Alastair E. Cribb, Lance R. Pohl, Stephen P. Spielberg and J. Steven Leeder: Patients with Delayed-Onset Sulfonamide Hypersensitivity Reactions Have Antibodies Recognizing Endoplasmic Reticulum Luminal Proteins, JPET Vol. **282**(2):1064–1071, 1997.

The authors regret that 100 micromolar ( $\mu\text{M}$ ) was incorrectly shown as 100 millimolar (mM) in the following places:

**Page 1066**, the last line of the paragraph starting “Extraction of microsomal proteins with sodium deoxycholate . . .”

**Page 1069**, the fourth line of the legend for figure 4.
