

INDEX

- Abdulia, D. H., and Sherrod, T. R.
 Atrolactamide: Its absorption, distribution and excretion, 439
- Abstracts, Charlottesville meeting, 1
- Acetate, fluoro-, see Fluoroacetate
- Acetylcholine, effect of, on electrogram of frog heart, 132
- Adrenergic drugs, effects of, on blood flow before and after adrenergic blockade, 115
- Alcohol, see Ethanol
- Aldous, R. A., see Loewe, S., 475
- Amides, metabolism of, by serum, 272
- Aminophylline, bioassay of diuretic potency in congestive failure, 140
- Analgesic drugs, distribution of C-14 labeled codeine, methadone and morphine, 283
- Anesthetics, general, effect on myocardial contractility, 64
 local, irritation by, anterior chamber injection as test for, 421
 local, see Procaine
- Antemetics, antihistamines as, 299
- Anticholinesterase drugs, congeners of neostigmine as, 206
- Anticonvulsant drugs, atrolactamide, fate of in body, 439
 combinations, phenobarbital and diphenylhydantoin, tests of, 359
 effect on audiogenic seizures, 58
- Antidiuresis, morphine-produced, physiology of, 431
- Antihistamines, as epinephrine sensitizers, 228
 inhibition of vomiting by, review of series, 299
 pharmacology of a series, 72
- Apomorphine-induced vomiting, inhibition of, by antihistamines, 299
- Arfonad, renal hemodynamic response after, 383
- Arora, R. B., see Krayner, O., 446
- Arterenol, effect of, on blood flow, before and during adrenergic blockade, 115
 effect of, on electrogram of frog heart, 132
- Atrolactamide, absorption, distribution and excretion of, 439
- Atropine, tachyphylaxis to, in intestine, 319
- Audiogenic seizures, effect on, of anticonvulsant drugs, 58
- Axelrod, J., see Shore, P. A., 192
- Barbiturates, see Pentobarbital
- Bardhanabaedya, S., see Green, H. D., 115
- Baker, J. M., see Baker, W. W., 132
- Baker, W. W., and Baker, J. M. Effects of epinephrine, norepinephrine, and acetylcholine on the electrogram of the isolated frog heart, 132
- BAL, see Dimercaprol
- Behavior, use of pigeon pecking performance to determine changes induced by drugs, 393
- Bioassay, of diuretics, 140
- Bishop, J. G., see Richardson, A. W., 200
- Boniface, K. J., Brown, J. M., and Kronen, P. S. Influence of some inhalation anesthetic agents on the contractile force of the heart, 64
- Bonnycastle, D. D., see Costa, P. J., 310
- Boyd, C. E., see Boyd, E. M., 299
- Boyd, E. M., Cassell, W. A., Boyd, C. E., and Miller, J. K. Inhibition of the apomorphine-induced vomiting syndrome by antihistaminic agents, 299
- Brodie, B. B., see Burns, J. J., 481
 see Shore, P. A., 192
- Bromide, sodium, effect on audiogenic seizures, 58
- Brown, B. T., Ranger, D., and Wright, S. E. Excretory products of lanatoside C and digitoxin in the rat, 353
- Brown, J. M., see Boniface, K. J., 64
- Burns, J. J., Rose, R. K., Goodwin, S., Reichenthal, J., Horning, E., and Brodie, B. B. Metabolic fate of phenylbutazone (Butazolidin) in man, 481
- Butanediol, 1,4-,2,3-diethyl, effects of on succinoxidase system, 401
- Butazolidin, see Phenylbutazone
- Butler, T. C. Metabolic demethylation of 3,5-dimethyl-5-ethyl-2,4-oxazolidinedione (paramethadione, Paradione), 178
 —, and Waddell, W. J. Pharmacological comparison of the optical isomers of 5-ethyl-5-methyl-2,4-oxazolidinedione and of 3,5-dimethyl-5-ethyl-2,4-oxazolidinedione (paramethadione, Paradione), 238
- Cardiac glycosides, see Glycosides, cardiac
- Cardiac pharmacology, action of ethanol on coronary circulation of dog, 414

- action of veratramine on impulse generation in dog heart, 446
- anti-arrhythmic action of new SC compounds, 402
- blood levels of C¹⁴-digitoxin in patients with cardiac failure, 376
- cardiac effects of N-(4-methoxybenzyl)-isoquinolinium chloride, 125
- effect of anesthetics on contractile force of heart, 64
- effects of epinephrine, arterenol and acetylcholine on electrogram of frog heart, 132
- mechanism of vasomotor action of veratrum alkaloids, 100
- periodic activity of SA node produced by veratramine, 460
- Cassell, W. A., see Boyd, E. M., 299
- Central nervous system, action on, of veratrum alkaloids, 89
- EEG picture in isolated cerebral cortex of dog poisoned with fluoro-fatty acids, 160
- Chemotherapy, of poliomyelitis virus, phenolic compounds and, 262
- Chenoweth, M. B., see Hendershot, L. C., 160
- Chloroform, effect on myocardial contractility, 64
- Chlorprophenpyridamine, pharmacology of, 72
- Chlortrimeton, see Chlorprophenpyridamine
- Cholinesterases, inhibition of, by congeners of neostigmine, 206
- Citrate, levels of, in isolated cerebral cortex of dog poisoned with fluoroacetate, 160
