

INDEX TO VOLUME XIV

Abel, John J., and Macht, D. I. Histamine and pituitary extract.....	279
Action of adrenalin by morphin, The modification of the.....	327
— of adrenalin on the heart, The.....	327
— of drugs on the output of epinephrin from the adrenals, The.....	343
Active principles of the pituitary gland, Some observations on.....	295
Adrenalin, The action of, on the heart.....	17, 327
— The modification of the action of, by morphin	327
Adrenals, The action of drugs on the output of epinephrin from.....	343
Alcohol, benzyl and benzyl esters, On the anthelmintic action of.....	323
Anaphylactic shock, A comparison of the prophylactic effects of atropine and epinephrine in, and anaphylactoid phenomena from various colloids and arsphenamine.....	425
Anaphylactoid phenomena from the intravenous administration of various colloids, arsenicals and other agents.....	379
— phenomena from thromboplastic agents.....	229
— phenomena from various colloids and arsphenamine, A comparison of the prophylactic effects of atropine and anaphylactic shock and.....	425
— phenomena on bronchi of perfused lungs, Effects of various colloids and other agents which produce.....	449
— phenomena on surviving intestine and uterus, Effects of various colloids and other agents which produce.....	463
— symptoms, Hemagglutination in vitro by agents which produce.....	479
Andrus, E. Cowles, and Snyder, Charles D. On the relation between tonus and smooth muscle in the terrapin heart.....	1
Anesthetic, A local, Benzylcarbinol.....	211
Anesthetics, local, Comparative toxicity of, and of antipyretics for earthworms.....	319
—, Local. Do they precipitate proteins?.....	135
Anthelmintic action of benzyl alcohol and benzyl esters, On the.....	323
Antipyretics for earthworms, Comparative toxicity of local anesthetics and of — on catalase production, The effect of pyretics and.....	121
Arsenicals, various colloids, and other agents, anaphylactoid phenomena from the intravenous administration of.....	379
Arsphenamine, various colloids and, anaphylactoid phenomena from, A comparison of the prophylactic effects of atropine and epinephrine in anaphylactic shock and.....	425
Atropin, caffein, and with strychnin, Perfusion of the medulla of the turtle with.....	313
Atropine and epinephrine in anaphylactic shock, A comparison of the prophylactic effects of, and anaphylactoid phenomena from various colloids and arsphenamine.....	425
—, Notes on the treatment of gassed dogs with.....	131

Barbour, Henry G., and Williams, Henry W. The effects of chlorine upon isolated bronchi and pulmonary vessels.....	47
— . Drugs after chlorine gassing. II. Observations upon the treatment of gassed dogs with circulatory stimulants.....	61
— . Drugs after gassing. III. Notes on the treatment of gassed dogs with calcium, with quinine, and with atropine.....	131
— . The effects of chlorine upon the body temperature.....	65
— , Hjort, A. M., and Taylor, F. A. Drugs after chlorine gassing. I. The influence of morphine upon the fatality of chlorine poisoning.....	55
Benzyl alcohol and benzyl esters, On the anthelmintic action of.....	323
Benzylcarbinol: A local anesthetic.....	211
Benzyl esters, On the anthelmintic action of benzyl alcohol and.....	323
Biological conditions, The stability and destruction of the salicyl group under.....	25
Blood clotting efficiency, The plasma and, of thromboplastic agents and their stability.....	157
Body temperature, The effects of chlorine upon the.....	65
Bromide salts, The rôle of the, on rythmically contracting organs.....	137, 149
Bromides, The action of the, on smooth muscle.....	149
— , The action of the, on the isolated mammalian heart.....	137
Bronchi and pulmonary vessels, The effects of chlorine upon isolated.....	47
— of perfused lungs, Effects of various colloids and other agents which produce anaphylactoid phenomena on.....	449
Burge, W. E. The effects of pyretics and antipyretics on catalase production	121
Bush, A. D. Perfusion of the medulla of the turtle with atropin, caffen, and with strychnin.....	313
Caffen, and with strychnin, Perfusion of the medulla of the turtle with atropin.....	313
Calcium, Notes on the treatment of gassed dogs with.....	131
Carvacrol, Experiments with.....	251
Catalase production, The effect of pyretics and antipyretics on.....	121
Chambers, R., Lillie, R. S., and Clowes, G. H. A. On the penetration of dichloroethylsulphide (mustard gas) into marine organisms, and the mechanism of its destructive action on protoplasm.....	75
Chloramines, action of, An experimental study of the.....	259
Chlorine gassing, Drugs after.....	55, 61, 131
— poisoning, The influence of morphine upon the fatality of.....	55
— , The effects of, upon isolated bronchi and pulmonary vessels.....	47
— , The effects of, upon the body temperature.....	65
Chloroform poisoning, The restoration of the frog's heart in.....	367
Circulatory stimulants, Observations upon the treatment of gassed dogs with.....	61
Clowes, G. H. A., Lillie, R. S., and Chambers, R. On the penetration of dichloroethylsulphide (mustard gas) into marine organisms, and the mechanism of its destructive action on protoplasm.....	75
Cocaine intoxication in the rabbit.....	355
Colloids, Effects of various, and other agents which produce anaphylactoid phenomena on bronchi of perfused lungs.....	449

- Colloids, Effects of various, and other agents which produce anaphylactoid phenomena on surviving intestine and uterus..... 463
- , various, and arsphenamine, anaphylactoid phenomena from, A comparison of the prophylactic effects of atropine and epinephrine in anaphylactic shock and..... 425
