

# INDEX

Volume 203, October-December, 1977

- Acetylcholine**  
stimulation of sympathetic ganglia: effects of taurine and nicotinic and muscarinic ganglion block in dogs, 426
- l*- $\alpha$ -Acetylmethadol**  
in rat, effect of alteration of metabolism on analgesic activity, toxicity, distribution and excretion of, 377
- Adams, H. R., Isaacson, E. L. and Masters, B. S. S.:** Inhibition of hepatic microsomal enzymes by chloramphenicol, 388
- Adelstein, G. W., see Dajani, E. Z.,** 512
- Adenosine**  
in C-1300 murine neuroblastoma in tissue culture, elevation of cyclic adenosine 3':5'-monophosphate, 610
- Adenosine 3':5'-monophosphate** in rat, effect of temperature, 457
- Adrenalectomy**  
effect on potassium metabolism in cats, 103
- Adrenal origin**  
of increase in plasma dopamine  $\beta$ -hydroxylase and catecholamines induced by hemorrhagic hypotension, 587
- Adrenergic antagonists**  
effect on potassium metabolism in cats, 103
- Adrenergic blocking drug**  
*beta*, propranolol, studies on uptake and binding, by rat tissues, 621
- Adrenergic mechanism**  
*beta*, mediation in exocytosis in rat parotid gland, 144  
central and peripheral, regulating gastric secretion in rat, 125
- Adrenergic receptors**  
*alpha*, in rat, regulation of gastric secretion by, 125  
*beta*, and adenylate cyclase system, effect of 6-hydroxydopamine on development in rat cerebral cortex, 132  
*beta*, role in isoproterenol-induced desensitization of rat tracheal smooth muscle, 12
- Adrenoceptors**  
*beta*, induction of histamine mediation in muscular vasodilatation in dogs by, 30  
cardiac, in rat, effect of temperature, 457
- Adenylate cyclase**  
and *beta* adrenergic receptor system, effects of 6-hydroxydopamine on development in rat cerebral cortex, 132
- Ahmad, N. and Black, M.:** The hepatic microsomal mixed-function oxidase system in man: Cofactor effects and the influence of cholestasis, 397
- Akera, T., Olgaard, M. K., Temma, K. and Brody, T. M.:** Development of the positive inotropic action of ouabain: Effects of transmembrane sodium movement, 675
- Alkylating agents**  
cytotoxic activity in the presence of centrophenoxine, 630
- Amethopterin**  
transport system in rat jejunum, 640
- 4-Aminopyridine**  
effects at the frog neuromuscular junction, 653
- Anagnostopoulos, C., see Somberg, J. C.,** 480
- Analgesia**  
nitrous oxide, in mice, reversal by naloxone and development of tolerance, 539
- Analgesic activity**  
toxicity, distribution and excretion of *l*- $\alpha$ -acetylmethadol in rat, effect of alteration of metabolism of, 377
- Analogs**  
of oxytocin, dose response behavior on isolated rat uterus with modifications at binding sites, 120
- Anesthetic**  
ketamine, self-administration by rhesus monkey, 303
- Anileridine**  
N-dealkylation of—radioimmunoassay for normeperidine, 203
- Antiarrhythmic**  
action of prostaglandins E<sub>1</sub> and E<sub>2</sub> in cat, 480  
agent, lidocaine, in dogs, effect of duration of infusion on disposition of, 507
- Antiarthritic**  
effect of tilorone, 156
- Antibodies**  
against atropine in rabbits immunized with atropine, 435  
antimorphine, in rats, purification by affinity chromatography of, 360
- Antidiarrheal agent**  
SC-27166, in mice, pharmacology of, 512  
SC-27166, interaction with opiate receptor sites

- in guinea-pig brain and myenteric plexus, 527
- Anti-inflammatory**  
 activity of some prostatic acid analogs, in rats, effect of ring substitution, 729  
 properties of steroids—relationship with prostaglandin production and arachidonic acid release by transformed mouse fibroblasts, 162
- Antimorphine**  
 in rat, purification by affinity chromatography of, 360
- Antitumor activity**  
 of alkylating agents, potentiation by centrophenoxine, 630
- Arachidonic acid release**  
 by transformed mouse fibroblasts, relationship between anti-inflammatory properties and, 162
- Arrhythmia**  
 ouabain-induced, in cats, correlation with non-uniformity in histamine-evoked discharge of cardiac sympathetic nerves, 467
- Aspirin**  
 and indomethacin, in dogs, effect on gastric blood flow and acid secretion, 646
- Atropine**  
 in plasma in rabbits, radioimmunoassay, 435
- Aucélio, J. G., *see* Jurkiewicz, N. H., 112
- Autoradiography**  
 of [<sup>3</sup>H]reserpine binding sites in rat brain, 564
- Avner, B. P., *see* Lin, C.-S., 12
- Badger, T. M., *see* Cicero, T. J., 548
- Bailey, J. C., *see* Sutko, J. L., 685
- Barbiturates**  
 homologous series, pharmacokinetics in intact rat and in isolated perfused rat liver, 184
- Behavior**  
 circling and stereotypy, in rats, induced by intranigral opiate microinjections, 347  
 dose response, on isolated rat uterus of oxytocin analogs with modifications at binding sites, 120  
 human, dose preference during pentobarbital self-administration, 310  
 in rhesus monkey, ketamine self-administration, 303  
 response, in pigeons, development of tolerance to disruptive effects of cocaine on, 294
- Behavioral**  
 changes in rat offspring, effect of maternally administered methadone on, 340
- Bell, R. D., *see* Cicero, T. J., 548
- Benjamini, E., *see* Miller, C. H., 213
- Bentley, P. J., *see* McGahan, M. C., 97
- Benz[a]quinolizine derivative**  
 with neuroleptic-like action on cerebral monoamine turnover, in rats, 556
- Beppu, R. I., *see* Hitt, B. A., 193
- Berkowitz, B. A., Finck, A. D. and Ngai, S. H.: Nitrous oxide analgesia: reversal by naloxone and development of tolerance, 539
- Besch, H. R., Jr., *see* Sutko, J. L., 685
- Bianchi, R. G., *see* Dajani, E. Z., 512
- Bile**  
 elimination of phenylethylhydantoin (Nirvanol), in dog, 493
- Binding process**  
 of ethacrynic acid and certain analogs with bovine serum albumin, 738
- Biochemical**  
 changes in rat offspring, effect of maternally administered methadone on, 340
- Biotransformation**  
 functions of hepatic microsomal enzymes in mice, effects of chloramphenicol, 388
- Bircher, J. P., *see* Küpfer, A., 493
- Black, M., *see* Ahmad, N., 397
- Blake, D. A., *see* Martz, F., 231
- Blood**  
 duration of infusion, effect on disposition of lidocaine in dogs, 507
- Blood flow**  
 regional myocardial, in canine hearts, importance of endocardial viability ratio in predicting effect on, 664
- Bloss, J. L., *see* Dajani, E. Z., 512
- Bloss, J. L., *see* Mackerer, C. R., 527
- Bloxham, D. D., *see* Wang, B. C., 442
- Borison, H. L., *see* Costello, D. J., 222
- Bounous, H., *see* Somberg, J. C., 480
- Bovine serum albumin**  
 interaction with ethacrynic acid, dihydroethacrynic acid and certain thiol adducts of ethacrynic acid, 738
- Boxenbaum, H. G., *see* Wurzbürger, R. J., 435
- Brain**  
 cat, naloxone antagonizes narcotic self-blockade of emesis in, 222  
 caudate nucleus and substantia, cat, stimulating effects of  $\gamma$ -hydrobutyrate on dopamine release, 283  
 rat, autoradiographic localization of [<sup>3</sup>H]reserpine binding sites in, 564  
 rat, effects of lysergic acid diethylamide and reserpine on serotonin in, 575  
 guinea pig, interaction of SC-27166, a new anti-diarrheal agent, and opiate receptor sites in, 527  
 substantia nigra, in rats, circling behavior and stereotypy induced by opiate microinjections into, 347
- Brain development**  
 in rat, effect of maternally administered methadone in offspring on, 340
- Brandão, F.: Inactivation of norepinephrine in an isolated vein, 23
- Brewer, G. J., *see* Moore, L. G., 722
- Brewer, L. F., *see* Moore, L. G., 722
- Brink, C., Ridgway, P. and Douglas, J. S.: Modification of airway smooth muscle responses in the guinea pig by hydrocortisone, *in vitro* and

- in vivo*, 1
- Brody, T. M., *see* Akera, T., 675
- Bronchodilator  
W10, 294A, pharmacologic studies in guinea pigs and dogs, 701
- Brougham, L. R., *see* Mackerer, C. R., 527
- Bumetanide  
effect on cation transport in human red blood cells, 92  
hemodynamic and natriuretic effects in cat, 82  
inhibition of chloride transport across the amphibian cornea – mode of action of, 97
- Cafruny, E. J., *see* Koechel, D. A., 738
- Cagin, N., *see* Somberg, J. C., 480
- Caille, G., *see* Leloir, J., 507
- Calcium  
in rat parotid gland – role in exocytosis, 144
- Cardiovascular effects  
of *Escherichia coli* endotoxin in anesthetized dog, 47  
of picrotoxin in cats, central nervous system sites involved in, 64
- Cardiovascular function  
dog, effect of dipivalyl derivatives of catecholamines on, 442
- Cardiotoxicity  
ouabain, in cat, influence of prostaglandins E<sub>1</sub> and E<sub>2</sub> on, 480
- Carr, G. S., *see* Mathur, P. P., 169
- Cat(s)  
a comparison of thalidomide and pentobarbital – new methods for identifying novel hypnotic drugs, 240  
Central nervous system sites involved in cardiovascular effects of picrotoxin, 64  
correlation of ouabain-induced arrhythmia and nonuniformity in histamine-evoked discharge of cardiac sympathetic nerves in, 467  
effects of adrenalectomy and adrenergic antagonists on potassium metabolism in, 103  
hemodynamic and natriuretic effects of bumetanide and furosemide in, 82  
influence of prostaglandins E<sub>1</sub> and E<sub>2</sub> on ouabain cardiotoxicity in, 480  
naloxone antagonizes norepinephrine self-blockade of emesis in, 222  
stimulating effects of  $\gamma$ -hydroxybutyrate on dopamine release from caudate nucleus and substantia nigra of, 283
- Catapane, E. J., *see* Stefano, G. B., 449
- Catecholamines  
dipivalyl derivatives, effect on cardiovascular function in dog, 442  
in dogs, increase induced by hemorrhagic hypotension, 587
- Catechol O-methyltransferase  
and monoamine oxidase inhibitors, effect on accumulation and metabolism of [<sup>3</sup>H]norepinephrine by adventitia and media of rabbit aorta, 598
- Cation transport  
in human red blood cells, effect of bumetanide on, 92
- Caudate nucleus  
cat, stimulating effects of  $\gamma$ -hydroxybutyrate on dopamine release from, 283
- Central nervous system  
cat, sites involved in cardiovascular effects of picrotoxin, 64  
dog, role in hypotensive effect of endotoxin shock, 47  
rat, autoradiography of [<sup>3</sup>H]reserpine in, 564  
tolerance, in humans, to pentobarbital, 310
- Centrophenoxine  
potentiation of cytotoxic activity of alkylating agents, 630
- Cerebral monoamine turnover  
in rats, a benzo[a]quinolizine derivative with neuroleptic-like action on, 556
- Cerebral cortex  
rat, effects of 6-hydroxydopamine on development of  $\beta$  adrenergic receptor/adrenylate cyclase system in, 132
- Chan, S. *see* Smith, C. W., 120
- Chang, Y.-H.: Adjuvant polyarthritis. II. Suppression by tilorone, 156
- Chemoreceptor  
-induced reflex vasoconstriction, in dog, facilitation by clonidine, 56
- Chéramy, A., Nieoullon, A. and Glowinski, J.: Stimulating effects of  $\gamma$ -hydroxybutyrate on dopamine release from the caudate nucleus and the substantia nigra of the cat, 283
- Chiariello, M., *see* Rengo, F., 30
- Chloramphenicol  
in rat, inhibition of hepatic microsomal enzymes by, 388
- Chloride transport  
across amphibian cornea, inhibition by bumetanide, 97
- 2-[4-(4'-chlorophenoxy) phenoxyacetyl]aminoethylphosphorylethanolamine (PE-104)  
renin inhibitory effect *in vitro* and *in vivo* in dog, 485
- Cholinergic  
postganglionic neurotransmission, contribution to contractions of rabbit detrusor, 417
- Chromatography  
affinity, in rabbits, purification of antimorphine antibodies by, 360
- Cicero, T. J., Badger, T. M., Wilcox, C. E., Bell, R. D. and Meyer, E. R.: Morphine decreases luteinizing hormone by an action on the hypothalamic-pituitary axis, 548
- Clarkson, T. W., *see* Kostyniak, P. J., 253
- Clay, G. A., *see* Mackerer, C. R., 527
- Clonidine

- facilitation of chemoreceptor-induced reflex vasoconstriction by intravertebral arterial administration, in dog, 56
- Cocaine  
disruptive effects in pigeons, development of tolerance to, 294
- Cochin, J., *see* Feinberg, M. P., 332
- Colburn, W. A. and Gibaldi, M.: Plasma protein binding and metabolic clearance of phenytoin in the rat, 500
- Contractile activity  
of SC-27166, a novel antidiarrheal agent, in mice, 512
- Contractile response  
in rabbit detrusor, contribution of cholinergic postganglionic neurotransmission to, 417
- Cornea  
amphibian, inhibition of chloride transport by bumetanide, 97
- Costello, D. J. and Borison, H. L.: Naloxone antagonizes narcotic self-blockade of emesis in the cat, 222
- Covalent binding  
of putative oxide metabolite in gestational tissue, correlation with embryopathic effect of phenytoin teratogenesis, 231
- Cubeddu, L. X., Santiago, E., Talmaciu, R. and Pinardi, G.: Adrenal origin of the increase in plasma dopamine  $\beta$ -hydroxylase and catecholamines induced by hemorrhagic hypotension in dogs, 587
- Cunningham, M. R., *see* Pickens, R., 310
- Cyclic adenosine 3':5'-monophosphate  
effect of adenosine in C-1300 murine neuroblastoma, in tissue culture, on elevation of, 610
- Cycloheximide  
effect of timing on inhibition of morphine tolerance in rats by, 332
- Cysteine  
extracorporeal addition to blood entering hemodialyzer—treatment of methylmercury poisoning in dog, 253
- Cytochrome  $b_5$   
possible role in cytochrome P-450-mediated drug hydroxylation in man after onset of cholestasis, 397
- Cytochrome P-450  
hepatic microsomal, in rabbits, effect on halothane metabolism, 409
- Cytotoxic activity  
of alkylating agents in the presence of centrophoxine, 630
- Dajani, E. Z., Bianchi, R. G., East, P. F., Bloss, J. L., Adelstein, G. W. and Yen, C. H.: The pharmacology of SC-27166: a novel antidiarrheal agent, 512

- Dog(s)  
acetylcholine stimulation of sympathetic ganglia; effects of taurine and nicotinic and muscarinic ganglion block in, 426  
adrenal origin of increase in plasma dopamine  $\beta$ -hydroxylase and catecholamines induced by hemorrhagic hypotension in, 587  
an extracorporeal complexing hemodialysis system for the treatment of methylmercury poisoning, II. *In vivo* applications in, 253  
dilatation of mesenteric vascular bed by urotensin I in, 38  
effect of dipivalyl derivatives of catecholamines on cardiovascular function in, 442  
effect of duration of infusion on disposition of lidocaine in, 507  
effect of indomethacin and aspirin on gastric blood flow and acid secretion in, 646  
effect of *ortho*-iodo sodium benzoate on hemoglobin-oxygen affinity in normal and ischemic myocardium in, 72  
evidence for centrally mediated hypotensive effect of *Escherichia coli* endotoxin in, 47  
facilitation of chemoreceptor-induced reflex vasoconstriction by intravertebral arterial administration of clonidine in, 56  
heart, importance of endocardial viability ratio

- in predicting the effect of nitroglycerin and propranolol on regional myocardial blood flow in, 664
  - histamine mediation in muscular vasodilatation induced by *beta* adrenoceptor stimulation in dogs, 30
  - isolated vein, inactivation of norepinephrine in, 23
  - pharmacologic studies of W10, 294A, a new bronchodilator, in, 701
  - renin inhibitory effect of 2-[4-(4'-chlorophenoxy)phenoxyacetylaminomethylphosphorylethanolamine (PE-104) *in vitro* and *in vivo* in, 485
  - renal tubular sodium and phosphate transport: inhibitory mechanisms of proximally active agents in, 264
  - stereoselective metabolism, pharmacokinetics and biliary elimination of phenylethylhydantoin (Nirvanol) in, 493
- Dopamine
  - metabolism in *Mytilus edulis*, effects of temperature acclimation on, 449
  - release from caudate nucleus and substantia nigra of cat, stimulated by  $\gamma$ -hydroxybutyrate, 283
- Dopamine  $\beta$ -hydroxylase
  - in dogs, increase induced by hemorrhagic hypotension, 587
