

INDEX

Volume 204, JANUARY-MARCH 1978

- Abdel-Latif, A. A., *see* Akhtar, R. A., 655
- Acetylation, procainamide, by rat liver and kidney
N-acetyltransferase, kinetics, effect of hydralazine, 212
- Acetylcholine
conditions for release from isolated human placental villus, 433
-stimulated breakdown of triphosphoinositide in rabbit iris smooth muscle, 655
- N-Acetylprocainamide, quantitative disposition in rat, 219
- N-Acetyltransferase, rat liver and kidney, effect of hydralazine on kinetics of procainamide acetylation by, 212
- ACTH 4-10, behavioral and electrophysiological effects, 570
- Action potentials, of canine cardiac Purkinje fibers, effects of lidocaine, 312
- Adenine derivatives
inhibition of adrenergic transmission in rabbit blood vessels by, 351
potentiation by dipyrindamole of inhibition of guinea-pig ileum twitch response caused by, 343
- Na⁺,K⁺-Adenosine triphosphatase, comparison of effects of aminosugar cardiac glycosides with ouabain and digoxin on, 141
- Adrenal gland, tyrosine hydroxylase, choline induction by phenoxybenzamine, 6-hydroxydopamine, insulin or exposure to cold, enhancement by choline, 676
- Adrenergic drugs, conformationally defined, 615
- Adrenergic receptors, *alpha*, in canine aortic membranes, [³H]dihydroergocryptine binding to, 606
- Adrenergic transmission, in rabbit blood vessels, purinergic inhibition, 351
- Adriamycin-treated mice, urinary anthracycline metabolites from, 696
- Akhtar, R. A. and Abdel-Latif, A. A.: Calcium ion requirement for acetylcholine-stimulated breakdown of triphosphoinositide in rabbit iris smooth muscle, 655
- Albert, L. H., *see* Emmett-Oglesby, M. W., 406
- Allemand, H., Pessayre, D., Descatoire, V., Degott, C., Feldmann, G. and Benhamou, J.-P.: Metabolic activation of trichloroethylene into a chemically reactive metabolite toxic to the liver, 714
- Alter, I., *see* Waldman, H. M., 289
- p*-Aminobenzoic acid, effect on kinetics of procainamide acetylation by rat liver and kidney N-acetyltransferase, 212
- Amphetamines, methoxylated, effects on schedule-controlled behavior, 103
- d*-Amphetamine
effects on schedule-controlled behavior, 103
effects on self-stimulation of substantia nigra and locus coeruleus, 592
intravenous, effects on responding maintained by food delivery and shock avoidance in rhesus monkeys, 118
intravenous self-administration in rats, 547
reinforcing properties in rhesus monkeys, compared with procaine, 558
- Anagnostopoulos, C., *see* Somberg, J., 226
- Analgesia
comparison of intramuscular nalbuphine and morphine in patients with postoperative pain, 487
methadone, in rats, correlation with urinary excretion of methadone metabolites, 67
- Anderson, E. G., *see* Myslinski, N. R., 19
- Anesthetics, general, effect on handling- and decapitation-induced increases in sympathoadrenal discharge, 11
- Angiotensin I-converting enzyme, SQ 14,225, orally active inhibitor of, 271
- Angiotensin II, effect on mammalian ganglion cells, 669
- Anthracycline, metabolites, urinary, from mice treated with Adriamycin and N-trifluoroacetyladiamycin-14-valerate, 696
- Antiarrhythmic effects, of Org 6001 after coronary flow reduction in pigs, 634
- Antihypertensive activity, in rats of SQ 14,225, orally active inhibitor of angiotensin I-converting enzyme, 281
- Antineoplastic agent, doxorubicin, blockade of tissue uptake of, 226
- Aorta, membranes, canine, [³H]dihydroergocryptine binding to *alpha* adrenergic receptors in, 606
- Arachidonic acid, effect of lung transit on systemic depressor responses in dogs to, 289
- Ascorbic acid, effect on cytochrome P-450, 702
- Assay, for chloramphenicol glucuronyl transferase, 203
- Atria, rat, release of norepinephrine by *endo*- and *exo*-2-methylaminobenzocyclo[2.2.2]octene from, importance of compartmentation, 615

- Automaticity, atrial and ventricular in dogs, effect of combination of quinidine and propranolol on, 303
- Bacopoulos, N. G., Bhatnagar, R. K. and Van Orden, L. S., III: The effects of subhypnotic doses of ethanol on regional catecholamine turnover, 1
- Bailey, W. H., *see* Pohorecky, L. A., 424
- Bales, G., *see* Ochs, H. R., 262
- Balster, R. L., *see* Chait, L. D., 77
- Barbital
- administration with osmotic minipumps to mice, demonstration of functional tolerance and physical dependence, 541
 - physical dependence to, compared to pentobarbital, "chronically equivalent" dosing method, 497
 - physical dependence to, compared to pentobarbital, influence of elimination kinetics, 526
 - physical dependence to, compared to pentobarbital, tolerance characteristics, 507
 - physical dependence to, compared to pentobarbital, withdrawal characteristics, 514
- Basement membrane, biosynthesis, effects of L-dopa, GPA 1734 and other agents, 372
- Beaver, W. T. and Feise, G. A.: A comparison of the analgesic effect of intramuscular nalbuphine and morphine in patients with postoperative pain, 487
- Behavior
- conflict, in squirrel monkey, effects of chlordiazepoxide, diazepam and N-desmethyldiazepam, 88
 - effects of continuous intravenous naltrexone on morphine self-administration in rhesus monkeys, 481
 - effects of peptides related to lipotropin, 570
 - intravenous self-administration of drugs in rats, 547
 - reinforcing properties of procaine and *d*-amphetamine compared in rhesus monkeys, 558
 - responding maintained by food delivery and shock avoidance in rhesus monkeys, effects of intravenous cocaine, diethylpropion, *d*-amphetamine and perphenazine, in, 118
 - role of 5-hydroxytryptamine in stimulus properties of phenethylamine hallucinogens and lys-ergic acid diethylamide, 416
 - role of lever responding and water consumption in altering rat brain catecholamine metabolism, 406
 - schedule-controlled, effects of *d*-amphetamine, monomethoxyamphetamines and hallucinogens on, 103
 - schedule-controlled, in squirrel monkey, effects of acute and chronic phencyclidine, 77
 - self-stimulation of substantia nigra and locus coeruleus, effects of catecholamine-depleting drugs and *d*-amphetamine on, 592
- Benahmou, J.-P., *see* Allemand, H., 714
- Benzodiazepines, effects on conflict behavior in squirrel monkey, 88
- Bhatnagar, R. K., *see* Bacopoulos, N. G., 1
- Bito, L. Z., *see* Wallenstein, M. C., 454
- Bladder, urinary, toad, effect of diatrizoate salts on vasopressin-induced volume flow across, 469
- Blood flow
- intracortical renal, in dog, effects of bumetanide, 135
 - regional myocardial, in canine heart, effect of N-dimethyl propranolol, 294
 - renal, phenylbutazone-induced decrease in, 130
 - fecal, effects of controlled release potassium chloride tablet on, 240
- Blood vessels, rabbit, purinergic inhibition of adrenergic transmission in, 351
- Bodem, G., *see* Ochs, H. R., 262
- Bohus, B., *see* de Wied, D., 570
- Boisse, N. R. and Okamoto, M.: Physical dependence to barbital compared to pentobarbital. I. "Chronically equivalent" dosing method, 497
- Boisse, N. R. and Okamoto, M.: Physical dependence to barbital compared to pentobarbital. II. Tolerance characteristics, 507
- Boisse, N. R. and Okamoto, M.: Physical dependence to barbital compared to pentobarbital. III. Withdrawal characteristics, 514
- Boisse, N. R. and Okamoto, M.: Physical dependence to barbital compared to pentobarbital. IV. Influence of elimination kinetics, 526
- Bond, J. T., *see* Goldstein, R. S., 690
- Bounous, H., *see* Somberg, J., 226
- Bourland, W. A., *see* Williamson, H. E., 130
- Brain
- rat, catecholamine metabolism, role of lever responding and water presentation in altering, 406
 - rat, effects of acute and chronic ethanol ingestion on serotonin metabolism in, 424
 - regional catecholamine turnover, effects of subhypnotic doses of ethanol on, 1
 - substantia nigra and locus coeruleus, effects of catecholamine-depleting drugs and *d*-amphetamine on self-stimulation of, 592
 - tissue slices, blockade by chlorimipramine of *para*-methoxyamphetamine-induced serotonergic effects in, 27
 - tubulin, pig, polymerization inhibited by hydan-toins, 189
- Breese, G. R., *see* Cooper, B. R., 592
- Brennan, F. J., Cranefield, P. F. and Wit, A. L.: Effects of lidocaine on slow responses and depressed fast response action potentials of canine cardiac Purkinje fibers, 312
- Bretylium tosylate, electrophysiological effects on subendocardial Purkinje fibers from infarcted canine hearts, 159

- Buckley, J. P., *see* Lokhandwala, M. F., 362
- Bumetanide, effects on intracortical renal blood flow in dog, 135
- Cagin, N., *see* Somberg, J., 226
- Calcium
- ion, role in acetylcholine-stimulated breakdown of triphosphoinositide in rabbit iris smooth muscle, 655
 - modification of effects of histamine and norepinephrine on sinoatrial node pacemaker by, 625
- Caldwell, R. W. and Nash, C. B.: Comparison of effects of aminosugar cardiac glycosides with ouabain and digoxin on Na⁺,K⁺-adenosine triphosphatase and cardiac contractile force, 141
- Carbachromen, effects on collateral hemodynamics after chronic myocardial ischemia in anesthetized dog, 645
- Carbamazepine, effects on muscle spindle discharges, 581
- Cardiac glycosides, *see* Glycosides, cardiac
- Cardinal, R. and Sasyniuk, B. I.: Electrophysiological effects of bretylium tosylate on subendocardial Purkinje fibers from infarcted canine hearts, 159
- Cardiovascular effects, in isolated oxygenated and hypoxic rabbit hearts, effects of inosine, 149
- Cat(s)
- blockade of tissue uptake of doxorubicin in, 226
 - effects of carbamazepine on muscle spindle discharges in, 581
 - effect of pancuronium and gallamine on muscarinic transmission in superior cervical ganglion of, 46
 - effect of serotonin precursors on α - and γ -motoneuron activity in, 19
 - ganglion cells, effect of angiotensin II, 669
 - inhibition of angiotensin I-converting enzyme by SQ 14,225 in, 271
 - physical dependence to barbital compared to pentobarbital in, "chronically equivalent" dosing method, 497
 - physical dependence to barbital compared to pentobarbital in, influence of elimination kinetics, 526
 - physical dependence to barbital compared to pentobarbital in, tolerance characteristics, 507
 - physical dependence to barbital compared to pentobarbital in, withdrawal characteristics, 514
- Catecholamine(s), *see also* specific entry
- depletion, effects on self-stimulation of substantia nigra and locus coeruleus, 592
 - enhanced synthesis in isolated rat superior cervical ganglia caused by nerve stimulation, 384
 - metabolism in rat brain, role of lever responding and water presentation in altering, 406
 - turnover, regional, effects of subhypnotic doses of ethanol on, 1
- Catecholamine synthesis inhibitors, effects on self-stimulation of substantia nigra and locus coeruleus, 592
- Cardiac effects, of histamine and norepinephrine, modification by potassium and calcium, 625
- Chait, L. D. and Balster, R. L.: The effects of acute and chronic phencyclidine on schedule-controlled behavior in the squirrel monkey, 77
- Chloralose, effect on handling- and decapitation-induced increases in sympathoadrenal discharge, 11
- Chloramphenicol glucuronyl transferase, assay, ontogeny and inducibility, 203
- Chlordiazepoxide, effects on conflict behavior in squirrel monkey, 88
- Chlorimipramine, blockade of *para*-methoxyamphetamine-induced serotonergic effects by, 27
- Chlorpromazine, intravenous self-administration in rats, 547
- Choline-induced enhancement of induction of adrenal tyrosine hydroxylase by phenoxybenzamine, 6-hydroxydopamine, insulin or exposure to cold, 676
- Cholinergic system, human placental, stimulation-secretion coupling for release of acetylcholine by, 433
- Clofibrate-treated rats, renal gluconeogenesis in, 683
- Cocaine, intravenous, effects on responding maintained by food delivery and shock avoidance in rhesus monkeys, 118
- Colby, H. D., *see* Kramer, R. E., 247
- Cold, exposure, choline-induced enhancement of induction of adrenal tyrosine hydroxylase by, 676
- Collagen, basement membrane biosynthesis of, effects of L-dopa, GPA 1734 and other agents, 372
- Contractile force, cardiac, comparison of effects of aminosugar cardiac glycosides with ouabain and digoxin on, 141
- Cook, L., *see* Sepinwall, J., 88
- Cooper, B. R., Konkol, R. J. and Breese, G. R.: Effects of catecholamine-depleting drugs and *d*-amphetamine on self-stimulation of the substantia nigra and locus coeruleus, 592
- Cooperstein, S. J. and Watkins, D.: Effect of sulfhydryl-binding reagents on islet tissue permeability: Protection and reversal by D-glucose and phlorizin, 230
- Cordano, A., *see* Tannen, R. L., 240
- Cow, lung and leukocytes, enhancement by histamine of anaphylactic histamine release *via* histamine H₂-receptor from, 183
- Crane-field, P. F., *see* Brennan, F. J., 312
- Cyclopropane, effect on handling- and decapitation-induced increases in sympathoadrenal discharge, 11
- Cytochrome P-450, effect of ascorbic acid on, 702
- Davis, F. A., *see* Pencek, T. L., 400
- Degott, C., *see* Allemand, H., 714

- De Jong, J. W., *see* Verdouw, P. D., 634
- Demaio, D. A., *see* Rubin, B., 271
- Denervation-induced changes in electrophysiologic parameters of smooth muscle of guinea-pig and rat vas deferens, 325
- Depressor responses, systemic, to arachidonic acid and prostacyclin in dogs, effect of lung transit, 289
- Descatoire, V., *see* Allemand, H., 714
- N-Desmethyldiazepam, effects on conflict behavior in squirrel monkey, 88
- de Wied, D., Bohus, B., van Ree, J. M. and Urban, I.: Behavioral and electrophysiological effects of peptides related to lipotropin (β -LPH), 570
- de Wied, D., *see* van Ree, J. M., 547
- Dewitt, F. O., *see* Schneck, D. W., 219
- Diatrizoate salts, effect on vasopressin-induced volume flow across excised toad urinary bladder, 469
- Diazepam, effects on conflict behavior in squirrel monkey, 88
- Diethylpropion, intravenous, effects on responding maintained by food delivery and shock avoidance in rhesus monkeys, 118
- Digoxin
blockade of tissue uptake of doxorubicin by, 226
effects on Na^+ , K^+ -adenosine triphosphatase and cardiac contractile force, comparison with amino-sugar cardiac glycosides and ouabain, 141
increased clearance in rabbits during repeated administration, 262
- [^3H]Dihydroergocryptine, binding to α adrenergic receptors in canine aortic membranes, 606
- N-Dimethyl propranolol, effect on regional myocardial blood flow and oxygen consumption in canine heart, 294
- Dimethyltryptamine, effects on schedule-controlled behavior, 103
- 5,5-Diphenylhydantoin
inhibition of polymerization of pure microtubular protein by, 189
morphologic effect on mitosis and microtubules of cultured human lymphocytes, 195
- Dipyridamole
effects on collateral hemodynamics after chronic myocardial ischemia in anesthetized dog, 645
-induced potentiation of inhibition of guinea-pig ileum twitch response caused by adenine derivatives, 343
- Dog(s)
anesthetized, effects of coronary vasodilator drugs on collateral hemodynamics after chronic myocardial ischemia in, 645
aortic membranes, [^3H]dihydroergocryptine binding to α adrenergic receptors in, 606
cardiac Purkinje fibers, effects of lidocaine on slow response and depressed fast response action of potentials of, 312
distribution of intracortical renal blood flow induced by bumetanide in, 135
effect of combination of quinidine and propranolol upon atrial and ventricular automaticity in, 303
effect of lung transit on systemic depressor responses to arachidonic acid and prostacyclin in, 289
effect of tolmetin on renal function in, 461
heart, effect of N-dimethyl propranolol on regional myocardial blood flow and oxygen consumption in, 294
infarcted hearts, electrophysiological effects of bretylium tosylate on subendocardial Purkinje fibers from, 159
inhibition of angiotensin I-converting enzyme by SQ 14,225 in, 271
phenylbutazone-induced decrease in renal blood flow in, 130
role of presynaptic dopamine receptors in effect of L-dopa on peripheral sympathetic nerve function in, 362
serum protein binding and pharmacokinetics of valproate in, 255
- L-dopa
effect on basement membrane biosynthesis, 372
effect on peripheral sympathetic nerve function, role of presynaptic dopamine receptors, 362
- Dopamine
depletion effects on self-stimulation of substantia nigra and locus coeruleus, 592
regional turnover in brain, effects of subhypnotic doses of ethanol, 1
- Dopamine receptors, presynaptic, role in effect of L-dopa on peripheral sympathetic nerve function, 362
- Downs, D. A., *see* Harrigan, S. E., 481
