
Notice of Concern

Notice of Concern: Benoist CC, Kawas LH, Zhu M, Tyson KA, Stillmaker L, Appleyard SM, Wright JW, Wayman GA, and Harding JW (2014) The Procognitive and Synaptogenic Effects of Angiotensin IV-Derived Peptides Are Dependent on Activation of the Hepatocyte Growth Factor/c-Met System, *J Pharmacol Exp Ther*, 351: 390-402; DOI: <https://doi.org/10.1124/jpet.114.218735>

The editors wish to express concern about the article by Benoist et al. of possible image manipulation after reviewing information received from several sources. They have shared these concerns with the corresponding author and their institution, Washington State University, and will await the results of an inquiry to determine appropriate next steps.
