

INDEX TO VOLUME XVIII

Albino rats, Studies of chronic intoxications on.....	43
Absorption of drugs, The influence of the electric current on.....	241
Acid, paramethylphenylcinchoninic, the ethyl ester of, Studies on the influence of phenylcinchoninic acid and, on renal excretion.....	213
—, phenylcinchoninic, Studies on the influence of, and the ethyl ester of paramethylphenylcinchoninic acid on renal excretion.....	213
Adrenalectomised frogs, The toxicity of the blood of.....	399
Alkaloids, toxicity of, for Paramoecium, The effect of hydrogen ion concentration on the.....	319
Anesthetics, The effects of some new local.....	467
Anterior and posterior lobes of the fresh pituitary gland, On the relative amounts of depressor and broncho-constrictor substance obtainable from the.....	1
Antimony, Comparison of the antimonyl tartrates with the organic compounds of.....	341
—, The chemotherapy of.....	341
Antimonyl tartrates, Comparison of the, with the organic compounds of antimony.....	341
Antipyretic drug action, The relation of the dextrose and water content of the blood to.....	165
Antiseptics, chlorine, Notes on the toxic effects of, in dogs.....	201
Antispasmodic drugs, A study of, on the bronchus.....	373
Aromatic drugs and fumes, Experimental inquiry into the sedative properties of some.....	361
Arsenic compounds, Quantitative pathological studies with.....	133
— trioxid.....	43
Arsphenamine, neoarsphenamine and para-oxy-meta-amino-phenyl-arsenoxide, The influence of fasting and various diets on arsphenamine poisoning and the comparative toxicity of.....	133
— poisoning, The influence of fasting and various diets on, and the comparative toxicity of arsphenamine, neoarsphenamine and para-oxy-meta-amino-phenyl-arsenoxide.....	133
Barbour, H. G., and Herrmann, J. B. The relation of the dextrose and water content of the blood to antipyretic drug action.....	165
—, and Hjort, A. M. Notes on the toxic effects of chlorine antiseptics in dogs.....	201
—, and Rapoport, F. H. Uterine effects of intravenous injections of fluids.....	407
Belladonna, extract of, The physiological standardization of.....	313

- Benzyloquinoline alkaloid, the, of chelidonium (celandine or tetterwort) and stylophorum, The pharmacology of chelidonin..... 63
- Blood in animals, A simple method for the determination of the coagulation time of..... 237
- of adrenalectomised frogs, The toxicity of the blood of..... 399
- , Relation of the dextrose and water content of the, to antipyretic drug action..... 165
- Bonar, M. L., and Sollmann, Torald. The effects of some new local anesthetics. Para-aminobenzoyl dinormal butyl-amino ethanol and propanol; and diethyl amino-propyl diphenyl amino-carbinol..... 467
- Brain cephalin, On the chemical composition and physiological characteristics of..... 51
- Bronchi, excised, from normal and diseased animals, Response to drugs of.. 111
- Broncho-constrictor substance of, obtainable from the anterior and posterior lobes of the fresh pituitary gland, on the relative amounts of depressor, and..... 1
- Bronchus, A study of antispasmodic drugs on the..... 373
- Carr, A. D. The effect of water diuresis on the elimination of certain urinary constituents..... 221
- Cephalin, brain, On the chemical composition and physiological characteristics of..... 51
- Chelidonin, The pharmacology of, the benzyloquinoline alkaloid of chelidonium (celandine or tetterwort) and stylophorum..... 63
- Chelidonium (celandine or tetterwort) and stylophorum, the benzyloquinoline alkaloid of, The pharmacology of chelidonin..... 63
- Chemotherapy of antimony, The..... 341
- Chlorine antiseptics, Notes on the toxic effects of, in dogs..... 201
- Chronic intoxications on albino rats, Studies of..... 43
- Clark, A. J. The mode of action of potassium upon isolated organs..... 423
- Coagulation time of blood in animals, A simple method for the determination of..... 237
- Colloids, On the influence of, on the action of non-collodial drugs..... 257, 271
- Crane, Marian M. The effect of hydrogen ion concentration on the toxicity of alkaloids for Paramoecium..... 319
- Dale, H. H., and Dudley, H. W. On the pituitary active principles and histamine..... 27
- , and Dudley, H. W. The physiological action of N-methylhistamine and of tetrahydropyrido-3.4-iminazole ("Imidazolisopiperidin" of Fränkel)..... 103
- Depressants, vasomotor, Effects of, upon the volume of the liver..... 155
- Depressor and broncho-constrictor substance obtainable from the anterior and posterior lobes of the fresh pituitary gland, On the relative amounts of..... 1
- Determination of the coagulation time of blood in animals, A simple method for the..... 237

- Dextrose and water content of the blood, Relation of the, to antipyretic drug action..... 165
- Diuresis, water, The effect of, on the elimination of certain urinary constituents..... 221
- Dogs, Notes on the toxic effects of chlorine antiseptics in..... 201
- Drug action, antipyretic, The relation of the dextrose and water content of the blood to..... 165
- Drugs and fumes, some aromatic, Experimental inquiry into the sedative properties of..... 361
- , antispasmodic, A study of, on the bronchus..... 373
- , non-colloidal, On the influence of colloids on the action of..... 257, 271
- , Response to, of excised bronchi from normal and diseased animals.... 111
- Dudley, H. W., and Dale, H. H. On the pituitary active principles and histamine..... 27
- , and Dale, H. H. The physiological action of N-methylhistamine and of tetrahydropyrido-3.4-iminazole ("Imidazolisopiperidin" of Fränkel). 103
- Edmunds, Charles W. Effects of vasomotor depressants upon the volume of the liver..... 155
- Electric current, The influence of the, on the absorption of drugs..... 241
- Epinephrin administered by rectum, The reaction to..... 207
- hyperglycemia..... 121
- Ethyl ester of paramethylphenylcinchoninic acid, Studies on the influence of phenylcinchoninic acid and on renal excretion..... 213
- Extract of belladonna, The physiological standardization of..... 313
- Fargher, Robert George, and Gray, William Herbert. The chemotherapy of antimony. Comparison of the antimonyl tartrates with the organic compounds of antimony..... 341
- Fasting and various diets, The influence of, on arsphenamine poisoning, and the comparative toxicity of arsphenamine, neoarsphenamine and para-oxy-meta-amino-phenyl-arsenoxide..... 133
- Fenger, Frederic. On the chemical composition and physiological characteristics of brain cephalin..... 51
- Frogs, adrenalectomised, The toxicity of the blood of..... 399
- Gland, fresh pituitary, On the relative amounts of depressor and bronchoconstrictor substance obtainable from the anterior and posterior lobes of the..... 1
- Gray, William Herbert, and Fargher, Robert George. The chemotherapy of antimony. Comparison of the antimonyl tartrates with the organic compounds of antimony..... 341
- Hanzlik, P. J. The pharmacology of chelidonin, the benzyloquinoline alkaloid of chelidonium (celandine or tetterwort) and stylophorum.... 63
- Harrington, Charles Robert, and Meakins, Jonathan. The relation of histamine to intestinal intoxication. I. The presence of histamine in the human intestine..... 455

- Herrmann, J. B., and Barbour, H. G. The relation of the dextrose and water content of the blood to antipyretic drug action..... 165
- Histamine in the human intestine, The presence of..... 455
- , On the pituitary active principles and..... 27
- , The relation of, to intestinal intoxication..... 455
- Hjort, A. M., and Barbour, H. G. Notes on the toxic effects of chlorine antiseptics in dogs..... 201
- Hooper, Charles W., Kolls, Alfred C., and Wright, K. Dorothy. Quantitative pathological studies with arsenic compounds. I. The influence of fasting and various diets on arsphenamine poisoning and the comparative toxicity of arsphenamine, neoarsphenamine and para-oxy-meta-amino-phenyl-arsenoxide..... 133
- Hoskins, R. G. The reaction to epinephrin administered by rectum..... 207
- Human intestine, The presence of histamine in the..... 455
- Hydrogen ion concentration, The effect of, on the toxicity of alkaloids for Paramoecium..... 319
- Hyperglycemia, Epinephrine..... 121
- Inchley, O. A simple method for the determination of the coagulation time of blood in animals..... 237
- The influence of the electric current on the absorption of drugs..... 241
- Intestinal intoxication, The relation of histamine to..... 455
- Intestine, human, The presence of histamine in the..... 455
- Intoxication, intestinal, The relation of histamine to..... 455
- Intoxications, chronic, Studies of, on albino rats..... 43
- Intravenous injections of fluids, Uterine effects of..... 407
- Isolated organs, The mode of action of potassium upon..... 423
- uterus, The activity of the..... 185
- Kellaway, C. H. The toxicity of the blood of adrenalectomised frogs..... 399
- Killian, John A., and Myers, Victor C. Studies on the influence of phenylcinchoninic acid and the ethyl ester of paramethylphenylcinchoninic acid on renal excretion..... 213
- Kolls, Alfred C., Hooper, Charles W., and Wright, K. Dorothy. Quantitative pathological studies with arsenic compounds. I. The influence of fasting and various diets on arsphenamine poisoning and the comparative toxicity of arsphenamine, neoarsphenamine and para-oxy-meta-amino-phenyl-arsenoxide..... 133
- Liver, Effects of vasomotor depressants upon the volume of the..... 155
- Local anesthetics, The effects of some new..... 467
- Macht, David I., and Ting, Giu Ching. A study of antispasmodic drugs on the bronchus..... 373
- , and Ting, Giu Ching. Experimental inquiry into the sedative properties of some aromatic drugs and fumes..... 361
- , and Ting, Giu Ching. Response to drugs of excised bronchi from normal and diseased animals..... 111

Maal, P. H., and Storm van Leeuwen, W. The physiological standardization of extract of belladonna.....	313
Meakins, Jonathan, and Harington, Charles Robert. The relation of histamine to intestinal intoxication. I. The presence of histamine in the human intestine.....	455
Myers, Victor C., and Killian, John A. Studies on the influence of phenylcinchoninic acid and the ethyl ester of paramethylphenylcinchoninic acid on renal excretion.....	213
Narcosis, On scopolamine-morphine.....	449
Neoarsphenamine, and para-oxy-meta-amino-phenyl-arsenoxide, The influence of fasting and various diets on arsphenamine poisoning and the comparative toxicity of arsphenamine and.....	133
Non-colloidal drugs, On the influence of colloids on the action of.....	257, 271
N-methylhistamine, The physiological action of, and of tetrahydropyridido-3.4-iminazole (imidazolisopiperidin of Fränkel).....	103
Ogata, Sukemasa. The activity of the isolated uterus.....	185
Paramoecium, The effect of hydrogen ion concentration on the toxicity of alkaloids for.....	319
Paramethylphenylcinchoninic acid, the ethyl ester of, Studies on the influence of phenylcinchoninic acid and, on renal excretion.....	213
Para-oxy-meta-amino-phenyl-arsenoxide, The influence of fasting and various diets on arsphenamine poisoning and the comparative toxicity of arsphenamine, neoarsphenamine and.....	133
Phenylcinchoninic acid, Studies on the influence of, and the ethyl ester of paramethylphenylcinchoninic acid on renal excretion.....	213
Physiological standardization of extract of belladonna, The.....	313
Pituitary active principles and histamine, On the.....	27
— gland, fresh, On the relative amounts of depressor and broncho-constrictor substance obtainable from the anterior and posterior lobes of the.....	1
Poisons in avitaminous animals, The sensitiveness to.....	293
Posterior, and anterior, lobes of the fresh pituitary gland, On the relative amounts of depressor and broncho-constrictor substance obtainable from the.....	1
Potassium, The mode of action of, upon isolated organs.....	423
