

Tap into the broadest international coverage of the most rapidly growing branch of biological science

The Journal of Neuroscience *the Official Journal of the Society for Neuroscience*

You need **The Journal of Neuroscience** NOW, because there's no better way to keep up with crucial advances that affect YOUR work.

You need its interdisciplinary coverage, its scouting of findings in all areas of neuroscience. You'll appreciate the way it mirrors the objectives of the North American Society for Neuroscience, as well as the Societies in Europe and Japan. And the way it keeps you absolutely up-to-date, no matter where significant breakthroughs occur.

The Journal of Neuroscience will publish roughly 2,400 pages in its first year. EVERY MONTH you'll receive significant, comprehensive coverage of this fast-moving specialty. You're going to be impressed with the **Journal's** presentation, and with its consistently valuable contribution to your work.

There will be five umbrellas under which articles are published: molecular neuroscience, cellular neuroscience, developmental neuroscience, neural systems, and behavioral neuroscience. You'll also find useful, *intelligible* abstracts—no extraneous details and no jargon. **The Journal of Neuroscience** will be the leader in quality as well as quantity.

The **Journal** will be edited by W. Maxwell Cowan, of The Salk Institute for Biological Studies, with the distinguished editorial board listed below. The Advisory Board will include Julius Axelrod, Herbert H. Jasper, Seymour S. Kety, Vernon B. Mountcastle, Walle J. H. Nauta, and Pedro N. Rudomin.

Section Editors

Molecular Neuroscience

Solomon H. Snyder, Johns Hopkins School of Medicine

Cellular Neuroscience

Michael V. Bennett, Albert Einstein School of Medicine

Developmental Neuroscience

Gerald D. Fischbach, Harvard Medical School

Neural Systems

Edward V. Evarts, National Institutes of Mental Health

R. W. Guillery, University of Chicago Medical School

Behavioral Neuroscience

Eric R. Kandel, Columbia College of Physicians and Surgeons

Encourage your library to subscribe, and start using this first-rate journal in January! The institutional fee for a year's subscription is \$230.00. Once your department or institution subscribes, YOU can subscribe for the discount individual rate of \$50.00.

SUBSCRIBE TO THE JOURNAL OF NEUROSCIENCE NOW . . . And gain access to a source of broad, new information!

SEND IN THIS COUPON TODAY.

Please sign me up for a year's subscription to **the Journal of Neuroscience**, starting in January, 1981.

- Institutional: \$230.00.
 Discount Individual: \$50.00 (With Institutional subscription).
(Add \$20.00 outside the US)
