

INDEX

- Abels, J. C., Rhoads, C. P., and Kensler, C. J. Arsine poisoning, mode of action and treatment, 99
- Acetanilid, Major metabolites of, appearing in urine, 87
- Acetylcholine hydrolyzing activity of blood plasma of rat, Effect upon, of carbon tetrachloride induced liver injury, 109
- Adrenolytic drugs, Protective effect of, against fatal myocardial epinephrine concentrations, 268
- Albumin solutions, concentrated human, toxicity of stabilizers for, 221
- Alcohol, ethyl, and barbiturates, synergism between, 313
- Aliphatic amines, comparison of pressor action of, 10
- Alkylthioetherbarbiturates and phenylalkylthiomethylhydantoin, Anticonvulsant activity of, 343
- Ambrose, Anthony M., and de Eds, Floyd. Some toxicological and pharmacological properties of citrinin, 173
- Amine oxidase, Oxidation by, of phenethylamine derivatives, 216
- Amines, aliphatic, Comparison of pressor action of, 10
- p-Aminopropiophenone induced methemoglobinemia, Role in, of hepatic detoxification, 287
- Amino tetrazoles, Some pharmacologic properties of, 353
- Anemia, Hemolytic, as manifestation of paraphenylene-diamine toxicity, 133
- Anesthetics, several local, effects of, on resting potential of isolated frog nerve, 72
- Antimony, distribution of, in tissues, Correlation between, and chemotherapeutic effect in experimental leishmaniasis, 162
- Armbrust, K. E., and Bett, H. D. Response of bone marrow explants to liver extract preparations, 382
- Arsine poisoning, mode of action and treatment, 99
- Baljet reaction and potency, Relationship between, of glycosides of digitalis, 14
- Barbiturates and ethyl alcohol, Synergism between, 313
- Comparative study of several, with observations on irreversible neurological disturbances, 260
- Bauer, H., Stohlman, E. F., Lillie, R. D., and Smith, M. I. Pharmacologic action of certain analogues and derivatives of DDT, 359
- Bell, Frederick K., and Krantz, John C., Jr. Relationship between potency and Baljet reaction of glycosides of digitalis, 14
- Bennett, A. L., and Chinburg, K. G. Effects of several local anesthetics on resting potential of isolated frog nerve, 72
- Bett, H. D., and Armbrust, K. E. Response of bone marrow explants to liver extract preparations, 382
- Blood plasma of rat, acetylcholine hydrolyzing activity of, Effect upon, of carbon tetrachloride induced liver injury, 109
- Bodansky, Oscar, and Tepperman, Jay. Role of hepatic detoxification in p-aminopropiophenone induced methemoglobinemia, 287
- Jandorf, Bernard J., and Sarett, Herbert P. Effect of oral administration of DDT on metabolism of glucose and pyruvic acid in rat tissues, 333
- Bone marrow explants, Response of, to liver extract preparations, 382
- Brauer, Ralph W., and Root, Mary A. Effect of carbon tetrachloride induced liver injury upon acetylcholine hydrolyzing activity of blood plasma of rat, 109
- Bueding, Ernest, and Jolliffe, Norman. Metabolism of TNT in vitro, 300
- Cahen, Raymond L. Anticonvulsant activity of alkylthioetherbarbiturates and phenylalkylthiomethylhydantoin, 343
- Caprylic and related fatty acids, sodium salts of, Production of cardiac arrhythmias in cats by, 221
- Carbamyl choline and choline, Nervous system changes produced in dogs by, 246
- Carbon tetrachloride induced liver injury, Effect of, upon acetylcholine hydrolyzing activity of blood plasma of rat, 109
- Cardiac arrhythmias, Production of, in cats by sodium salts of caprylic and related fatty acids, 221

- glycosides, known concentrations of, Response to, of hypodynamic myocardium, 1
- muscle metabolism in vitro, Effect on, of α -tocopherol phosphate, digitoxin and certain related compounds, 373
- Cattell, McKeen, Riker, Walter F., Jr., Huebner, Virginia R., and Raska, Sigwin B. Effects of DDT on oxidative metabolism, 327
- Chen, K. K., and Swanson, E. E. Comparison of pressor action of aliphatic amines, 10
- Chinburg, K. G., and Bennett, A. L. Effects of several local anesthetics on resting potential of isolated frog nerve, 72
- Chloroform and ether, Effect of, an activity of cholinesterase, 190
- Choline and carbamyl choline, Nervous system changes produced in dogs by, 246
- esters, relationship to, of direct action of prostigmine on skeletal muscle, 58
- Cholinesterase, activity of, Effect on, of chloroform and ether, 190
- Protection of, against irreversible inactivation by DFP in vitro, 232
- Citrinin, Some toxicological and pharmacological properties of, 173
- Davis, John Emerson. Hemolytic anemia as manifestation of paraphenylene-diamine toxicity, 133
- and Fletcher, D. E. Nervous system changes produced in dogs by choline and carbamyl choline, 246
- DDT, certain analogues and derivatives of, Pharmacologic action of, 359
- Effect of oral administration of, on metabolism of glucose and pyruvic acid in rat tissues, 333
- Effects of, on oxidative metabolism, 327
- Toxicity and toxic manifestations of, as influenced by chemical changes in molecule, 400
- Dearborn, Earl H., and Marshall, E. K., Jr. Comparison of drug-diet therapy with single daily oral dosage in avian malaria, 187
- and Marshall, E. K., Jr. Relation of plasma concentration of quinacrine to its antimalarial activity, 142
- deBoer, Benjamin. Effects of sodium succinate and sucrose diuresis upon pentobarbital anesthesia, 366
- de Eds, Floyd, and Ambrose, Anthony M. Some toxicological and pharmacological properties of citrinin, 173
- Deichmann, Wm. B., and Witherup, S. Observations on effects of trimethyl phosphate upon experimental animals, 338
- DFP and physostigmine, Synergisms and antagonisms between, in cats, 39
- Effect of, on normal human eyes, 238
- in vitro, Protection of cholinesterase from irreversible inactivation by, 232
- Ocular reactions of rabbits to, 23
- physostigmine, and other parasympathomimetic drugs, Action of, on rectus muscle of frog, 67
- poisoning in cats, Antidotes to, 34
- poisoning in rabbits, Treatment of, 27
- Digitalis, glycosides of, Relationship between potency and Baljet reaction of, 14
- Digitoxin and certain related compounds and α -tocopherol phosphate, Effect of, on cardiac muscle metabolism in vitro, 373
- 3,4 - Dimethyl - 5 - sulfanilamido-isoxazole, Pharmacological and chemotherapeutic properties of, 47
- Dimethylaminoethanol, methylaminoethanol, and related substances, Effect of, on isolated mammalian heart, 277
- Diuretic, organic mercurial, toxicity of, Influence on, of certain sulfhydryl compounds, 388
- Dosimetric method for biologically assaying inhaled substances, Application of, 195
- Epinephrine concentrations, fatal myocardial, Protective effect of adrenolytic drugs against, 268
- Ercoli, N., Soo-Hoo, G., Mangieri, C. N., Roe, M. D., Schnitzer, R. J., and Foster, R. H. K. Pharmacological and chemotherapeutic properties of 3,4-dimethyl-5-sulfanilamido-isoxazole, 47
- Ether and chloroform, Effect of, on activity of cholinesterase, 190
- Eyes, normal human, Effect on, of DFP, 238
- Farah, A., and Long, W. K. Influence of certain sulfhydryl compounds on tox-

- icity of organic mercurial diuretic, 388
- Uhle, Frederick C., and Kraye, Otto. Effect of methylaminoethanol, dimethylaminoethanol, and related substances on isolated mammalian heart, 277
- Featherstone, R. M., and Gross, E. G. Some pharmacologic properties of amino tetrazoles, 353
- Finnegan, J. K., Haag, H. B., Larson, P. S., and Schwartz, J. J. Biochemorphology of nicotine: effect of progressive degradation of pyrrolidine ring, 82
- Fletcher, D. E., and Davis, John E. Nervous system changes produced in dogs by choline and carbamyl choline, 246
- Foster, R. H. K., Ercoli, N., Soo-Hoo, G., Mangieri, C. N., Roe, M. D., and Schnitzer, R. J. Pharmacological and chemotherapeutic properties of 3,4-dimethyl-5-sulfanilamido-isoxazole, 47
- Gellhorn, Alfred, and van Dyke, H. B. Correlation between distribution of antimony in tissues and chemotherapeutic effect in experimental leishmaniasis, 162
- Gilman, Alfred, McNamara, Bernard P., and Koelle, George B. Treatment of DFP poisoning in rabbits, 27
- Glucose and pyruvic acid, metabolism of, in rat tissues, Effect on, of oral administration of DDT, 333
- Glycosides, cardiac, known concentrations of, Response to, of hypodynamic myocardium, 1
- Gold, Harry, and Krop, Stephen. Comparative study of several barbiturates with observations on irreversible neurological disturbances, 260
- Govier, Wm. M., Yanz, Naomi, and Grelis, Mary E. Effect of α -tocopherol phosphate, digitoxin and certain related compounds on cardiac muscle metabolism in vitro, 373
- Greenberg, Leon A., and Lester, David. Major metabolites of acetanilid appearing in urine, 87
- Grelis, Mary E., Govier, Wm. M., and Yanz, Naomi. Effect of α -tocopherol phosphate, digitoxin and certain related compounds on cardiac muscle metabolism in vitro, 373
- Gross, E. G., and Featherstone, R. M. Some pharmacologic properties of amino tetrazoles, 353
- Haag, H. B., and Ramsey, Helen. Synergism between barbiturates and ethyl alcohol, 313
- Larson, P. S., Schwartz, J. J., and Finnegan, J. K. Biochemorphology of nicotine: effect of progressive degradation of pyrrolidine ring, 82
- Hall, V. E., and Waldman, M. S. Toxicity of stabilizers for concentrated human albumin solutions, 221
- Hay, Eleanor C. Assay of renotropic activity of anterior pituitary, 208
- Heart depressants, Antagonism against, of tetraethylammonium, 136
- isolated mammalian, Effect on, of methylaminoethanol, dimethylaminoethanol, and related substances, 277
- Hepatic detoxification, Role of, in p-aminopropiophenone induced methemoglobinemia, 287
- Hexamethylenetetramine, prophylactic effect of, in dogs exposed to high concentrations of phosgene, 254
- Huebner, Virginia R., Raska, Sigwin B., Cattell, McKeen, and Riker, Walter F., Jr. Effect of DDT on oxidative metabolism, 327
- Humphreys, R. J., and Raab, W. Protective effect of adrenolytic drugs against fatal myocardial epinephrine concentrations, 268
- Jandorf, Bernard J., Sarett, Herbert P., and Bodansky, Oscar. Effect of oral administration of DDT on metabolism of glucose and pyruvic acid in rat tissues, 333
