

INDEX

- Acetylcholine, Potentiation of, by alcohol and ether, 119
- Acetylsalicylic acid, Comparison of, to calcium acetylsalicylate (as calsamate), 420
- Aird, R. B., Weiss, S., and Strait, L. A. Rapid isolation and spectrographic measurement of cocaine from brain tissue, 363
- Alcohol and ether, Potentiation by, of acetylcholine, 119
- Alkaloids, lupine, Action of, on motility of isolated rabbit uterus, 151
- α and β -Naphthol, certain derivatives of, Local anesthetic activity of, 27
- Anaphylactic shock in dogs, Relation of liver histamine to, 33
- Andrews, Howard L., and Workman, Ward. Pain threshold measurements in dog, 99
- Anesthetic actions of steroid hormones, 127 activity (Local) of certain derivatives of α and β -naphthol, 27
- Arsphenamines, Physicochemical properties of, in relation to toxicity and therapeutic efficiency, 12
- Arterial blood pressure of hypertensive rats, Reduction of, by administration of renal extracts, 38
- Arthritis, metabolism, toxicity, and manner of action of gold compounds in treatment of, 200
- Atrabrine, Effect of, upon Experimental cysticercosis of mice, 159
- Autonomic nervous system, Studies on relation of drug addiction to: Results of cold pressor tests, 91
- Bamman, F., Jensen, H., Corwin, W. C., Tolkendorf, S., and Casey, J. J. Reduction of arterial blood pressure of hypertensive rats by administration of renal extracts, 38
- Baxter, J. H., Jr., and Stoughton, Roger, W. Hypnotic action of 5,5-dialkyl-2,4-oxazolidinediones with special reference to 5,5-di-*n*-propyl-2,4-oxazolidinedione, 45
- Bernheim, Frederick, and Saz, Arthur K. Effect of 2,3,5-triiodobenzoate and various other compounds on growth of tubercle bacillus, 78
- Bichloride of mercury, Acquired resistance of kidney to, 186
- Biedermann, A., Wright, Harold N., Hansen, E., and Cooper, C. I. Physicochemical properties of arsphenamine in relation to toxicity and therapeutic efficiency, 12
- Block, Walter D., Buchanan, Oliver H., and Freyberg, R. H. Metabolism, toxicity, and manner of action of gold compounds in treatment of arthritis, 200
- Blood coagulation time in dogs, 146
- keto acid levels, Effect of certain anesthetics on, 441
- pressure of man and dog, Effect of metrazol on, 431
- sugar regulating centres and Hypnotics, 446
- Bodansky, Oscar, and Modell, Walter. Differential excretion of bromide and chloride ions and its rôle in bromide retention, 51
- Boyd, Eldon M., and Perry, William F. Method for studying expectorant action in animals by direct measurement of output of respiratory tract fluids, 65
- Boyer, Paul D., Evans, Robert J., and Phillips, Paul H. Toxicity and effect of certain fluorinated derivatives of phenylalanine and tyrosine on basal metabolic rate of rat, 176
- Bromide and chloride ions, Differential excretion of, and its rôle in bromide retention, 51
- retention: Differential excretion of bromide and chloride ions and its rôle in, 51
- Brown, Albert B., Megill, A. Hugh, and Ettinger, G. H. Potentiation of acetylcholine by alcohol and ether, 119

- Buchanan, Oliver H., Freyberg, R. H., and Block, Walter D. Metabolism, toxicity and manner of action of gold compounds in treatment of arthritis, 200
- Bulbocapnine, Analysis of action of, in spinal animals, 375
- Calcium acetylsalicylate (as calsamate), Comparison of, to acetylsalicylic acid, 420
and strontium salts, Effect of, on action of sodium pentobarbital, 335
- Capillary permeability test, Trypan blue, in rabbits, 405
- Casey, J. J., Jensen, H., Corwin, W. C., Tolksdorf, S., and Bamman, F. Reduction of arterial blood pressure of hypertensive rats by administration of renal extracts, 38
- Cattell, McKeen, Kwit, Nathaniel T. Kramer, Milton, and Gold, Harry. Relative activity of digitalis preparations in frog, cat and man, and its bearing on problem of bio-assay and so-called deterioration, 212
- Cells, fixed tissue, Acquired resistance of, morphologically altered through processes of repair, 186
- Chloride and bromide ions, Differential excretion of, and its rôle in bromide retention, 51
- Cleckley, H. M., Volpitto, Perry P., Woodbury, R. A., and Hamilton, W. F. Effect of metrazol on blood pressure of man and dog, 431
- Clorarsen, Use of, in treatment of syphilis, 412
- Cocaine from brain tissue, Rapid isolation and spectrographic measurement of, 363
- Codeine, morphine and related substances, Respiratory effects of, 229, 246, 258, 274
- Cole, Versa V. Effect of calcium and strontium salts on action of sodium pentobarbital, 335
- Coon, Julius M., and Rothman, Stephen. Sweat response to drugs with nicotine-like action, 1
- Cooper, C. I., Wright, Harold N., Biedermann, A., and Hanssen, E. Physicochemical properties of arsphenamines in relation to toxicity and therapeutic efficiency, 12
- Corwin, W. C., Jensen, H., Tolksdorf, S., Casey, J. J., and Bamman, F. Reduction of arterial blood pressure of hypertensive rats by administration of renal extracts, 38
- Culbertson, James T., and Greenfield, Sylvia H. Effect of atabrine upon experimental cysticercosis of mice, 159
