---

The Editors of The Journal of Pharmacology and Experimental Therapeutics mark with deep regret the passing of Dr. S. M. Kirpekar, member of the Editorial Advisory Board. His efforts on behalf of The Journal were greatly appreciated. He will be missed.

# Tap into the broadest international coverage of the most rapidly growing branch of biological science

## The Journal of Neuroscience *the Official Journal of the Society for Neuroscience*

You need **The Journal of Neuroscience** NOW, because there's no better way to keep up with crucial advances that affect YOUR work.

You need its interdisciplinary coverage, its scouting of findings in all areas of neuroscience. You'll appreciate the way it mirrors the objectives of the North American Society for Neuroscience, as well as the Societies in Europe and Japan. And the way it keeps you absolutely up-to-date, no matter where significant breakthroughs occur.

Here's a sampling of recent\* articles:

- Spatial Summation and Conduction Latency Classification of Cells of the Lateral Geniculate Nucleus of Macaques
- Extracts of Electric Lobe and Electric Organ from *Torpedo Californica* Increase the Total Number as well as the Number of Aggregates of Chick Myotube Acetylcholine Receptors
- Recovery of Myelination in Rat Optic Nerve after Developmental Retardation by Cortisol
- Hippocampal Resections Impair Associative Learning and Recognition Memory in the Monkey
- Nerve Growth Factor-induced Increase in Saxitoxin Binding to Rat PC12 Pheochromocytoma Cells
- Altered Blood-Nerve Barrier in Experimental Lead Neuropathy Assessed by Changes in Endoneurial Albumin Concentration
- Amygdaloid and Basal Forebrain Direct Connections with the Nucleus of the Solitary Tract and the Dorsal Motor Nucleus

- Estradiol Receptor Levels in Rat Hypothalamic and Limbic Nuclei

\*from the September and October 1982 issues.

### Section Editors

#### *Molecular Neuroscience*

Solomon H. Snyder

#### *Cellular Neuroscience*

Michael V. Bennett

#### *Developmental Neuroscience*

Gerald D. Fischbach

#### *Neural Systems*

Edward V. Evarts

R. W. Guillery

#### *Behavioral Neuroscience*

Eric R. Kandel

The Journal is edited by W. Maxwell Cowan of the Salk Institute for Biological Studies. The Board of Publication Trustees includes Julius Axelrod, Herbert H. Jasper, Seymour S. Kety, Vernon B. Mountcastle, Walle J. H. Nauta, and Pedro N. Rudomin.
