

INDEX TO VOLUME XLI

Adenosine and certain related compounds, The action of, on the coronary flow of the perfused heart of the rabbit.....	355
Air, inspired, and forced ventilation, The effect upon salivary secretion of an increased oxygen content of the.....	423
Amytal, The effect of, on the excretion of water.....	483
Anticoagulant action of Witte's peptone, The effect of mechanical constriction of the hepatic veins upon the.....	65
Antidote, Picrotoxin as an, in acute poisoning by the shorter acting barbiturates.....	465
Apomorphine tolerance and its relationship to morphine tolerance.....	71
Arctium Lappa, Glycogen storage in the white rat when fed the roots of.....	83
Arsenic, carbon tetrachloride, chloroform or phosphorus, The accumulation of guanidine in the blood following acute liver injury by.....	337
Atropine, Does insulin antagonize the action of, on the cardiac vagus endings.....	209
Avertin, nembotal, phanodorn and pernocton, The premedication values of, in relation to nitrous oxide anesthesia.....	367
Banerjea, Radhakrishna, Maity, Bibhuty Bhusan, Brahmachari, Phanindranath, Bhattācharyya, Tarapada, and Brahmachari, Upendranath. Chemotherapy of quinoline compounds. Part II. The action of certain quinoline compounds on paramoecia.....	
	255
Barbiturates, shorter acting, Picrotoxin as an antidote in acute poisoning by the.....	465
Barlow, O. W. The action of insulin on the perfused frog heart and on the isolated rabbit intestine.....	217
—, and Barnes, Broda O. Does insulin antagonize the action of atropine on the cardiac vagus endings.....	209
—, Duncan, James T., and Gledhill, Joseph D. The premedication values of overtin, nembotal, phanodorn and pernocton in relation to nitrous oxide anesthesia.....	367
—, Vigor, W. N., and Peck, R. I. The action of insulin on the frog: the influence of dosage, temperature, excision of the liver, administration of glucose, sodium bicarbonate and calcium gluconate on the reaction of the frog to insulin.....	229
Barnes, Broda O., and Barlow, O. W. Does insulin antagonize the action of atropine on the cardiac vagus endings.....	209
Bhattācharyya, Tarapada, Brahmachari, Upendranath, Brahmachari, Phanindranath, Banerjea, Radhakrishna, and Maity, Bibhuty Bhusan. Chemotherapy of quinoline compounds. Part II. The action of certain quinoline compounds on paramoecia.....	255

- Biologic titration of the digitalis bodies, The use of therapeutic effects as end-points in the..... 89
 — titration of the digitalis bodies, The use of therapeutic effects as end-points in the..... 383
 Bischoff, Fritz, and Long, M. Louisa. Guanidine structure and hypoglycemia. II..... 127
 Bleeding, Intestinal, following administration of posterior pituitary extracts..... 165
 Blood chlorides in dogs, A study of the effect of certain diuretics on the concentration of..... 325
 —, The accumulation of guanidine in the, following acute liver injury by carbon tetrachloride, chloroform, arsenic or phosphorus..... 337
 Brahmachari, Phanindranath, Banerjea, Radhakrishna, Maity, Bibhuty Bhusan, Bhattācharyya, Tarapada, and Brahmachari, Upendranath. Chemotherapy of quinoline compounds. Part II. The action of certain quinoline compounds on paramoecia..... 255
 —, Upendranath, Bhattācharyya, Tarapada, Brahmachari, Phanindranath, Banerjea, Radhakrishna, and Maity, Bibhuty Bhusan. Chemotherapy of quinoline compounds. Part II. The action of certain quinoline compounds on paramoecia..... 255
 Brown leghorn capons, Some factors affecting the comb growth response in the..... 173

 Caillet, O. R., and Cranston, Elizabeth. The effect of mechanical constriction of the hepatic veins upon the anticoagulant action of Witte's peptone..... 65
 Calcium and potassium, The effect of, on cardiac reactions to mercury..... 407
 — gluconate, Effects of daily subcutaneous injections of, on thyroparathyroidectomized dogs..... 333
 — gluconate, sodium bicarbonate and glucose, administration of, the influence of dosage, temperature and excision of the liver on the reaction of the frog to insulin, The action of insulin on the frog..... 229
 —, Studies on..... 333
 Capons, brown leghorn, Some factors affecting the comb growth response in the..... 173
 Carbon tetrachloride, chloroform, arsenic or phosphorus, The accumulation of guanidine in the blood following acute liver injury by..... 337
 Cardiac reactions to mercury, The effect of calcium and potassium on..... 407
 — vagus endings, Does insulin antagonize the action of atropine on the.. 209
 Carr, C. Jelleff, and Krantz, John C., Jr. Glycogen storage in the white rat when fed the roots of *Arctium Lappa*..... 83
 Cat, pregnancy-response of the uterus of the, Further observations on the..... 139
 Chemical constitution, Concerning mercurial toxicity, its evaluation, mechanism, and relation to..... 21
 — constitution, The quantitative evaluation of mercurial diuresis and its relation to..... 47

Chemotherapy, mercurial, Studies in.....	21
—, mercurial, Studies in.....	47
— of quinoline compounds.....	255
Chlorides, blood, in dogs, A study of the effect of certain diuretics on the concentration of.....	325
Chloroform, carbon tetrachloride, arsenic or phosphorus, The accumulation of guanidine in the blood following acute liver injury by.....	337
Comb growth response, Some factors affecting the, in the brown leghorn capons.....	173
Constriction, mechanical, The effect of, of the hepatic veins upon the anticoagulant action of Witte's peptone.....	65
Cornea method, rabbit's, The influence of pH on the activity of certain local anesthetics as measured by the.....	307
Coronary circulation, The effect of glycoxyamine on the.....	195
— flow, The action of adenosine and certain related compounds on the, of the perfused heart of the rabbit.....	355
Crandall, Lathan A., Jr., and Oltman, Theodore V. The acute toxicity of glyceryl trinitrate and sodium nitrite in rabbits.....	121
—, Holinger, Paul H., and Walsh, Eugene L. The irritative properties of various halogenated and unhalogenated oils and their compounds.....	347
—, Leake, C. D., Loevenhart, A. S., and Muehlberger, C. W. Acquired tolerance to and cross tolerance between the nitrous and nitric acid esters and sodium nitrite in man.....	103
Cranston, Elizabeth, and Caillet, O. R. The effect of mechanical constriction of the hepatic veins upon the anticoagulant action of Witte's peptone.....	65
Cutler, Jessie T. The accumulation of guanidine in the blood following acute liver injury by carbon tetrachloride, chloroform, arsenic or phosphorus....	337
Davis, S. S., Stockton, A. B., and Hanzlik, P. J. Notes on the importance of exact preparation of tincture of digitalis and on the number of pigeons in the pigeon-emesis method.....	5
Digitalis bodies, The use of therapeutic effects as end-points in the biologic titration of the.....	89
— bodies, The use of therapeutic effects as end-points in the biologic titration of the.....	383
—, Notes on the importance of exact preparation of tincture of, and on the number of pigeons in the pigeon-emesis method.....	5
Diuresis, mercurial, and its relation to chemical constitution, The quantitative evaluation of.....	47
Diuretics, certain, A study of the effect of, on the concentration of blood chlorides in dogs.....	325
Dogs, A study of the effect of certain diuretics on the concentration of blood chlorides in.....	325
—, Magnesium absorption in.....	245
—, thyroparathyroidectomized, Effects of daily subcutaneous injections of calcium gluconate on.....	333
Domm, Lincoln V., Koch, F. C., Womack, E. B., and Juhn, Mary. Some factors affecting the comb growth response in the brown leghorn capons..	173

- Dosage, the influence of, temperature, excision of the liver, administration of glucose, sodium bicarbonate and calcium gluconate on the reaction of the frog to insulin, The action of insulin on the frog 229
- Dragstedt, Carl A., Fosdick, Leonard S., and Hansen, Harold L. A study of the effect of certain diuretics on the concentration of blood chlorides in dogs 325
- , Mullenix, R. B., Kearns, J. E., Webb, W. W., and Wilen, C. J. An experiment for demonstrating the elective action of morphine and strychnine 379
- Duncan, James T., Barlow, O. W., and Gledhill, Joseph D. The premedication values of avertin, nembutal, phanodorn and pernocton in relation to nitrous oxide anesthesia 367
- Eddy, Nathan B. Regulation of respiration. The antagonism between methylene blue and sodium cyanide 449
- , Regulation of respiration. The effect upon salivary secretion of an increased oxygen content of the inspired air and of forced ventilation . . 423
- , Regulation of respiration. The effect upon salivary secretion of the intravenous administration of sodium sulphide, sodium cyanide and methylene blue 435
- Epidermal melanophores of the toad, On the effect of the pituitary body upon the 179
- Esters, nitric acid, nitrous and, and sodium nitrite in man, Acquired tolerance to and cross tolerance between the 103
- Ethylene glycol, General properties, irritant and toxic actions of 387
- Fertility of the white rat, The effect of chronic morphine poisoning upon growth, the oestrous cycle and 317
- Fitch, R. H., Maloney, A. H., and Tatum, A. L. Picrotoxin as an antidote in acute poisoning by the shorter acting barbiturates 465
- Fosdick, Leonard S., Hansen, Harold L., and Dragstedt, Carl A. A study of the effect of certain diuretics on the concentration of blood chlorides in dogs 325
- Fourneau, Ernest, and Melville, Kenneth I. Studies in mercurial chemotherapy. I. Concerning mercurial toxicity, its evaluation, mechanism, and relation to chemical constitution 21
- , and Melville, Kenneth I. Studies in mercurial chemotherapy. II. The quantitative evaluation of mercurial diuresis and its relation to chemical constitution 47
- Frog heart, perfused, The action of insulin on the, and on the isolated rabbit intestine 217
- , reaction of the, to insulin, the influence of dosage, temperature, excision of the liver, administration of glucose, sodium bicarbonate and calcium gluconate on the, The action of insulin on the frog 229
- , The action of insulin on the: the influence of dosage, temperature, excision of the liver, administration of glucose, sodium bicarbonate and calcium gluconate on the reaction of the frog to insulin 229

- Gelfand, Ben, Gold, Harry, and Hitzig, William. The use of therapeutic effects as end-points in the biologic titration of the digitalis bodies 89
- Gerlough, Gillman D. The influence of pH on the activity of certain local anesthetics as measured by the rabbit's cornea method 307
- Gilman, Henry, and Gruhzt, O. M. The relative toxicities of some organic salts of triethyl lead hydroxide 1
- Ginsberg, A. M., and Stoland O. O. The effect of glycoxyamine on the coronary circulation 195
- Gledhill, Joseph D., Duncan, James T., and Barlow, O. W. The premedication values of, avertin, nembatal, phanodorn and pernocton in relation to nitrous oxide anesthesia 367
- Glucose, sodium bicarbonate and calcium gluconate, administration of, the influence of dosage, temperature, and excision of the liver on the reaction of the frog to insulin, The action of insulin on the frog 229
- Glyceryl trinitrate and sodium nitrite in rabbits, The acute toxicity of . . . 121
- Glycoxyamine, The effect of, on the coronary circulation 195
- Glycogen storage in the white rat when fed the roots of *Arctium Lappa* 83
- Glycol ethylene, General properties, irritant and toxic actions of 387
- Gold, Harry, Gelfand, Ben, and Hetzig, William. The use of therapeutic effects as end-points in the biologic titration of the digitalis bodies 89
- Growth, The effect of chronic morphine poisoning upon, the oestrous cycle and fertility of the white rat 317
- Gruhzt, O. M., and Gilman, Henry. The relative toxicities of some organic salts of triethyl lead hydroxide 1
- Guanidine in the blood, The accumulation of, following acute liver injury by carbon tetrachloride, chloroform, arsenic or phosphorus 337
- structure and hypoglycemia. II 127
- Gustavson, R. G., and Van Dyke, H. B. Further observations on the pregnancy-response of the uterus of the cat 139
- Halogenated and unhalogenated oils, various, and their compounds, The irritative properties of 347
- Hansen, Harold L., Fosdick, Leonard S., and Dragstedt, Carl A. A study of the effect of certain diuretics on the concentration of blood chlorides in dogs 325
- Hanzlik, P. J., Seidenfeld, M. A., and Johnson, C. C. General properties, irritant and toxic actions of ethylene glycol 387
- , Stockton, A. B., and Davis, S. S. Notes on the importance of exact preparation of tincture of digitalis and on the number of pigeons in the pigeon-emesis method 5
- . "The use of therapeutic effects as end-points in the biologic titration of the digitalis bodies" 383
- Hasama, Bun-Ichi. On the effect of the pituitary body upon the epidermal melanophores of the toad 179
- Heart, perfused frog, The action of insulin on the, and on the isolated rabbit intestine 217
- , perfused, of the rabbit, The action of adenosine and certain related compounds on the coronary flow of the 355

- Hepatic veins, The effect of mechanical constriction of the, upon the anti-coagulant action of Witte's peptone. 65
- Hitzig, William, Gelfand, Ben, and Gold, Harry. The use of therapeutic effects as end-points in the biologic titration of the digitalis bodies 89
- Holinger, Paul H., Crandall, Lathan A., Jr., and Walsh, Eugene L. The irritative properties of various halogenated and unhalogenated oils and their compounds. 347
- Hypoglycemia, Guanidine structure and. II. 127
- Inflammation of the skin, A study of the skin vessels in some forms of. 147
- Insulin, reaction of the frog to, the influence of dosage, temperature, excision of the liver administration of glucose sodium bicarbonate and calcium gluconate on the, The action of insulin on the frog. 229
- , The action of, on the frog: the influence of dosage, temperature, excision of the liver, administration of glucose, sodium bicarbonate and calcium gluconate on the reaction of the frog to insulin. 229
- , The action of, on the perfused frog heart and on the isolated rabbit intestine. 217
- Intestinal bleeding following administration of posterior pituitary extracts. . 165
- Intestine, isolated rabbit, perfused frog heart and, The action of insulin on the. 217
- Intravenous administration of sodium sulphide, sodium cyanide and methylene blue, The effect upon salivary secretion of the. 435
- , rectal and oral administration of sodium iso-amyl-ethyl-barbiturate (sodium amytal), The. 289
- Iso-amylethyl barbituric acid (amytal)*, The effect of, on the excretion of water. 483
- Isolated rabbit intestine, perfused frog heart and, The action of insulin on the. 217
- Johnson, C. C., Seidenfeld, M. A., and Hanzlik, P. J. General properties, irritant and toxic actions of ethylene glycol. 387
- Juhn, Mary, Domm, Lincoln V., Koch, F. C., and Womack, E. B. Some factors affecting the comb growth response in the brown leghorn capons. 173
