

## INDEX

- Acridones, fluorescent convulsant, localization of, in central nervous system, 1  
 quaternary, fluorescent, localization of blood-brain barrier with, 17
- Aldoxime, effect of, on acute Sarin poisoning, 123
- Analeptics, effect of on arterial blood gases, during barbiturate anesthesia, 368
- Analgesic drugs, clinical testing of, 280  
 see Levorphan
- Anderson, W. R., and Teague, R. S. Effect of analeptics on arterial blood gases of dogs during barbiturate anesthesia, 368
- Andromedotoxin, direct and indirect effects on the heart, 55
- Anesthetics, effectiveness of the baroreceptors under different, 198  
 local, comparison of barbiturates and procaine, 318
- Anti-cholinesterase agents, cerebral distributions, 420
- Anticonvulsant drugs, use of salamander for investigating and testing, 90
- Arora, R. B., and Dandiya, P. C. Study of the chemical configuration responsible for the antiveratrinic activity of cinchona alkaloids and cupreines, 230
- Ataractic agents, azacyclonol, 153
- Atarax, see Hydroxyzine
- Atropine, effect of, on dog urinary bladder, 338  
 effect of, on isolated rabbit nerve-bladder strip, 338  
 rate of block by, of acetylcholine and nerve stimulation, 338
- Azacyclonol, antagonism of cocaine, morphine and pipradrol by, 153  
 antagonism of LSD by, 153
- Bahn, R. C., and Longley, J. B. Quantitative effects of a mercurial diuretic on the distribution of renal succinic dehydrogenase in the rat, 365
- Bain, J. A., see Mayer, S. E., 1, 17
- Barbital, as spinal anesthetic, 318
- Barbiturate anesthesia, effect of analeptics on arterial blood gases during, 368
- Barbiturates, as spinal anesthetics, 318
- Baroreceptor reflexes, effectiveness of under different anesthetics, 198
- Beiler, J. M., Brendel, R., and Martin, G. J. Enzymic modification of blood-brain permeability, 415
- Bis-quaternary pyridazines, neuromuscular blocking action of, 388
- Blood-brain barrier, enzymic modification of permeability of, 415  
 localization, 17
- Blood gases, arterial, effect of analeptics on, during barbiturate anesthesia, 368
- Borison, H. L., see Brodie, D. A., 220
- Bovet, D., see Virno, M., 63
- Braun, D. L., see Brown, B. B., 153
- Brendel, R., see Beiler, J. M., 415
- Brodie, B. B., see Hess, S. M., 84  
 see Salzman, N. P., 46
- Brodie, D. A., and Borison, H. L. Analysis of central control of respiration by the use of cyanide, 220
- Bronchodilator action, of substituted xanthines, 359
- Brown, B. B., Braun, D. L., and Feldman, R. F. Pharmacologic activity of  $\alpha$ -(4-piperidyl)-benzhydrol hydrochloride (azacyclonol hydrochloride); an ataractic agent, 153
- Brown, B. T., Shepherd, E. E., and Wright, S. E. Distribution of digitalis glycosides and their metabolites within the body of the rat, 39
- Brown, R. V., and Hilton, J. G. Effectiveness of the baroreceptor reflexes under different anesthetics, 198
- Burnett, A. E., see Weiner, I. M., 470
- Butler, W. M., Jr., see Moran, N. C., 328
- Calcium, influence of, on cardiac response to epinephrine and norepinephrine, 249
- Cardiac pharmacology, actions of K and Ca, responses to amines, 249  
 direct and indirect effects of andromedotoxin on heart, 55  
 see Harman methosulfate
- Carr, C. J., see Cosmides, G. J., 287
- Chernish, S. M., see Gruber, C. M., Jr., 280
- Chlorpheniramine, antagonism to histamine on cerebral venous pressure, 63

- Chlorpromazine, comparison with methypylon, 139  
 effects of, on central nervous system of cat, 100  
 method for estimation in biological material, 46  
 pharmacological actions of chlorpromazine sulfoxide, a major metabolite of, 328  
 physiological disposition and fate of, 46
- Chlorpromazine sulfoxide, a major metabolite of chlorpromazine, pharmacological actions, 328
- Cholinesterase, acetyl-, cerebral, inhibition by tertiary and quaternary agents, 420
- Cholinesterase, cerebral, inhibition by tertiary and quaternary agents, 420
- Cinchona alkaloids, action of, on veratridine response, 230
- Clark, B. B., see Ursillo, R. C., 338
- Coal tar food dyes, cathartic action and metabolism of, 322
- Codeine phosphate, analgesic action in humans as compared with *d*-propoxyphene, 280
- Compound 48/80, effect of release of histamine on cerebral venous pressure, 63
- Convulsants, fluorescent acridones, localization of in central nervous system, 1
- Coronary flow, actions of K and Ca on, in presence of epinephrine and levarterenol, 249
- Cosmides, G. J., Miya, T. S., and Carr, C. J. Study of the effects of certain lactones on digitoxin toxicity, 287
- Cotten, M. deV., Maling, H. M., and Moran, N. C. Comparison of the direct and indirect effects of andromedotoxin on the contractile force of the heart, 55
- Coumarin, toxicity of, 348
- Coye, R. D., Jr., see Hodge, H. C., 174
- Cupreine alkaloids, action of, on veratrine response, 230
- Curare, effects of frequency of stimulation on blockade, 388
- Cyanide, central respiratory effect of, 220
- Cyanine dyes, inhibition of renal tubular excretion of tetraethylammonium and *N*'-methylnicotinamide by, 204
- Dandiya, P. C., see Arora, R. B., 230
- Darstine, renal tubular transport of, 407
- Deichmann, W. B., see Radomski, J. L., 322
- DFP, and related compounds, stimulation of denervated muscle by, 116
- Diengott, D., and Mirsky, I. A. Relation of quantity of sulfonylurea by mouth to the hypoglycemic response in normal human subjects, 168
- Digitalis, glycosides and their metabolites, distribution of within the body of the rat, 39
- Digitoxin toxicity, study of the effects of certain lactones on, 287
- Dilantin, see Diphenylhydantoin
- Dill, W. A., Kazenko, A., Wolf, L. M., and Glazko, A. J. Studies on 5,5'-diphenylhydantoin (Dilantin) in animals and man, 270
