

## INDEX

Volume 160, March-April, 1968

- Aceto, M. D., *see* Pearl, J., 217
- Acetylcholine-induced smooth muscle contraction, effect of adrenergic blocking agents, 106
- Acetylcholine localization, on the ampullate gland of the spider, 81
- Adenosine triphosphatase of skeletal and cardiac sarcoplasmic reticulum, effect of inhibitors, 249 effects of propranolol, 261
- Adrenal medullectomy and adrenalectomy, effect on hemodynamic responses to tyramine, 292
- Adrenergic blocking agents, effect on smooth muscle contraction, 106 effects on calcium uptake and ATPases of skeletal and cardiac sarcoplasmic reticulum, 261
- Adrenergic receptors, *beta* antagonists, steric aspects, 308 pharmacologic activity in mouse spleen, 72
- Affi, A.-H. M. and Way, E. L., 397
- Amino acids, in blood and urine, effects of hydrazine, 212
- p*-Aminohippurate, transport in dog kidney slices, 381
- Aminopyrine metabolism, by liver of rats with mammatropic tumor, 179
- Analgesics, potency determination by writhing test, 217
- Angiotensin-induced smooth muscle contraction, effect of adrenergic blocking agents, 106
- Antiarrhythmic activity of isoquinolines, determination by rapid screening procedure, 22
- Antihistaminic agents, influence on formaldehyde-induced edema, 243
- Antihypertensive effects of Go-1002, 268
- Atheromatous changes in aorta, effects of reserpine on production, 32
- Atropine, analysis of rate of action, 91 relation to acetylcholine localization on ampullate gland of spider, 81
- Barbiturates, effects on estrogen metabolism, 171
- Barium-induced smooth muscle contraction, effect of adrenergic blocking agents, 106
- Behavior, effects of  $\alpha$ -methyltyrosine after depletion of brain catecholamines, 326 schedule-controlled, effects of sympathomimetic amines, 315
- Benzoquinonium, actions on skeletal neuromuscular junction, 159
- Benzyltrimethylammonium, and pyridylmethyl analogs, ganglionic effects, 112
- Blaber, L. C., *see* Christ, D. D., 159
- Blake, D. A., *see* Schumacher, H., 189, 201
- Bobbin, R. P. and Guth, P. S., 11
- Booth, D. A., 336
- Bradykinin, effects on venous diameter *in vivo*, 11
- Brain catecholamines, depleting effect of methyltyrosine and reserpine, 326
- Brodie, B. B., *see* Neff, N. H., 48
- Brown, J. H., Kissel, J. W. and Lish, P. M., 231
- Brown, J. H., Mackey, H. K., Riggilo, D. A. and Schwartz, N. L., 243
- Calcium<sup>45</sup>, effect of procaine on uptake in skeletal muscle, 148
- Calcium concentrations, relation to induced smooth muscle contractions, 106
- Calcium uptake by skeletal and cardiac sarcoplasmic reticulum, effect of inhibitors, 249 effects of propranolol, 261
- Cardiovascular effects of prostaglandin F<sub>2 $\alpha$</sub> , 1
- Carr, L. A., *see* Rech, R. H., 326
- Carrier, O., Jr., *see* Shibata, S., 106 *see* Whittington-Coleman, P. J., 32
- Catecholamines, depleting effect of methyltyrosine and reserpine on brain, 326 induction of eating response in rats, 336 influence on formaldehyde-induced edema, 243 turnover after monoamine oxidase inhibition or reserpine administration, 40
- Central nervous system, relation to inflammation, 231
- Chlorpromazine, effect on smooth muscle contraction, 106
- Christ, D. D. and Blaber, L. C., 159
- Clements, T. H., *see* Mulé, S. J., 387
- Clover, B. R., *see* Whittington-Coleman, P. J., 32
- Coe, F. L., *see* Korty, P., 212
- Conney, A. H., *see* Welch, R. M., 171
- Costa, E., *see* Neff, N. H., 40, 48
- Cyclazocine, metabolic fate in dogs, 387
- Cyclic 3',5'-AMP phosphodiesterase, effects of methylpyrazole carboxylic acid and nicotinic acid, 166
- Cyprenorphine, influence on distribution of etorphine, 407
- David, J., *see* Grewal, R. S., 268
- Dibenamine, effect on smooth muscle contraction, 106
- Diisopropylfluorophosphate, relation to acetylcholine localization and protein synthesis in ampullate gland of the spider, 81
- Dobbs, H. E., 407

- DT-327, natriuretic action, 367  
 Ducharme, D. W., Weeks, J. R. and Montgomery, R. G., 1  
 Dyer, D. C. and Walaszek, E. J., 360
- Eating response of rats to intracerebral administration of norepinephrine, 336  
 Edema, formaldehyde-induced, influence of antihistaminics and catecholamines, 243  
 Enzyme activity in liver of tumor-bearing rats, relation to metabolism of hexobarbital, aminopyrine and *p*-nitrobenzoic acid, 179  
 Estradiol-17 $\beta$  metabolism, stimulatory effect of phenobarbital, 171  
 Estrone metabolism, stimulatory effect of phenobarbital, 171  
 Etorphine, effects of cyprenorphine on distribution, 407
- Farah, A., *see* Ross, C. R., 375, 381  
 Faust, R. E., *see* Harakal, C., 292  
 Frankenheim, J., *see* Shibata, S., 106
- Gaffney, T. E., *see* Mohammed, S., 300  
 Ganglionic blockade and depolarization, dissociation after nicotine, 124  
 Ganglionic effects of benzyltrimethylammonium and its pyridylmethyl analogs, 112  
 Gebber, G. L., 124  
 Gillette, J. R., *see* Schumacher, H., 189, 201  
 Go-1002, antihypertensive effects, 268  
 Gomez, H., *see* Mohammed, S., 300  
 Gorodetzky, C. W., *see* Mulé, S. J., 387  
 Grewal, R. S., Kaul, C. L. and David, J., 268  
 Guanethidine, effects on vascular resistance, 300  
 Gurian, J. M., *see* Schumacher, H., 189  
 Guth, P. S., *see* Bobbin, R. P., 11
- $\beta$ -Haloalkylamines, inhibitory effects on renal transport of N-methylnicotinamide, 375  
 Hamilton, J. T. and Rubinstein, H. M., 112  
 Hammer, W., *see* Neff, N. H., 48  
 Harakal, C., Sevy, R. W., Reidenberg, M. M. and Faust, R. E., 292  
 Harris, L. S., *see* Pearl, J., 217  
 Hexobarbital metabolism by liver of rats with mammotropic tumor, 179  
 Hofmann, W. W., 349  
 Hook, J. B., *see* Terry, B., 367  
 Hydrazine, effects on free amino acid concentrations in plasma and urine, 212  
 Hypertensive effect of prostaglandin F<sub>1 $\alpha$</sub> , 1  
 Hypotensive effects of Go-1002, 268
- Ignarro, L. J. and Titus, E., 72  
 Inflammatory response, influence of antihistaminics and catecholamines, 243  
 role of central nervous system, 231
- Isoquinoline derivatives, screening procedure for antiarrhythmic activity and acute toxicity, 22
- Kaul, C. L., *see* Grewal, R. S., 268  
 Kidney, occurrence and pharmacologic properties of lipids, 360  
 Korty, P. and Coe, F. L., 212  
 Kissel, J. W., *see* Brown, J. H., 231  
 Kupiecki, F. P. and Marshall, N. B., 166
- Lawson, J. W., 22  
 Levin, W., *see* Welch, R. M., 171  
 Lipids, occurrence and pharmacologic properties in kidney, 360  
 Lipolysis, effects of methylpyrazole carboxylic acid and nicotinic acid, 166  
 Lish, P. M., *see* Brown, J. H., 231
- Mackey, H. K., *see* Brown, J. H., 243  
 Mammotropic tumor in rats, effects on drug-metabolizing enzymes of liver, 179  
 Marshall, N. B., *see* Kupiecki, F. P., 166  
 McIntosh, D. A. D., *see* Scales, B., 249, 261  
 McMillan, D. E., 315  
 Metabolism, of H<sup>3</sup>-cyclazocine in dogs, 387  
 of estradiol-17 $\beta$  and estrone, effect of phenobarbital, 171  
 of methotrimeprazine, 397  
 of norepinephrine, by subcellular particles of rat heart, 277  
 of norepinephrine, effect of sympathetic nerve stimulation, 61  
 of thalidomide, in rabbits and rats, 201  
 Methotrimeprazine, biologic disposition, 397  
 Methyldopa, effects on vascular resistance, 300  
 N-Methylnicotinamide transport, by kidney, inhibition of  $\beta$ -haloalkylamines, 375  
 in dog kidney slices, 381  
 5-Methylpyrazole-3-carboxylic acid, and nicotinic acid, effects on lipolysis and cyclic-3',5'-AMP phosphodiesterase, 166  
 $\alpha$ -Methyltyrosine, behavioral effects after reserpine treatment, 326
- Michaelson, I. A., Taylor, P. W., Jr., Richardson, K. C. and Titus, E., 277  
 Mohammed, S., Gaffney, T. E., Yard, A. C. and Gomez, H., 300  
 Monoamine oxidase inhibition, effect on catecholamine turnover, 40
- Montgomery, R. G., *see* Ducharme, D. W., 1  
 Moore, K. E., *see* Rech, R. H., 326  
 Mueller, R. A. and Shideman, F. E., 53  
 Mulé, S. J., Clements, T. H. and Gorodetzky, C. W., 387  
 Muscarinic activity, of trimethylammonium analogs, 112

- Muscle, frog sartorius, effect of pH on nicotine- $C^{14}$  uptake, 135  
 effect of procaine on nicotine-induced contracture and uptake, 148
- Myasthenia therapy, electrophysiologic studies of newer drugs, 349
- Narcotics and narcotic antagonists, potency determination by writhing test, 217
- Natriuresis, action of DT-327, 367
- Neff, N. H. and Costa, E., 40
- Neff, N. H., Tozer, T. N., Hammer, W., Costa, E. and Brodie, B. B., 48
- Neuromuscular blockade by benzoquinonium, in cat tenuissimus muscle, 159
- Nicotine, effect of pH on uptake by muscle, 135  
 effects of procaine on muscle contracture and calcium<sup>45</sup> uptake, 148  
 separation of ganglionic depolarization and blockade, 124
- Nicotinic acid, and methylpyrazole carboxylic acid, effects on lipolysis and cyclic 3',5'-AMP phosphodiesterase, 166
- Nicotinic activity of trimethylammonium analogs, 112
- p*-Nitrobenzoic acid metabolism, by liver of rats with mammatropic tumor, 179
- Norepinephrine, eating in rats after injection, 336  
 effect of sympathetic nerve stimulation on synthesis and metabolism, 61  
 kinetics of uptake and decline in rat heart after tyramine injection, 48  
 levels in heart, response to tyramine after reserpine pretreatment, 53  
 uptake and metabolism by subcellular particles of heart, 277
- Patil, P. N., 308
- Peakall, D. B., 81
- Pearl, J., Aceto, M. D. and Harris, L. S., 217
- Pessah, N. I., *see* Ross, C. R., 375, 381
- pH, effect on uptake of nicotine- $C^{14}$  by frog muscle, 135
- Phenobarbital, stimulatory effect on estradiol-17 $\beta$  and estrone metabolism, 171
- Phenoxybenzamine, effect on smooth muscle contraction, 106
- Potassium-induced smooth muscle contraction, effect of adrenergic blocking agents, 106
- Procaine, effects on nicotine-induced contracture and calcium<sup>45</sup> uptake, 148
- Propranolol, effect on calcium uptake and ATPase activity of skeletal and cardiac sarcoplasmic reticulum, 261
- Prostaglandin F<sub>2 $\alpha$</sub> , mechanism of hypertensive effect, 1
- Protein synthesis, in ampullate gland of the spider, stimulation by acetylcholine and diisopropyl-fluorophosphate, 81
- Rabadjija, M., *see* Weiner, N., 61
- Receptor occupancy and access of atropine, 91
- Rech, R. H., Carr, L. A. and Moore, K. E., 326
- Reidenberg, M. M., *see* Harakal, C., 292
- Renal transport, of *p*-aminohippurate and N-methylnicotinamide, 381  
 of N-methylnicotinamide, inhibition by  $\beta$ -haloalkylamines, 375
- Reserpine, and cardiac responsiveness to tyramine, 53  
 effect on atheromata induced by vasopressin and cholesterol, 32  
 effect on catecholamine turnover, 40  
 effect on response to tyramine in intact and medullectomized animals, 292  
 effects on vascular resistance, 300
- Richardson, K. C., *see* Michaelson, I. A., 277
- Riggilo, D. A., *see* Brown, J. H., 243
- Ross, C. R., Pessah, N. I. and Farah, A., 375, 381
- Rubinstein, H. M., *see* Hamilton, J. T., 112
- Sarcoplasmic reticulum of skeletal and cardiac muscle, effect of inhibitors on calcium uptake and ATPase activity, 249  
 effects of propranolol on calcium uptake and ATPase activity, 261
- Scales, B. and McIntosh, D. A. D., 249, 261
- Screening procedure, for antiarrhythmic activity and acute toxicity of compounds in mice, 22
- Schumacher, H., Blake, D. A. and Gillette, J. R., 201
- Schumacher, H., Blake, D. A., Gurian, J. M. and Gillette, J. R., 189
- Schwartz, N. L., *see* Brown, J. H., 243
- Sevy, R. W., *see* Harakal, C., 292
- Shibata, S., Carrier, O., Jr. and Frankenheim, J., 106
- Shideman, F. E., *see* Mueller, R. A., 53
- Spleen, adrenergic receptors, pharmacologic activity in the mouse, 72
- Steady-state kinetics, application to study of catecholamine turnover, 40  
 of norepinephrine release after tyramine injection, 48
- Steric aspects of *beta* receptor antagonists, 308
- Sympathetic nerve stimulation, effect on norepinephrine synthesis and metabolism, 61
- Sympathomimetic amines, effects on schedule-controlled behavior, 315
- Taylor, P. W., Jr., *see* Michaelson, I. A., 277
- Teratogen, thalidomide as, in rabbits and rats, 189, 201
- Terry B. and Hook, J. B., 367

- Thalidomide, comparison of disposition in rabbits and rats, 201  
comparison of teratogenic activity in rabbits and rats, 189
- Thron, C. D. and Waud, D. R., 91
- Titus, E., *see* Ignarro, L. J., 72  
*see* Michaelson, I. A., 277
- Tozer, T. N., *see* Neff, N. H., 48
- Tyramine, and hemodynamic response, role of adrenal cortex and medulla, 292  
restoration of cardiac response after reserpine pretreatment, 53
- Vascular resistance, effects of methyl dopa, reserpine and guanethidine, 300
- Vasopressin-cholesterol-induced atheromata, effects of reserpine, 32
- Venoconstrictive effects of bradykinin, 11
- Veratrum alkaloids, effects on myasthenic human neuromuscular junction, 349
- Walaszek, E. J., *see* Dyer, D. C., 360
- Waud, D. R., *see* Thron, C. D., 91
- Way, E. L., *see* Affi, A.-H. M., 397
- Weeks, J. R., *see* Ducharme, D. W., 1
- Weiner, N. and Rabadjija, M., 61
- Weiss, G. B., 135, 148
- Welch, R. M., Levin, W. and Conney, A. H., 171
- Whittington-Coleman, P. J., Carrier, O., Jr. and Clower, B. R., 32
- Wilson, J. T., 179
- Writhing test, comparison of potency of narcotics, narcotic antagonists and analgesics, 217
- Yard, A. C., *see* Mohammed, S., 300
