillation. By Arthur R. Cushny.....	103
XI. Observations on the Action of Tartrates, Citrates and Oxalates. A Study in Tolerance, Cumulation and the Effect of Diet. By William Salant and A. M. Swanson.....	133
XII. On the Poisonous Action of "Asetake." By Hiichiro Muto.....	147
XIII. The Comparative Absorbability of Local Anesthetics from the Urethra. By Torald Sollmann.....	159
XIV. Scientific Proceedings of the American Society for Pharmacology and Experimental Therapeutics. Ninth Annual Meeting held at Minneapolis, December 27-28, 1917.....	167

NUMBER 3, APRIL, 1918

XV. The Circulation in Man in the Head-down Position, and a Method for Measuring the Venous Return to the Heart. By Yandell Henderson and H. W. Haggard.....	189
XVI. The Influence of Forced Breathing upon the Circulation. By Yandell Henderson, A. L. Prince and H. W. Haggard.....	203

- XVII. Concerning a New Method for the Biological Standardization of Pituitary Extract and Other Drugs. By Reynold A. Spaeth..... 209
- XVIII. The Effect of Lactic Acid on the Respiratory Center. By Seymour J. Cohen..... 221
- XIX. Cutaneous Irritation by Mustard Oil as Influenced by Various Solvents. By Torald Sollmann..... 229
- XX. Investigations on the Composition of Oil of Chenopodium and the Anthelmintic Value of Some of its Components. By Maurice C. Hall and Herbert C. Hamilton..... 231
- XXI. A Pharmacological and Therapeutic Study of Benzyl Alcohol as a Local Anesthetic. By David I. Macht..... 263

NUMBER 4, MAY, 1918

- XXII. Observations on the Effect of Intravenous Injections of Some Sodium Salts, with Special Reference to the Supposed Toxicity of Sodium Phosphate. By Isidor Greenwald..... 281
- XXIII. The Pharmacology and Toxicology of Copper Salts of Amino Acids. Studies on the Biochemistry and Chemotherapy of Tuberculosis. XVI. By Harry L. Huber..... 303
- XXIV. The Treatment of Amoebic Dysentery with Chaparro Armagosa (Castela Nicholsoni of the Family Simarubaceae). By Andrew Watson Sellards and Monroe Anderson McIver..... 331

NUMBER 5, JUNE, 1918

- XXV. Distribution of Gold in Animal Tissues. Studies on the Biochemistry and Chemotherapy of Tuberculosis. XVII. By Lydia M. DeWitt, Sidney M. Cadwell and Gladys Leavell..... 357
- XXVI. An Experimental Study of the Venom of the Manchurian Scorpion. By Seiko Kubota..... 379
- XXVII. On the Relation between the Chemical Structure of the Opium Alkaloids and their Physiological Action on Smooth Muscle with a Pharmacological and Therapeutic Study of Some Benzyl Esters. I. On the Relation of the Chemical Structure of the Opium Alkaloids to their Action on Smooth Muscle. By David I. Macht..... 389

NUMBER 6, JULY, 1918

- XXVIII. On the Relation between the Chemical Structure of the Opium Alkaloids and their Physiological Action on Smooth Muscle with a Pharmacological and Therapeutic Study of Some Benzyl Esters. II. A Pharmacological and Therapeutic Study of Some Benzyl Esters. By David I. Macht..... 419
- XXIX. On the Toxicity of the Venom of the Mexican (Durango) Scorpion as Compared with that of the Chinese Scorpion. By Seiko Kubota..... 447

ILLUSTRATIONS

Experiment of April 20 (Fig. 1).....	65
— of April 27, 1917 (Fig. 2).....	66
— of April, 1917 (Fig. 3).....	66
Perfusion with 1:7:9-trimethyl-2:8-dioxypurin (Fig. 1).....	83
— with caffein (Fig. 2).....	84
Tracing of the auricle and ventricle of the cat's heart in situ (Fig. 1).....	108
Ventricular tracing of perfused rabbit's heart during auricular fibrillation	
from electrical stimulation (Fig. 2).....	111
— tracing of perfused rabbit's heart (Fig. 3).....	112
— tracing of rabbit's heart perfused for thirty minutes (Fig. 4).....	115
Tracings of the ventricle and auricle of rabbit's heart (Fig. 5).....	117
Ventricular tracing in perfused heart under strophanthin (Fig. 6).....	121
Tracing of ventricle and blood pressure in cat (Fig. 7).....	126
Rabbit's heart perfused with Ringer containing strophanthin (Fig. 8).....	128
(Fig. 1).....	154
(Fig. 2).....	155
(Fig. 1).....	192
(Fig. 2).....	193
(Fig. 3).....	195
(Fig. 4) folder.....	facing 196
Folder.....	facing 206
Successive microphotographs of the same scale (Fig. 1).....	211
Schematic median section through the thermostat reservoir (Fig. 2).....	212
Warming stage (Fig. 3).....	212
Dipping device (Fig. 4).....	215
Blood pressure and respiratory tracing (Fig. 1).....	223
— pressure and respiratory tracing (Fig. 2).....	224
— pressure and respiratory tracing (Fig. 3).....	facing 226
— pressure and respiratory tracing (Fig. 4).....	facing 226
Intravenous injection of a solution of benzyl alcohol one per cent in physio- logical NaCl (Fig. 1).....	269
Manchurian scorpion (Fig. 1).....	380
Venom glands (Fig. 2).....	380
— glands (Fig. 3).....	381
Pig's ureter (Fig. 1).....	390
— ureter (Fig. 2).....	390
— ureter (Fig. 3).....	391
— ureter (Fig. 4).....	391
— ureter (Fig. 5).....	391
— ureter (Fig. 6).....	392
— ureter (Fig. 7).....	392
— ureter (Fig. 8).....	392

Rabbit's vas deferens (Fig. 9).....	393
— vas deferens (Fig. 10).....	394
Isolated gall bladder strip of dog (Fig. 11).....	395
— gall bladder of dog (Fig. 12).....	395
Strips of dog's gall bladder (Fig. 13).....	395
Dog's gall bladder in situ (Fig. 14).....	396
Intestine of cat (Fig. 15).....	396
— of cat (Fig. 16).....	397
Jejunum of cat (Fig. 17).....	398
Ileum of cat (Fig. 18).....	398
Action of papaverin on internal iliac artery of pig (Fig. 19).....	399
Experiment performed on a cat (Fig. 20).....	399
Uterus of cat, non-pregnant (Fig. 21).....	400
— of rat (Fig. 22).....	401
— of cat, non-pregnant (Fig. 23).....	402
Pig's ureter (Fig. 27).....	404
— ureter (Fig. 29).....	404
— ureter (Fig. 31).....	405
— ureter (Fig. 32).....	405
— ureter (Fig. 35).....	407
— ureter (Fig. 36).....	407
— ureter (Fig. 37).....	407
Rabbit's bladder (Fig. 38).....	408
Loop of jejunum, guinea pig (Fig. 39).....	408
Strip of gall bladder of cat (Fig. 40).....	409
Vas deferens of rat (Fig. 41).....	409
Half of horn of virgin uterus of cat (Fig. 42).....	409
Three rings of uterine artery of pig (Fig. 43).....	410
— rings of uterine artery of pig (Fig. 44).....	410
Strip of pregnant uterus of cat (Fig. 50).....	413
Pig's ureter (Fig. 51).....	414
Ileum of cat (Fig. 52).....	415
Intestinal loop of rabbit's jejunum (Fig. 1).....	422
Experiment. Isolated uterine horn of rat (Fig. 2).....	423
Ureteral ring preparation (pig) (Fig. 3).....	425
— ring preparation (pig) (Fig. 4).....	425
— ring preparation (pig) (Fig. 5).....	425
Experiment. Dog, 12 kilo, paraldehyde anesthesia (Fig. 6).....	426
— February 14, 1918. Rabbit, 2.4 kilo, paraldehyde anesthesia (Fig. 7).....	427
— March 22, 1918. Dog, 6 kilo, paraldehyde anesthesia (Fig. 8).....	428
Perfusion of isolated heart of cat (Fig. 9).....	429
Experiment. January 30, 1918. Dog, 4 kilo, paraldehyde anesthesia (Fig. 10).....	430
Nerve-muscle preparation of gastrocnemius of <i>Rana maculata</i> (Fig. 11).....	431
Durango poisonous scorpion (life size).....	448
Contraction of a frog's gastrocnemius in Ringer's solution containing 1:1500 Mexican extract (Fig. 1).....	463

Contraction of a frog's gastrocnemius in Ringer's solution containing 1:100 Chinese extract (Fig. 2)	463
— curve of a frog's gastrocnemius after ten minutes in 1:1000 Mexican extract (Fig. 3)	464
Blood pressure of a cat of 1.8 kgm. body weight injected with the extract of 0.36 gram Chinese scorpion sting intravenously (Fig. 4)	469
Action of Mexican extract (1:1200) upon frog's heart perfused with Ringer's solution (Fig. 5)	471
— of Chinese extract (1:100) upon frog's heart perfused with Ringer's solution (Fig. 6)	471
Tracing of a cat's heart under perfusion of Locke's solution with blood (Fig. 7)	472
— of a cat's heart under perfusion of Locke's solution with blood (Fig. 8)	473
Action of Chinese extract (1:300) on ring of frog's stomach (pyloric half) in Ringer's solution (Fig. 9)	476
— of Mexican extract (1:2500) on strip of kitten's stomach (circular fibers) in Locke's solution mixed with blood (Fig. 10)	477
— of Mexican extract (1:5000) on a loop of small intestine of rabbit in Tyrode's solution with blood (Fig. 11)	477
— of Chinese extract (1:150) on a loop of small intestine of rabbit in Tyrode's solution mixed with blood (Fig. 12)	478
— of Mexican extract (1:750) on surviving uterus of guinea-pig (non-pregnant) in Locke's solution (Fig. 13)	479
— of Mexican extract (1:1000) on surviving pregnant uterus of rabbit in Locke's solution (Fig. 14)	479
— of Mexican extract (1:1500) on circular strip of urinary bladder of cat in Ringer's solution (Fig. 15)	480
— of Chinese extract (1:100) on circular strip of urinary bladder of rabbit in Ringer's solution (Fig. 16)	480
— of Chinese extract (1:150) on ring of pig's ureter in Ringer's solution with urine (Fig. 17)	481
— of Mexican extract (1:350) on ring of pig's ureter in Ringer's solution with urine (Fig. 18)	481
